SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida’s Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida’s DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A or B with at least one F in the prior three years
- Prevent – currently C
- Focus – currently D
 - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
 - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
 - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
 - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-D with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

Supportive Environment

School Mission and Vision

Provide the school's mission statement

The mission of Fienberg-Fisher K8 Center, in partnership with our families and diverse community, is to develop healthy, civic minded, innovative individuals. It is our goal to empower students to reach their maximum potential and become caring, reflective, life-long learners with a balanced international perspective and a sense of social responsibility.

Provide the school's vision statement

At Fienberg-Fisher K-8 Center we envision a safe, nurturing, healthy and sensitive atmosphere where students can learn and grow to become productive citizens in our multicultural world. At our beautiful unique and historically preserved campus teachers, parents, and staff work cooperatively with community in a collaborative mode to address the needs of each student and assist them in meeting the challenging goals addressed in our internationally based curriculum. Concerned and supportive parents, working together with qualified staff members and strong school and community leaders continuously strive to improve students' skills and instill in them a positive, accepting and no-fault attitude, ensuring that "no child is left behind". The adult education program prepares students for the world of work and society in a multicultural diverse world through vocational and workforce development classes. Family literacy is emphasized to all the families of Fienberg-Fisher K-8 Center.

School Environment

Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

At Fienberg-Fisher K-8 Center the faculty and staff is as diverse as our student population and we use this to our advantage. Our student cultures include Middle Eastern, Haitian-Creole, Dutch, Bulgarian, Philippine, Turkish, Italian, French, Brazilian, Portuguese, Spanish, and Hispanic. Whenever possible students new to the United States are paired with faculty that speaks their mother language in order to transition smoothly. We utilize the M-DCPS Division of Social Studies and Life Skills provided information to participate in activities with our students in various ways including lessons, contests, and field trips.

Describe how the school creates an environment where students feel safe and respected before, during and after school

Faculty and staff at Fienberg-Fisher K-8 Center feel that it is important to foster a learning environment in which students feel safe, relaxed, and willing to take risks. Students often describe supportive learning environments as expanding their sense of family and enhancing their self-esteem, which, when combined with increased literacy skills, help students take more chances in pursuing their goals. Before school elementary students are organized by grade level in an area on the Physical Education hard court and middle grade students are organized in the Children of the World Park. Allowing for students to interact with their similar grade level peers. During school, teachers use pair work, as well as small-group and whole-class activities, beginning the first day of class to help students get acquainted, and provide ongoing opportunities for students to form connections in order minimize incidents. Further, FFK8 has a large special needs population, thus, we have a Best Buddies Club that pairs regular ed students with special needs students to create familiarity and understanding. After school, there are a variety of programs and extra-curricular activities offered for

students to participate including the Boys and Girls Club, Police Athletic League, Sunshine Art Society, Chorus, and Rock Ensemble.

Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

Every teacher at FFK8 has an individual classroom Progressive Discipline Plan that includes parent involvement. When this plan is implemented, some behaviors may be escalated for administrative support. The administration employs the Alternate to Suspension Plan program whenever possible. Teachers of students with emotional disabilities in grades K through 8 are provided additional training to support positive behavioral outcomes. These students are placed on a Behavioral Plan to increase the possibility of success in behavior and their teachers use Applied Behavioral Analysis (ABA) techniques to support their success. Middle grade students are rewarded by grade level with Lunch Time in an open area outside the cafeteria to reinforce positive behaviors. Additionally, every month each homeroom, K through 8, chooses an International Baccalaureate (IB) student of the month. These students are chosen by their homeroom teacher and/or class as demonstrating international mindedness through the ten IB Learner Profile Attributes. These students are given certificates monthly and allowed to have lunch with school administration quarterly.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

Our school has one counselor, one TRUST Specialist, a visiting Social Worker, a behavioral management teacher, and a visiting school psychologist. Additionally, we house a full-service clinic sponsored by the Children's Trust Fund of Miami-Dade County on our campus. All students have access to counseling services; they can request to see a counselor at any time. Also, both counselors are scheduled to visit the cafeteria during lunch; this gives students a chance to approach the counselors without having to ask a teacher. While at FFK8 we do not have a significant bullying problem, we realize it can be an issue. Therefore, we provide "Bullying Boxes" in both offices for students to report anonymously. There are established "safe zones" where the middle grade students have painted "No Bullying Benches" for all students to use. Annually, we invite local agencies to come in and discuss various subjects including, Walk Safe, Stranger Danger, Vision Screening, Sexting Concerns, Bullying Concerns, and Red Ribbon Drug Free activities.

Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

Describe the school's early warning system and provide a list of the early warning indicators used in the system

Fienberg-Fisher K-8 Center utilizes various strategies to identify students "At-Risk" for leaving the school system without graduating, specifically, the M-DCPS Student Assistance Profile Report. The report identifies students with two or more Early Warning System concerns. The following is a list of indicators used on that list:

- Students who miss more than 10% of instructional time
- Students who have failed ELA and/or Math class.
- Student who have obtained a Level 1 on ELA and/or Math FCAT
- Students that are not proficient in Reading by Grade 3.
- Students that have been retained
- Students that fail two or more courses
- Students that have been suspended

Provide the following data related to the school's early warning system

The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level									Total
	K	1	2	3	4	5	6	7	8	
Attendance below 90 percent	18	9	5	13	7	8	11	7	7	85
One or more suspensions	0	0	0	0	2	1	2	10	3	18
Course failure in ELA or Math	8	16	9	20	18	7	42	9	10	139
Level 1 on statewide assessment	0	0	0	63	68	32	50	40	32	285

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level								Total
	1	2	3	4	5	6	7	8	
Students exhibiting two or more indicators	2	1	7	5	12	7	19	7	60

Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

- Our Attendance Committee meets quarterly with the parents of truant students. Students are identified once they have achieved ten unexcused absences. The committee notifies parents of the academic consequences for non-regular attendance and establishes strategies for more consistent attendance.
- Students who have failed ELA and/or Math are allowed course recovery in the Middle grade classes and in the Elementary are allowed tutoring to increase their ELA and/or Math skills.
- Students that are not proficient in reading by Grade 3 are identified by achieving a Level 1 on the state summative assessment and are retained in Grade 3 by law. Those students are provided Response to Intervention (RtI) services and a Students Services Team (SST) is convened to address the student's individual academic needs.
- Students who have failed two or more courses are allowed course recovery in the Middle grades.
- Students that have been suspended indoor and outdoor have counseling to address behavior problems. Additionally, administration meets with parents to support positive behavioral outcomes. Student that have behavioral disabilities are placed on a behavioral plan to support their individual success.

Family and Community Involvement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

Will the school use its PIP to satisfy this question?

Yes

PIP Link

The school completes a Parental Involvement Plan (PIP), which is accessible through the Continuous Improvement Management System (CIMS) at <https://www.floridacims.org/documents/200708>.

Description

A PIP has been uploaded for this school or district - see the link above.

Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

At FFK8 our school principal establishes community partnerships with the various businesses in the City of Miami Beach area. The principal or a representative attends City of Miami Beach Quality Of Education Committee meetings in order to communicate what is going on at our school and to receive information regarding education in the neighboring area. The Trust Specialist is our Dade Partner Liaison and establishes relationships with the local businesses to provide various resources including presenters for career day, vision services, and dental services. The Guidance Counselor is tasked with managing our Volunteer Program including supporting parents and outside community with the support they need to register and complete the background check. Our Community Involvement Specialist (CIS) runs our Parent Resource Room and provides activities throughout the school year to aid parents in supporting their child’s education.

Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Costa, Maria	Principal
Murphy, Mary	Assistant Principal
Marrero, Aisha	Assistant Principal
Klahr, Danielle	Instructional Coach
Jeanbaptiste, Pierre	Teacher, K-12
Maguire-Stebenne, Jessie	Guidance Counselor
Torres, Fredeswinda	Guidance Counselor
Tappert, Natalie	Teacher, ESE
Cardoso, Yesenia	Teacher, K-12

Duties

Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

Team Members – We have considered the following individuals for the school’s MTSS/Rtl Team:

- Administrators- who will insure commitment and allocate resources
- Teachers and Coaches who share the common goal of improving instruction
- Team members who will work to build staff support, internal capacity, and sustainability over time.

2. The school’s Leadership Team will include additional personnel as resources to the team, based on specific problems or concerns, such as :

- School math, science and behavioral specialists

Ana Byrd, Renee Carrillo, Marcela Marcos, Sarah Burrows, Jessie Stebenne-Maguire, Fredeswinda Torres

- Special Education personnel
Ingrid Whalen

- School guidance counselor
Fredeswinda Torres
- School psychologist
Elizabeth Monestime
- School social worker
Ariel Orta
- Member of Advisory group
Pierrela Jeanbaptiste
- Community Stakeholder
Maria Cruz

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

MTSS/Rtl is a general education initiative in which levels of support (resources) are allocated in direct proportion to student needs. The MTSS/Rtl levels of interventions are usually thought of as tiers.

