SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridaCIMS.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida's DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A or B with at least one F in the prior three years
- Prevent – currently C
- Focus – currently D
 - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
 - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
 - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
 - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-D with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

Supportive Environment

School Mission and Vision

Provide the school's mission statement

The mission of Somerset Arts Academy is to integrate visual arts, dance, drama and music into a strong academic program to enhance instruction and improve learning for all students.

Provide the school's vision statement

The school will offer a unique curriculum which will allow students to acquire and apply refined arts knowledge and skills supplementing and enhancing the core academic areas preparing students to have an edge in global competitions.

School Environment

Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

All stakeholders at Somerset Arts Academy are encouraged to build relationships through daily activities in the classroom and as a school. Teachers are encouraged to constantly communicate with students and parents to not only promote success, but also meet all students needs. Through a student-driven approach to learning, teachers differentiate instruction to meet individual needs. Parents are encouraged to participate in school wide events and be involved in school-wide decision making processes, through participation in the EESAC committee, to meet school wide academic goals.

Describe how the school creates an environment where students feel safe and respected before, during and after school

Students feel safe at Somerset Arts Academy. Somerset Arts Academy has a zero tolerance approach to behavior. Students understand that the school will take appropriate action to keep all students safe through the use of the use School's Code of Conduct. Somerset Arts Academy promotes parent involvement to assist with a safe and secure learning environment. Expectations will be clearly communicated and documented throughout the school year.

Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

Every teacher at Somerset Arts Academy is expected to utilize a behavior management plan as well as communicate classroom expectations to all Stakeholders. Through progressive discipline, teachers will utilize the Code of Conduct to address student behavior and redirect when necessary. All parent, student and teacher communications will be documented. Parents are encouraged to familiarize themselves with the MDCPS Student Code of Conduct. We require that students and parents sign and return the Acknowledgment of Receipt and Review of the Student Code of Conduct.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

The school ensures that social-emotional needs of all students are being met, through the use of character development education. Teachers provide support and mentoring in the classroom as well as identifying behaviors that may need to be addressed at a deeper level. The school also keeps constant communication among the key stakeholders which include the student, teacher, parents and administration. When needed RTI/B is implemented and data collected is monitored. Somerset Academy Inc. will provide a counselor when intervention is needed beyond what the school can provide.

Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

Describe the school's early warning system and provide a list of the early warning indicators used in the system

The school's early warning system consists of constant communication between all stakeholders. Stakeholder's may include the general education teacher, the parents, and administration. All cases are dealt with on an individual basis and a plan is developed to meet the individual student's needs. The plan may involve one or more of the following:

*Truancy: Truancy is tracked and monitored through electronic gradebook. Truancy is communicated through the electronic grade book, ConnectEd, interim reports, report cards, and parent-teacher conferences. A truancy committee will work with the parent/student and implement district guidelines to address concerns.

*Behavior: The school will implement the MDCPS Code of Conduct to monitor and address student behaviors accordingly. Teachers will incorporate a behavior management in their class, as well as communicate behaviors through parent conferences, telephone conferences, detentions, referrals and suspensions. In the event that further intervention is needed a Functional Assessment of Behavior/Behavior Intervention Plan will be developed and implemented to address concerns.

*Academic Performance: The MTSS team will provide the school with the proper framework for effective MTSS. The framework will be aligned with the policies and procedures of the district, the school and the classroom. The team will meet frequently to discuss data derived from State Assessments, district assessments, unit tests and data from ongoing interventions to discuss the problem solving process and support planning, implementing, and evaluating effectiveness of services. The school will continuously communicate outcomes with stakeholders and celebrate successes frequently.

