School Board Approval

This plan is pending approval by the Clay County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

Table of Contents

Purpose and Outline of the SIP	4
Differentiated Accountability	5
Current School Status	8
8-Step Planning and Problem Solving Implementation	17
Goals Summary	17
Goals Detail	17
Action Plan for Improvement	20
Appendix 1: Implementation Timeline	25
Appendix 2: Professional Development and Technical Assistance Outlines	26
Professional Development Opportunities	27
Technical Assistance Items	28
Appendix 3: Budget to Support Goals	29

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida’s Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida’s DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A or B with at least one F in the prior three years
- Prevent – currently C
- Focus – currently D
 - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
 - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
 - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
 - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-D with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

2014-15 DA Category and Statuses

DA Category	Region	RED
Not In DA	2	Wayne Green
Former F	Turnaround Status

Part I: Current School Status

Supportive Environment

School Mission and Vision

Provide the school's mission statement

Orange Park Junior High's mission is to work collaboratively with all stakeholders to provide a public education experience that is motivating, challenging and rewarding for all students. We will increase student achievement by providing students with learning opportunities that are rigorous, relevant and go beyond the boundaries of the school's walls. We will ensure a working and learning environment built upon honesty, integrity and respect. Through these values, we will maximize student potential and promote individual responsibility.

Provide the school's vision statement

Orange Park Junior High exists to prepare life-long learners for success in a global and competitive workplace and in acquiring applicable life skills.

School Environment

Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

Orange Park Junior High uses a variety of means to learn about students' cultures and to build relationships between students and teachers.

1. At the beginning of every school year we hold an Orientation and an Open House. These are used to build the foundational bridge between the school, the students and the parents and guardians.
2. The school also uses our Graduation Success Team tutoring sessions to foster education and better relationships between the staff, students and parents/guardians.
3. The school sponsors events during the year that are meant to foster esprit de corps and faculty/student relationships.
4. A number of teachers give questionnaires out at the beginning of the year to find out more about their students and the students' home life.

Describe how the school creates an environment where students feel safe and respected before, during and after school

The school provides student supervision in the morning starting at 0840 until school starts at 0925. The school also provides a mechanism for students to report incidents that are occurring or will occur. The school also has an open door policy for guidance and social workers, as well as a liaison from the military to provide students avenues of problem solving.

Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

OPJH reinforces a positive behavioral process—Class expectations are posted in all classrooms outlining the steps in assertive discipline.

The Foundations Team in the 2014-15 school year is starting with an emphasis on ISS procedures. Along with the ISS assistant, committee members are looking to structure the format to help ensure time is used productively and teachers receive prepared classwork.. Team members look to tackle the tardy issue this school year also. The ultimate goal is to reduce the number of discipline referrals

and thus reduce the number of students assigned to ISS. We look to help students actually stay in their classroom receiving instruction from the teacher.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

Orange Park Junior High School promotes student success through a focus on academic achievement, prevention and intervention activities, advocacy, and social/personal/ emotional and career development.

OPJH provides individual counseling and advisement to help students set personal goals and develop future plans that include conflict resolution, identity development, and other student concerns, such as cultural adjustment, learning a new language, social class, racism, substance use, grades, and peer pressure. Our guidance department also provides the following:

- Academic advisement in the areas of course selection, remediation needs, accelerated mechanisms, Major Areas of Interest (MAIs), graduation requirements, postsecondary school admission requirements, and study skills
- Consultation—working with administrators, teachers, and staff to meet student needs; e.g., teaching staff about various student issues, such as suicide and loss
- Student appraisal—coordinating information that goes into confidential student files and interpreting the information to help qualify students for special programs, services, and/or remediation
- Parent help—meeting individually and in groups with parents and providing resources and information on child development and other specific topics
- Referral—providing referrals to appropriate professionals in the schools and in the outside community
- Problem-Solving/Response to Intervention (MTSS)—participating on a school-based problem-solving team with other professionals from different disciplines to use student-centered data to identify needs and assess the impact of academic and/or behavior instruction/intervention
- Program planning, management, and coordinating work of various school personnel, parents, and other interested parties in the implementation of the school counseling program
- Career development—developing and implementing career awareness, exploration, and planning as part of the school counseling curriculum (e.g., participation in middle grades career and planning course implementation)
- Change agent for the school atmosphere
- Student advocate in meetings with teachers and staff
- Classroom observations on behaviors and relationships so that feedback can be provided to teacher, students, and parents
- Public relations—informing school staff, parents, teachers, students, and community members about the important role of the school counselor and the significance of the school counseling program.
- Local research—identifying student population characteristics, such as drug use on campus
- Student Screening—interviewing new students, etc.
- Staff development—focusing around particular issues of student needs
- Using data to show the impact of the school counseling program on school improvement and student achievement

Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

Describe the school's early warning system and provide a list of the early warning indicators used in the system

The early warning system will include the following early warning indicators:

- A. Attendance below 90%, regardless of whether the absence is excused or not

- B. One or more suspensions, whether in or out of school
- C. Course failure in English Language Arts or Mathematics
- D. A Level 1 score on the statewide standardized assessments in English Language Arts or Mathematics.

Provide the following data related to the school's early warning system

The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level		Total
	7	8	
Attendance below 90 percent	5	16	21
One or more suspensions	2	38	40
Course failure in ELA or Math	2	7	9
Level 1 on statewide assessment	5	32	37

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level		Total
	7	8	
Students exhibiting two or more indicators	7	40	47

Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

Intervention Strategies:

1. Attendance
 - Attendance Contract
 - Doctor's Note
 - Social Worker Reference
2. Grades
 - Tutoring
 - Remediation
3. Discipline
 - Behavior Contract
4. Testing
 - Intensive Reading

Family and Community Involvement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

Will the school use its PIP to satisfy this question?

No

PIP Link

The school completes a Parental Involvement Plan (PIP), which is available at the school site.

Description

1. Beginning of the year orientation
2. Monthly school newspapers
3. Parent night throughout the year
4. Teachers send home regular correspondence
5. School website is constantly updated to reflect the most recent events

Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

The school has been hosting luncheons for the Orange Park Rotary club for a number of years. The school also has recently built a relationship with Waste Not Want Not. This relationship was built so that the school could help provide our neediest students with extra food and supplies that they need in order to maintain a healthy lifestyle. This in turn fosters a feeling of caring and compassion and also increases the chances of the students being successful in school because they know that they are not going to be hungry during the school day or over the weekend. The school also partnered with a local U.S. Navy unit and other volunteers to start a tutoring program that runs every Wednesday morning and rotating Wednesday afternoons throughout the school year. The school also actively participates in the Take Stock in Children program.

Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Orsi, Joyce	Principal
De Jesus, Al	Assistant Principal
Johnson, Angela	Assistant Principal
Eason, Jarrod	SAC Member
Shively, Rebekah	Instructional Media
Kivett, Mary	Guidance Counselor
Burke, Eric	Teacher, K-12
Cheatwood, Cynthia	Teacher, K-12
Occhiogrosso, Sheila	Teacher, K-12
Poag, Carrie	Teacher, ESE
Goddard, Chris	Teacher, K-12

Duties

Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

The function of the School-Based Leadership Team (SBLT) is to analyze school-wide data to determine the effectiveness of Tier 1 instruction for all students. Data to be analyzed includes K-2 FAIR, 3-12 Performance Matters benchmark assessments, and formal assessments such as FCAT 2.0 and high school EOCs. The principal is the leader of the meeting. Assistant principals attend the

meetings in a support role for the principal. The reading/intervention coach serves to suggest effective interventions for Tier 1 instructional needs. The Intervention Team Facilitator is present to help ensure that the district's MTSS plan is followed. Lead teachers sometimes serve on the SBLT as a liaison to other teachers in their grade/content area grouping.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

All K-10 and level 1 & 2 11th and 12th grade students will take a benchmark assessment 3 times per year. School-based leadership teams will meet after each assessment period to review student data. Quality of Tier 1 instruction will be analyzed within these meetings. Coaches are in place at each school and will focus upon supporting quality Tier 1 instruction in all content areas. Administrators will meet monthly with all grade level/content area teams. At these monthly meetings, administrators and teachers will look at specific student data and will initiate Tier 2 or Tier 3 plans for those students who are struggling to meet grade level / course expectations. These monthly meetings will focus on student achievement and the provision of appropriate, effective interventions. District and school resources will be allocated based upon individual student needs.