- The first level of support is the core instructional and behavioral methodologies, practices, and supports designed for all students in the general curriculum.
- The second level of support consists of supplemental instruction and interventions that are provided in addition to and in alignment with the effective core instruction and behavioral supports to groups of targeted students who need additional instruction and/or behavioral support.
- The third level of support consists of intensive instructional and or behavioral interventions that are provided in addition to and in alignment with the effective core instruction and the supplemental instruction and interventions with the goal of increasing an individual's student's rate of progress academically and/or behaviorally. There will be an ongoing evaluation method established for services at each tier to monitor the effectiveness of meeting school goals and student growth as measured by benchmark and progress monitoring data.

Title I, Part A

Services are provided to ensure students requiring additional remediation are assisted through after-school programs or summer school. The district coordinates with Title II and Title III in ensuring staff development needs are provided. Support services are provided to secondary students. Curriculum Coaches develop, lead, and evaluate school core content standards/programs; identify and analyze existing literature on scientifically based curriculum/behavior assessment and intervention approaches. They identify systematic patterns of student need while working with district personnel to identify appropriate, evidence-based intervention strategies; assist with whole school screening programs that provide early intervening services for children to be considered "at risk;" assist in the design and implementation for progress monitoring, data collection, and data analysis; participate in the design and delivery of professional development; and provide support for assessment and implementation monitoring. Other components that are integrated into the school-wide program include an extensive Parental Involvement Program; Supplemental Educational Services; and special support services to special needs populations such as homeless, migrant, and neglected and delinquent students

Title I, Part C- Migrant

The school provides services and support to migrant students and parents. The District Migrant Liaison coordinates with Title I and other programs and conducts a comprehensive needs assessment of migrant students to ensure that the unique needs of migrant students are met.

Title III

Title III funds are used to supplement and enhance the programs for ELL and immigrant students by providing these services: Parent Outreach Activities and behavioral/mental counseling services.

Title X- Homeless

Homeless: Safe and Drug Free Schools: District receives funds for programs (Red Ribbon Week, Mentors at Middle Schools, etc.) that support prevention of violence in and around the school. These programs prevent the use of alcohol, tobacco, drugs and foster a safe, drug free learning environment supporting student achievement.

Supplemental Academic Instruction (SAI)

Fienberg-Fisher will receive funding from Supplemental Academic Instruction (SAI) as part of its Florida Education Finance Program (FEFP) allocation.

Nutrition Programs

1) The school adheres to and implements the nutrition requirements stated in the District Wellness Policy.

2) Nutrition education as per state statute is taught through physical education.

3) The School Fund Service Program, school breakfast, school lunch, and after care snacks, follows the Healthy Food and Beverage Guidelines as adopted in the District Wellness Policy. Our school is also for part of the Alliance for a Healthier Generation initiative which impacts the physical, wellness of students and staff. The school encourages students and staff to make healthier lifestyle choices by providing healthier food choices in the cafeteria and staff lounge. We also provide after school physical fitness classes for students and staff.

4) The school has been awarded Bronze Level in the Health Schools rating program

Head Start

The Head Start Program is now part of our school community. Activities, including professional development and transition processes are now lead by Fienberg-Fisher K8 Center. Parent classes in support for Kindergarten preparation are offered by the Community Liaison and IB PYP Coordinator. The Summer VPK program will be provided at the school's Head Start sites.

School Advisory Council (SAC)

Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Maria Cruz	Business/Community
Maria G. Zabala	Principal
Marjorie York	Business/Community
Denis Russ	Business/Community
Lisa Barron	Teacher
Pierrela Jeanbaptiste	Teacher

Marta Fidalgo	Parent
Ileana Recinos	Parent
Natalia Heredia	Parent
Rosana Navarro	Parent
Jessica Rechani	Parent
Kimberly Kaiser	Parent
Ivette Birba	Parent
Maya Paiz	Student

Duties

Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

Evaluation of last year's school improvement plan

The EESAC met and discussed/evaluated the school's academic data relating to Reading, Mathematics, Writing and Science. The EESAC also reviewed the FFK8 activities regarding Parental Involvement, Attendance, and Suspensions. Though the budget concerns are discussed at the regular monthly EESAC meeting, for school improvement the budget was reviewed also. These areas were revisited midyear by the EESAC in order to update the strategies and targets for our midyear review of the School Improvement Plan.