Provide the following data related to the school's early warning system

The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level						Total
	K	1	2	3	4	5	
Attendance below 90 percent	7	1	1	2	2	5	18
One or more suspensions	0	0	0	0	0	0	
Course failure in ELA or Math	6	1	2	6	2	13	30
Level 1 on statewide assessment	0	0	0	3	4	21	28

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level						Total
	K	1	2	3	4	5	
Students exhibiting two or more indicators	13	2	3	11	8	39	76

Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

The second level of support consists of supplemental instruction and interventions provided in addition to the students 90 minute reading block. Intervention is aligned with the implementation of an effective core instruction and behavioral supports to groups of targeted students who need additional instructional and/or behavioral support. Tier 2 problem solving meetings occur monthly to:

1. Review data for intervention groups to evaluate group and individual student response.
2. Support interventions where there is not an overall positive group response.
3. Select students utilizing SST guidelines, for SST Tier 3 intervention.

The school improvement plan (SIP) summarizes the school’s academic and behavioral goals for the year and describes the school’s plan to meet those goals. The school improvement plan strategies are closely examined to monitor the effectiveness of the intervention provided to all Tier 2 & Tier 3 students. Tier 2 & Tier 3 supports are provided to students who have not met proficiency or who are at risk of not meeting proficiency.

The intervention strategies employed by the school to improve the academic performance of students identified by the early warning system include before school tutoring, teacher led interventions utilizing McGraw Hill: WonderWorks, meetings to discuss student progress, computer based programs (iReady), response to intervention, and Functional Assessment of Behavior/Behavior Intervention Plan.

Family and Community Involvement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

Will the school use its PIP to satisfy this question?

No

PIP Link

The school completes a Parental Involvement Plan (PIP), which is available at the school site.

Description

The school holds Quarterly EESAC meetings, where parents will learn important information regarding the school's academic and extracurricular initiatives. We also send home a Year At A Glance Calendar, informing parents of our yearly events so that they can plan accordingly to attend and volunteer as well as a monthly calendar. We promote parent participation by requiring a minimum of 30 volunteer hours per family per school year. We are in constant communication with our parents through teacher websites and our school wide web page.

Most importantly, the school will promote parent involvement in the academic program by conducting parent nights through out the school year to inform and prepare parents for the implementation of the Florida Standards and the Florida Standards Assessment in the spring.

Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

Somerset Arts Academy prides itself in working closely with their community. This year they will work with Ms. Fairchaugh, Homestead's Education Committee Chairperson, to participate in more events in the community of Homestead. She will be invited, as well as other community members, to participate in school wide events to promote growth in our community.

Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Suarez, Idalia	Principal
Rodriguez, Laura	Assistant Principal
Lageyre, Michelle	Teacher, K-12
Cruz, Ximena	Instructional Coach
Mills, Janice	Teacher, K-12
Lorenzo, Nicole	Teacher, K-12

Duties

Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

The School Leadership Team has many roles and responsibilities to ensure the proper functioning of the school. These roles and responsibilities include the following:

*Idalia M. Suarez, Principal Oversees the overall functioning of the school concerning personnel, facilities, academics, activities, and budget. Principal will evaluate the effectiveness of the leadership team and staff by conducting walkthroughs, observations and data chats. Principal will conduct weekly leadership team meetings to discuss data, curriculum and concerns across all grade levels and content areas.

Laura Rodriguez-Serna, Lead Teacher will support the principal in areas concerning personnel, facilities, academic, activities and budget. Together with the principal, the lead teacher will evaluate the effectiveness of the school's academic program through walkthroughs, weekly monitoring of lesson plans, teacher professionalism, communication and Teacher Observations

*Ximena Cruz and Nicole Lorenzo, Curriculum coaches will support the principal and lead teachers in areas concerning curriculum and it's implementation school wide. They will provide professional development and PLC opportunities. They will support core instruction, implementation of intervention and modeling best practices to ensure students meet Florida State Standards. The curriculum coaches will also analyze data and conduct grade level data chats to develop data based instructions strategies throughout the academic school year. The coaches will also monitor the effectiveness of the school's program through frequent walkthroughs and will provide feedback as needed.