School Advisory Council (SAC)

Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Jarrold Eason	Teacher
Joyce Orsi	Principal
Myrtyle Smiley	Education Support Employee
Denise Turner	Education Support Employee
Dr. Rebekah Shively	Teacher
Jamie Salem	Teacher
Brad Zaner	Teacher
Mary Kivett	Teacher
Gerry Hiers	Parent
Monica Sommer	Parent
Jendayi Mitchell	Parent
Shannon Peterson	Parent
Ronald Bays	Parent
Brooke Melton	Parent
Trina Roberson	Parent
Johana Burris	Parent
Ann Spadea	Parent
Al De Jesus	Principal

Duties

Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

Evaluation of last year's school improvement plan

Overall the school improvement plan helped to increase the overall performance on last years standardized test performance. The school saw increases in 6 of the 10 scored areas. There is still a need to address the other 4 areas and bring the scores up to show improvements across the board.

Development of this school improvement plan

The SAC members are integral in the development of the SIP. They input ideas and suggestions for areas of improvement. School based members are responsible for pulling data to use as a basis for where monies should be spent. Staff feedback is gained through surveys and postings, and a final vote of committee members make the final decision as to where money will be appropriated.

Preparation of the school's annual budget and plan

The schools budget is prepared annually from collaboration between administration and the School Advisory Committee.

Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

Projects to be put to the board will include, but not limited to: School wide novel (Ungifted) used for Common Core instruction during the reading block. Money designated for student planners for organization, rules, and assignment recording. Paper for copier that is for school use only.

Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

Yes

If the school is not in compliance, describe the measures being implemented to meet SAC requirements

Literacy Leadership Team (LLT)

Membership

Identify the name, email address and position title for each member of the school-based LLT.:

Name	Title
De Jesus, Al	Assistant Principal
Johnson, Angela	Assistant Principal
Shively, Rebekah	Instructional Media
Salem, Jamison	Instructional Coach
Morano, Jessica	Teacher, K-12
Orsi, Joyce	Principal
Kivett, Mary	Guidance Counselor
Poag, Carrie	Teacher, ESE

Duties

Describe how the LLT promotes literacy within the school

The major literacy initiatives implemented this year will be Reading/Writing Time—a school wide read aloud and writing project tied to the study of a novel. The novels will change quarterly, reading and

writing time will occur every day for twenty-five minutes in the middle of the day. The lesson plans for the novel and ancillary writing and literacy assignments are written by the media specialist. Also, we are continuing to emphasize content area literacy. This will be done through the implementation of content specific vocabulary study in science, math and social studies. Additionally, we are implementing the "Step Up to Writing" instruction in all language arts and math classes.

Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

The school has gone to a common planning model that includes weekly PLC meetings. Teachers meet with their respective grade levels and subject areas to come up with ideas and lessons that will be implemented during the week and then reviewed at the following week's PLC meetings. Depending on the week, the PLC meetings will also involve subject department wide discussions on how to improve classroom learning and teaching techniques.

Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

The Clay County School District will continue to send recruitment teams to career/recruitment fairs annually. The Clay County School District will also investigate the usefulness of conducting its own District Teacher Recruitment Fair to be held in 2014.

Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

New teachers are paired with peer teacher in the same content area. Peer teacher is responsible for assisting new teacher with planning and developing lessons. In addition, new teachers shadow others in their content areas.