Development of this school improvement plan

The EESAC is involved in the preparation and evaluation of the school improvement plan. EESAC is the sole body responsible for the final decision-making at the school related to the implementation of the school improvement plan. The School Advisory Council meets monthly to review, evaluate and discuss the school budget to ensure the proper spending of the fiscal school year budget towards student tutorial programs, teacher training, instructional materials, technology and additional support staff. Separate committees are formed to assist the school advisory council in the preparation of the School Improvement Plan. Such committees include Reading, Writing, Mathematics, Science, Parental Involvement and Discipline and Safety.

Preparation of the school's annual budget and plan

The EESAC advises the principal in the development of the school's budget. The Fienberg-Fisher K-8 Center budget is discussed at the monthly meetings and changes to the budget are discussed regularly. A portion of the school's budget, an allocation of \$5.00 for every FTE in the school, is controlled directly by the EESAC. All stakeholders are given an opportunity to vote or come to consensus about how these funds are allocated.

Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

After voting to allocate those funds for this year, a consensus was reached to utilize the funds to purchase hourly personnel for after school and in school tutorials in accordance with the strategies delineated in the SIP. Specifically to support Title I funds to purchase tutoring after school on Mondays, Tuesdays, and Thursdays.

Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

Yes

If the school is not in compliance, describe the measures being implemented to meet SAC requirements

Literacy Leadership Team (LLT)

Membership

Identify the name, email address and position title for each member of the school-based LLT.:

Name	Title
Costa, Maria	Principal
Murphy, Mary	Assistant Principal
Marrero, Aisha	Assistant Principal
Klahr, Danielle	Instructional Coach
Tappert, Natalie	Teacher, ESE
Torres, Fredeswinda	Guidance Counselor
Maguire-Stebenne, Jessie	Guidance Counselor
Morhaim, Jenna	Psychologist
Orta, Ariel	Attendance/Social Work
Cruz, Maria	SAC Member
Jeanbaptiste, Pierrela	Teacher, K-12

Duties

Describe how the LLT promotes literacy within the school

A Literacy Leadership Team is a collaborative system that encourages a literate climate to support effective teaching and learning. What will be the major initiatives of the LLT this year.

- Build a learning community of committed, school-based professionals
- Study scientifically based reading research
- Develop a school-based literacy plan of action
- Supply research-based professional development

Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

At Fienberg-Fisher K-8 Center K-5 instructors have common planning time and are encouraged to plan collaboratively. The middle grade teachers take advantage of the Wednesday early release to plan collaboratively. Additionally, administration often attend grade level meetings to assist in effective planning. Teachers are also encouraged to participate in school-wide fellowship activities that promote personal collegiality among faculty and staff.

Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

1. Recruiting interns from Education programs from local universities. (Principal Responsible)
2. Faculty and Staff Appreciation Activities during meetings. (Asst. Principal and Leadership Team Responsible)
3. Teacher attendance support and incentives. (Principal and Asst. Principal Responsible)

Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

Regular scheduled meetings attended by New Teachers, Administration, and Coaching staff.

Ambitious Instruction and Learning

Instructional Programs and Strategies

Instructional Programs

Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

Fienberg-Fisher K- 8 Center utilizes a variety of instructional teaching models. We are an International Baccalaureate (IB) World School, housing a Middle Years Programme (MYP). The IB programs will continue to be implemented for the 2014-2015 school year in kindergarten through 8th grades. Specifically teachers in the MYP, grades 6th through 8th, will use the IB philosophy where students study the core subjects through the five areas of interaction: approaches to learning, community and service, human ingenuity, environment, and health and social education. The IB philosophy makes it necessary that teachers in all subject groups include interdisciplinary planning horizontally and vertically throughout the school year, thereby incorporating reading across the curriculum. Opportunities for the teachers to plan by grade level and subject area have been incorporated into the planning schedule for the 2014-2015 school year. Through this innovative teaching style, teachers provide students with the tools to enable them to take responsibility for their own learning, further developing an awareness of how they learn best, of thought processes and of learning strategies. Additionally, through the community service component students will be required to take an active part in the communities in which they live, thereby encouraging responsible citizenship. Sixth through eighth teachers will also utilize a variety of technological instructional materials for remediation such as Smart Boards and web-based programs. A variety of instructional materials for all subjects and all grade levels are utilized throughout the school day to provide students with differentiated instruction, as well as, individual learning modalities. Field trips will provide an opportunity for students to incorporate what they have learned in the classroom to connect to real life experiences.