By implementing these responsibilities the school's leaders create and foster a positive school culture that is welcoming and promotes student success.

Janice Mills and Michelle Lageyre, as grade level chairpersons, provide immediate support within their grade levels and support the implementation of the school's academic program. They provide feedback and support to the leadership team to assist teachers by sharing best practices and resources.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

The school leadership team consist of key teachers from varying grades and subjects. The team meets monthly to discuss most recent data generated by FAIR, Interim Assessments, Progress Monitoring tools, and computer based program reports. The leadership team participates in yearly conferences to learn about new curriculum and resources that can be used to enhance the schools program. A property inventory log is used to organize current resources. leadership meetings, the team determines the best recourse, based on student data to purchase resources to support the implantation of Florida State Standards.

School Advisory Council (SAC)

Membership

Duties

Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

Evaluation of last year's school improvement plan

During the August 27, 2014 EESAC meeting, as reflected on the minutes, the committee reviewed available data and existing SIP to establish goals for the 2014-2015 school year. The committee

analyzed data to determine the effectiveness of the schools program and provided constructive feedback on proposed goals and strategies for the development of the 2014-2015 School Improvement Plan.

Development of this school improvement plan

The EESAC committee assist the leadership team with the development of the School Improvement Plan during the August 27, 2014 EESAC meeting, as reflected in the minutes. Through collaborative process, Stakeholders analyzed existing data reports to better develop goals and strategies. The committee will be responsible to review and evaluate the implementation and effectiveness of the SIP during every EESAC meeting. The EESAC will help prioritize student needs and recommend strategies to help improve those areas of need.

Preparation of the school's annual budget and plan

During the EESAC Meetings, the committee reviews the SIP to identify resources and materials to meet objectives and goals noted in the SIP for the 2014-2015 school year. The EESAC committee allocated a total of \$1,795.00 for resources, PD and parent workshops listed below:

- *FSA & LAFS Reading and Writing Workshop \$400.00
- *FSA Parent Workshop \$400.00
- *Purchase of iReady and tutoring materials for Tier 3 intervention \$995

Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

Science Fair Resource guides provided to all parents copies and materials \$100.00. Copies provided to all parents during orientation of the School's Code of Conduct will cost \$50.00. Notebooking and Inquiry based instruction in-house training and materials for all staff will cost \$100.00. McGraw Hill substitute coverage fee for teacher Professional Development of the new reading series will cost \$1,125.00.

Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

Yes

If the school is not in compliance, describe the measures being implemented to meet SAC requirements

Literacy Leadership Team (LLT)

Membership

Identify the name, email address and position title for each member of the school-based LLT.:

Name	Title
Suarez, Idalia	Principal
Rodriguez, Laura	Assistant Principal
Cruz, Ximena	Instructional Coach
Lageyre, Michelle	Teacher, K-12
Lorenzo, Nicole	Teacher, K-12
Mills, Janice	Teacher, K-12

Duties

Describe how the LLT promotes literacy within the school

A key factor to an individual school's success is the building leadership. The principal sets the tone as the school's instructional leader, reinforcing the positive and convincing the students, parents and teachers that all children can learn and improve academically. In essence, the school principal has the potential to have a great impact on student learning through his or her support of teachers and coaches. In order for principals to become instructional leaders, it is imperative that they understand the literacy challenges of the populations of students whom they serve. The reading/literacy coach is vital in the process of providing job embedded professional development at the school level. To describe the process for monitoring reading instruction at the school level, including the role of the principal and the reading coach, please address the following:

- The purpose of the Reading Leadership Team is to create capacity of reading knowledge within the school building and focus on areas of literacy concern across the school. The principal, reading coach, mentor reading teachers, content area teachers, and other principal appointees should serve on this team, which should meet at least once a month. What process will the principal use to form and maintain a Reading Leadership Team? Include the role of the principal and coach on the Reading Leadership team and how the principal will promote the Reading Leadership Team as an integral part of the school literacy process to build a culture of reading throughout the school.
- The principal selects team members for the Reading Leadership Team (RLT) based on a cross section of the faculty and administrative team that represents highly qualified professionals who are interested in serving to improve literacy instruction across the curriculum. The reading coach must be a member of the Reading Leadership Team. The team will meet monthly throughout the school year. School Reading Leadership Teams may choose to meet more often.
- Additionally, the principal may expand the RLT by encouraging personnel from various sources such as District and Regional support staff to join. The RLT maintains a connection to the school's Response to Intervention process by using the Rtl problem solving approach to ensure that a multi-tiered system of reading support is present and effective. order for the Literacy Leadership Team to promote literacy within the school, it is imperative they have a full understanding of the latest research and trends impacting reading, writing, language arts, and communication skills. The literacy team must be aware of the components of the K-12 Comprehensive Research-Based Reading Plan(K-12 CRRP). The Literacy Team will then share this knowledge with the staff, not limited to Language Arts teachers, but cross curricular so that literacy is not taught in isolation, but infused in all subject areas. The Literacy Team will hold various professional development opportunities to instruct teachers on how to effectively plan for instruction using the Language Arts Florida Standards, Item Specs and District Pacing Guides. The school will implement McGraw Hill as the core curriculum for reading and language arts instruction. The use of a reading diagnostic (STAR) allows teachers to measure students reading grade equivalence to target instruction and develop appropriate Differentiated Instruction Groups. The STAR Diagnostic Assessment will also provide data to start students on the Accelerated Reader program which is implemented school wide from Kinder to 5th grade. The Accelerated Reader program helps foster the love of reading and motivates students to want to read. Also, the school uses Reading Plus, Reading Eggs and MyOn Reader. The students are offered various incentives based on their goal making performance within the computer based programs offered at the school. The school implements data driven instruction based on data gathered from the FAIR, District provided Interim Assessments, weekly teacher made tests and reports pulled from our computer based resources. The LLT collects, analyzes and desegregates data, ongoing, throughout the school year. The teachers use this data provided to guide instruction.

Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

Somerset Arts Academy's strategy to encourage positive working relationship between teachers not only include collaborative planning within grade level on a weekly basis, but also grade level PLC's to look at

data and discuss curriculum and pacing guides and their effectiveness. Professional development opportunities through school sponsored PLC and workshops to drive instruction based on the new Florida State Standards.

Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

Somerset Arts Academy's strategy to recruit and retain highly qualified staff. Somerset Academy Inc. conducts a yearly Job Fair to recruit highly qualified teachers. Curriculum Coaches will provide continuous support and opportunities for Professional Development to help all teachers implement the strategies outlined in the School Improvement Plan. Professional development opportunities will not only be allowed but expected of all teachers to help develop their teaching strategies to meet the expectations outlined in the plan.

Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

Newly hired teachers will be paired with an experienced teacher to provide support for planning and to evaluate effectiveness of instruction. Qualifications for mentors will include but not limited to, holding a valid professional teaching certificate and being Highly Qualified. At least a minimum of three years of successful teaching experience and must be certified at the same level (e.g. primary, intermediate, etc.) or in the subject area as the new teacher. Assigned mentors will have mastery of pedagogical and subject matter skills. The mentor will demonstrate knowledge of content, materials, and methods that support high standards in the curriculum areas. They will also show evidence of effective teaching and student achievement gains. The mentor will make a commitment to personal professional learning demonstrated by frequent participation in professional development. The assigned mentor will also be an expert in accessing data resources and using data to analyze instruction.

Ambitious Instruction and Learning

Instructional Programs and Strategies

Instructional Programs

Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

The school ensures its core instructional programs and materials are aligned to Florida's standards. For English Language Arts (ELA) we have adopted the McGraw Hill: Wonders reading series for the core curriculum and intervention program, which is aligned with MDCPS pacing guides. The school will provide professional development in the effective implementation of the district pacing guides that are aligned with the LAFS. The school adopted the Houghton Mifflin: Go Math and utilize the MDCPS pacing guides to ensure the proper implementation of the MAFS. Houghton Mifflin: Science Fusion, a state adopted text, and Studies weekly was purchased to support the implementation of the next Generation Standards in Social Studies and Science.