Ambitious Instruction and Learning

Instructional Programs and Strategies

Instructional Programs

Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

Curriculum maps, informal observations, Lesson plans, PLC logs

Instructional Strategies

Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

New framework
PLC Logs question 3
Data meetings
Achieve 3000 read at instructional level
Carnegie Math

Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Extended School Day

Minutes added to school year: 105

The Graduation Success Team will be for students who need homework help and tutoring. It will be held in the Media Center every Wednesday in the AM from 8:30-9:15, and 4:00-5:00 PM. This is open to any student.

Strategy Rationale

The Graduation Success Team joins struggling OPJH students with Navy mentors and academic teachers in the effort to get grades and self esteem on the right track!

The program sets aside time every Wednesday to extend the school day in the morning and the afternoon which allows students the time to visit with the mentors and tutors. In addition, students can use the computers and Media Center for research, homework, or to check their grades on Focus.

The program started in 2012 when a core group of teachers stepped forward to volunteer their time and energy to the project. Things really fell into place when the Jacksonville Naval Air Station First Class Association of the Fleet Readiness Center SE, pledged to "adopt our school" and provide volunteers for mentoring, fundraising, and campus beautification purposes.

Over 800 students have utilized the program over the past two and a half years while Navy and school volunteers have contributed over 1,000 plus total volunteer hours.

The program has just started again for the 2014-2015 school year. Students with high attendance will receive quarterly rewards and students who have the highest attendance all year will receive a special treat in the spring.

Strategy Purpose(s)

- Core Academic Instruction
- Enrichment

Person(s) responsible for monitoring implementation of the strategy

De Jesus, Al, adejesus@oneclay.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Sign in sheets

Student Transition and Readiness

PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

1. Academies
2. Career planning
3. Guidance to elementary schools

College and Career Readiness

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

Each Fall, guidance counselors collaborate with the eighth grade social studies teachers through classroom guidance incorporating the Choices program. At this time, students are introduced to the high school graduation requirements and to the various academies throughout the county. Each eighth grader is taught self-evaluation techniques to review study habits, motivation and interests when choosing courses to incorporate into the individual 4-Year Plan, and when designating a particular "program of study" for grades 9-12. In the Spring, guidance counselors visit the elementary schools to talk with incoming seventh graders regarding elective options and academic expectations at the junior high level. At this time, counselors also meet with the sixth grade teachers at the "feeder" elementary schools to inform of any new course offerings as well as changes in the teacher recommendation procedures. Guidance also meets with the OPJH teachers prior to registration regarding new course information and recommendations for students. Counselors are available to meet individually with parents and/or students requesting more specific information or one-on-one advisement. In these personal advisement sessions, counselors review student data such as grades, test scores, interest inventory feedback, general and specific career goals, etc. to help guide students and parents in making appropriate educational decisions. Each Spring, for the eighth grade students advancing to ninth grade, OPJH coordinates visits from counselors of the feeder high schools to provide valuable information pertaining to graduation requirements, registration, as well as the academy expectations.

Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

Applied and integrated courses help students to see and understand the relevant relationships between academic and career/technical subjects and their futures. Orange Park Junior High School applies and integrates courses to help students see the relationships between subjects and relevance.

Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

Each year the 8th grade Social Studies teachers complete a County unit plan designed to give students an insight into their futures and lays the groundwork for them to prepare for their job goals of the future. This year the school has also been a Career and Academies liaison, Leslie Olsen, that will visit the school on a regular basis to give students assistance in planning for the future and help them understand the County's academies and the process to get into the academies.

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes

N/A

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Problem Solving Key

G = Goal

B =
Barrier

S = Strategy

1 = Problem Solving Step **S123456** = Quick Key

Strategic Goals Summary

- G1.** Teachers will implement the framework for intentional teaching to engage all students.
- G2.** Students will be able to cite evidence in writing to support thinking through writing in all content areas.
- G3.** Increase students' reading comprehension.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), resources available to support movement toward the goal, barriers to achieving the goal, and the plan for monitoring progress toward the goal

G1. Teachers will implement the framework for intentional teaching to engage all students. 1a

G043020

Targets Supported 1b

Indicator	Annual Target