Instructional Strategies

Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

Data is gathered through the M-DCPS interim assessments and reports as well as through teacher gathered information. School administration and teachers discuss results and grade level activities to address shortfall areas identified as Grade Level targets. Teachers complete data chats with students to share results. Additionally, teachers schedule intervention for targeted students.

The Literacy Leadership Team, Administration, SPED Team, and Grade Level Chairs participate in the collection of data.

Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Extended School Day

Minutes added to school year: 3,780

In addition, all students who are performing in the lowest 25% of their grade level in Reading, Writing, and/or Math are invited to participate in a before or after school tutorial program for 5 hours per week. Certified teachers and paraprofessionals tutor students using Extended Day materials provided by the Reading Coach, which will be monitored through the administration of interim benchmark assessments. The purpose of these tutorials is to target the Common Core Standards and improve the students' overall performance on the 2015 FSA Assessment. Interim Assessments throughout the year will provide information on individual students' progress to determine if there is a need to redirect instruction.

Strategy Rationale

Research based instructional practices indicate that classroom instruction can be supported by supplemental tutoring.

Strategy Purpose(s)

- Teacher collaboration, planning and professional development

Person(s) responsible for monitoring implementation of the strategy

Klahr, Danielle, djklahr@dadeschools.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Data is gathered through the M-DCPS interim assessments and reports. School administration and teachers discuss results and grade level activities to address shortfall areas identified as Grade Level targets. Teachers complete data chats with students to share results. Additionally, teachers schedule intervention for targeted students.

Student Transition and Readiness

PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

Title I Administration assists the school by providing supplemental funds beyond the State of Florida funded Voluntary Pre-Kindergarten (VPK). Funds are used to provide extended support through a full

time highly qualified teacher and paraprofessional. This will assist with providing young children with a variety of meaningful learning experiences, in environments that give them opportunities to create knowledge through initiatives shared with supportive adults. Fienberg-Fisher K-8 houses a day care center, the Rain (Referral and Information Network) Drop Center, where parents can leave their children aged 0 to 3 years while they go to work. The school is also a home to the Head Start Program for 3 year old children. The National Head Start Association is a private not-for-profit membership organization dedicated exclusively to meeting the needs of Head Start children and their families. The Head Start Program helps children and their family's transition from preschool to elementary school. The Pre-Kindergarten students at Fienberg-Fisher K-8 Center are enrolled in the Voluntary Pre-Kindergarten (VPK) Program funded by the state and supplemented by Title I funds for an all-day program. In an effort to accommodate the transition of these students to Kindergarten, Fienberg-Fisher K-8 Center has established several practices. Initially, the students in the Pre-Kindergarten Program are taught and provided with the skills needed to properly interact and adjust to the Kindergarten Program through the use of the High Scope Curriculum. As part of this curriculum, students learn to interact with one another, work in small group and large group situations and they learn to make choices within the constructs of a classroom setting. Additionally, the teachers use the BELL Curriculum to teach phonological awareness and language skills. The staff responsible for implementing these strategies is made up of the Pre-Kindergarten teachers, the paraprofessionals and the School Support Team. In order to ensure appropriate readiness for the Kindergarten classroom, grade level articulation meetings are held monthly. The Pre-Kindergarten teachers become familiar with the Kindergarten Grade Level Expectations and prepare the students accordingly. The parents of the Pre-Kindergarten students meet with the teachers quarterly to review the students' progress using the Child Observation Record Form and the Key Notes. The teachers take specific notes daily and when they meet with the parents, they offer feedback on student progress. To compile quantitative data on the student's readiness for Kindergarten, the Pre-Kindergarten teachers administer several assessments throughout the year. Using the Devereux Early Childhood Assessment (DECA), teachers are able to assess social/emotional behaviors that may be of concern before the student progresses to Kindergarten. Using the Learning Accomplishment Profile – Diagnostic (LAP-D) pre and post assessment, teachers assess the cognitive, language, fine motor and gross motor development of each student. At the end of the school year, the Pre-Kindergarten students visit the Kindergarten classes to help them with transition. Additionally, the Pre-Kindergarten parents are given an opportunity to visit the Kindergarten classes to give them an understanding of the upcoming expectations.

College and Career Readiness

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

The M-DCPS Schools of Choice programs are invited to speak with our 8th grade class in various settings. The programs share their curriculum in the different CTE areas as secondary school options.

Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

Teachers are provided training in the utilization of the Discovery Education program and resources to use for increasing STEM integration in developing CTE instruction.

Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

N/A

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Problem Solving Key

G = Goal **B** =
 Barrier **S** = Strategy

1 = Problem Solving Step  S123456 = Quick Key

Strategic Goals Summary

- G1.** To increase student achievement by improving the quality of core instruction across all content areas .
- G2.** Utilize the Early Warning System to identify and decrease the At-Risk activities and behaviors that lead to student failure.
- G3.** Student participation in STEM related activities to increase student enrollment in STEM programs.
- G4.** Increase in awareness of CTE programs available in order for our students to make informed decisions.
- G5.** Parental Involvement: See Title I PIP

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), resources available to support movement toward the goal, barriers to achieving the goal, and the plan for monitoring progress toward the goal

Resources Available to Support the Goal 2

- Instructional Coaches, Curriculum Support Specialist (District), Teachers, Technology, Communication Logs, Professional Development Logs and Surveys, Master Schedule accommodates for common planning, McGraw-Hill Connect-Ed, Modeling, Data Chats, and Miami-Dade Curriculum and Support Website.

Targeted Barriers to Achieving the Goal 3

- Lack of rigor in ELA Reading and Writing.

Plan to Monitor Progress Toward G1. 8

Administration, district curriculum support, instructional coaches, and teachers will review data in order to determine the effectiveness of the strategy. Changes will be made according to the data and needs.

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

G2.B1 Students that miss 10 percent or more of available instructional time have a high likelihood of missing instruction critical to succeed within the curriculum. 2

 B107245

G2.B1.S1 Reduce the number of students missing 10 percent of instructional time 4

 S118633

Strategy Rationale

Students that miss school miss instruction and can fall behind in fundamental learning

Action Step 1 5

• Implement a progressive attendance discipline plan to include parent conferences with school administration and offer incentives by recognizing perfect attendance students on a quarterly basis.

Person Responsible

G2.B2 Students not proficient in Reading by Gr 3 have a high likelihood of not passing the FCAT and possibly being retained. 2

 B107246

G2.B2.S1 Provide experiences to increase Gr 3 student proficiency in Reading. 4

 S118634

Strategy Rationale

Training to increase differentiation in instruction will assist in providing teachers with ways to teach students in non-traditional avenues.

Action Step 1 5

- Implement grade level data chats in order to guide reading instruction which promotes the use of context clues, the use of concept maps, word meanings, phrases, and expressions, relevant story details, and instruction in the ability to synthesize, analyze, and evaluate information.

Person Responsible

Danielle Klahr

Schedule

 B107247

G2.B3.S1 Reduce the instructional time missed by students receiving behavior referrals. **4**

 S118635

Strategy Rationale

In order to be successful in their school subject areas students need to be in class.

Action Step 1 **5**

- Utilize the student code of conduct by implementing daily Spill-Out Spotlight on good behavior program
- Implement incentive permission forms for monthly school sponsored dances
- Make behavior matter/important to participation in school sponsored events
- Monthly IB student of the month reward with quarterly lunch with administration

Person Responsible

Maria Costa

Schedule

Weekly, from 8/18/2014 to 5/29/2015

Evidence of Completion

Reduced number of behavioral referrals as evidenced by the SPI Report.

 B107249

G2.B4.S1 Reduce the number of students who fail ELA and/or mathematics and two or more courses. 4

4

 S118637

Strategy Rationale

Reducing the number of students that fail in various subject areas increases possibility for student to move to the next level of academic learning.

Action Step 1 5

- Provide students' opportunities to utilize problem solving strategies by implementing inquiry based learning activities to develop meaning.
- Provide guidance and support through academic counseling to address student needs
- Develop student's ability to make sense of real-world application problems involving expressions
- Provide opportunities for students to participate in Extended Learning through tutoring

B107242

G3.B1.S1 Provide opportunities for students to be exposed to STEM programs 4

S118630

Strategy Rationale

In order to increase the number of students that are exposed to STEM program we must find innovative ways to include STEM above and beyond of scheduled courses.

Action Step 1 5

- Provide an IB MYP Technology course within the elective wheel
- Provide IB MYP Students with a Technology Log to document additional hours of instruction in the Technology Design Cycle.
- Provide students in the Technology courses with instruction using the FLDOE STEM technology and engineering curriculum