Instructional Strategies

Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

The school uses data to provide and differentiate instruction to meet the diverse needs of students. Instruction is data driven and tailored to meet the needs of individual students. Teachers analyze data gathered from state and district assessments, as well as data from curricular based assessments, to

help determine the strengths and weaknesses of each student in their classroom. This way teachers gear their instructions towards the individual needs of students to get them obtain proficiency on required assessments. The instruction is supplemented by providing those students who are having difficulty attaining the proficient level with interventions.

Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Before School Program

Minutes added to school year: 3,840

In addition the 30 minutes intervention block provided by the homeroom general education teacher the students will adopted the strategy of increased learning time or extended learning opportunities as a means to move more students toward performing at or above grade level. The school will offer before school tutoring to all students in that have been identified and placed in tier 2.

Strategy Rationale

This strategy will be implemented in order to help those identified tier 2 and tier 3 students achieve academic proficiency in state mandated assessments.

Strategy Purpose(s)

- Teacher collaboration, planning and professional development

Person(s) responsible for monitoring implementation of the strategy

Cruz, Ximena, xcruz@somersetcityarts.com

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

The Before School tutoring program will be monitoring student progress through the use of Mini Benchmark Assessment and weekly assessments. The school purchased the I-Ready Common Core Coach curriculum to support the tutoring program. Students will be evaluated weekly to monitor the effectiveness of the program. A data matrix will be used to identify and determine the effectiveness of the strategies being utilized during tutoring and to better target instruction during the tutoring session. The end of the year assessment scores will also be used to determine effectiveness of the tutoring program and determine student academic growth.

Student Transition and Readiness

PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

The school invites all families to an orientation so that families may familiarize themselves with the school. Also, weekly tours of the school are scheduled with families who are interested in attending the school. For our outgoing students, neighboring sisters schools, such as Somerset Academy Country Palms Middle and Somerset Academy South Homestead Middle and High will be invited to an assembly to describe their program and answer questions. Parents and student will also be invited to a Curriculum Fair to promote and recruit students to their program.

College and Career Readiness

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

N/A

Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

N/A

Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

Strategic Goals Summary

- G1.** Incorporate writing across all content areas.
- G2.** The school will improve attendance, behavior, and achievement indicated by the EWS
- G3.** Our STEM goal for the 2014-2015 school year is to increase student participation in our STEM related activities.
- G4.** Our goal is to increase parental involvement in students academics performance.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), resources available to support movement toward the goal, barriers to achieving the goal, and the plan for monitoring progress toward the goal

G1. Incorporate writing across all content areas. 1a

G042399

Targets Supported 1b

Indicator	Annual Target
AMO Reading - All Students	79.0
AMO Math - All Students	79.0
FCAT 2.0 Science Proficiency	50.0
FAA Writing Proficiency	62.0

Resources Available to Support the Goal 2

- McGraw- Hill Wonder Reading Series
- Reading/Writing Workshops
- Writers Notebook
- Science Journal
- Readers Notebook
- Math Notebook

Targeted Barriers to Achieving the Goal 3

- ELA Students are unfamiliar with the writing process they are expected to complete and master along with having limited knowledge on the new Florida Standards.
- Math students are unfamiliar new concept of open response questions rather than multiple choice.
- Science: According to the 2013-2014 state standardized assessment, students demonstrated deficiency in the area of life science and in the nature of science
- Writing: Students demonstrated deficiency in the writing process.

Schedule

On 6/4/2015

Evidence of Completion

Email records, flyers, calendars and App records will be collected as evidence of communicating the event to all stakeholders.

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.
