### School Board Approval

This plan was approved by the Orange County School Board on 2/10/2015.

### SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridaCIMS.org>.

<b>Appendix 3: Budget to Support Goals</b>	<b>31</b>

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

### Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

### Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

### Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

### Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

## Differentiated Accountability

Florida’s Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

### DA Regions

Florida’s DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

### DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A or B with at least one F in the prior three years
- Prevent – currently C
- Focus – currently D
  - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
  - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
  - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
  - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

### DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-D with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

### 2014-15 DA Category and Statuses

DA Category	Region	RED
Not In DA	3	<a href="#">Ella Thompson</a>

## Part I: Current School Status

### Supportive Environment

#### School Mission and Vision

##### Provide the school's mission statement

BETA's mission is to lead our students to success with the support and involvement of families and the community.

##### Provide the school's vision statement

To be the top producer of successful students in the nation.

#### School Environment

##### Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

BETA learns about students' cultures and builds positive relationships through student surveys, student/teacher data discussions, parent/student interviews, team building activities, maintaining a collaborative environment and celebrating cultural days.

##### Describe how the school creates an environment where students feel safe and respected before, during and after school

BETA creates a safe and respectful environment by using a positive behavior support system. Safety training videos are viewed by teachers, students and staff. Character education also promotes positive behavior and teaches respect.

##### Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

BETA uses strategies and clear class rules to set behavioral expectations, minimize distractions and keep students engaged. In addition, we review the OCPS Code of Student Conduct quarterly, and the deans conduct training for teachers on our behavior management system.

##### Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

BETA supports students in maintaining academic achievement as well as learning to be a parent. We provide academic counseling, IEPs, 504 plans, instruction on social life skills and we collaborate with the host agency for mental health support.

#### Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

##### Describe the school's early warning system and provide a list of the early warning indicators used in the system

BETA watches the following four indicators to provide early warning signs of student needs:

1. Attendance below 90 percent, regardless of whether absence is excused or a result of out-of-

school suspension

2. One or more suspensions, whether in school or out of school

3. Course failure in English Language Arts or mathematics

4. A Level 1 score on the statewide, standardized assessments in English Language Arts or mathematics.

**Provide the following data related to the school's early warning system**

*The number of students by grade level that exhibit each early warning indicator:*

Indicator	Grade Level						Total
	7	8	9	10	11	12	
Attendance below 90 percent	1	3	9	18	22	6	59
One or more suspensions	0	1	4	4	3	0	12
Course failure in ELA or Math	0	0	2	2	1	0	5
Level 1 on statewide assessment	1	1	4	10	4	0	20
	0	0	0	0	0	0	

*The number of students identified by the system as exhibiting two or more early warning indicators:*

Indicator	Grade Level					Total
	7	8	9	10	11	
Students exhibiting two or more indicators	1	2	6	13	7	29

**Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system**

BETA's intervention strategies include after school tutoring, child study team for attendance, MTSS, data discussions with students, progress monitoring, use of the FCIM process, credit retrieval, and double block reading.

**Family and Community Involvement**

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

**Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress**

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

**Will the school use its PIP to satisfy this question?**

Yes

**PIP Link**

The school completes a Parental Involvement Plan (PIP), which is accessible through the Continuous Improvement Management System (CIMS) at <https://www.floridacims.org/documents/205215>.

**Description**

A PIP has been uploaded for this school or district - see the link above.

**Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement**

BETA builds partnerships through Partners in Education, the School Advisory Committee, the cooperative agreement with the host agency, direct community contact, guest speakers, Junior Achievement, Teach-In, education advocacy, home visits, Children's Cabinet, Expectation Graduation, mentorship programs, Job Connection, employment opportunities, and other vocational services.

## Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

### School Leadership Team

#### Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
McCray, Ima	Assistant Principal
Middleton, Beverly	Assistant Principal
Toffoli, Dan	Assistant Principal
Lebron, Maribel	Assistant Principal
Tovine, William	Principal
Williams, Deborah	Other

#### Duties

***Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making***

The leadership team meets weekly to share decision making for all school sites.

To track and guide student progress, the leadership team uses the CIM model to analyze data, determine needs, implement interventions and accelerations, and adjust instruction as necessary. The leadership team engages in a monthly data cycle including a monthly meeting of representatives of all sites with administrators and instructional coaches, MTSS meetings at each site, and weekly individual student data discussions.

Site representatives bring data on all student SIP goals to the Principal's Data Meeting monthly. The team evaluates data on reading, math, science, and writing performance for each student, analyzing strengths and weaknesses. An intervention plan to target weaknesses is developed to include specific instructional methods and assessments. Individual leadership team members monitor the progress of students at their sites on a weekly basis, and the team as a whole reviews progress toward SIP goals monthly. If interventions are not effective, the team problem-solves and develops an amended intervention plan for the student.

Teacher capacity SIP goals are tracked through coaches' reflective logs, in which they record coaching and observation data by goal. Coaches also collect data on teacher capacity goals from lead teachers and bring the data to monthly coaches' meetings, where the CIM process is applied. Administrators then review the results of the coaches' meetings and apply the CIM process in an administrative meeting.

***Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact***

As associated with the district's mission, vision, and goals, BETA's school leadership ensures achievement of all students by setting clear goals and purposes, using evidence-based perspectives. These purposes help shape the criteria used to make resource allocation decisions that warrant sustained funding for pedagogical priorities. Resources are aligned with priorities by clearly defining what BETA intends to accomplish, developing an instructional model appropriate to the school and district goal, establishing non-negotiable goals for achievement and instruction, and organizing resources in a way to support the instructional model and improve student learning.

BETA's school leadership coordinates supplemental services that support student achievement through collaboration with the district office. Entitlements from the No Child Left Behind Act (NCLB), such as Title I Part A and set-asides, allow school leadership to invest continuously in improving instructional effectiveness through hiring supplemental positions to support Title I Part D programs, before and after school tutoring, job training, materials and supplies. Title II, Part A funding helps with professional development opportunities for teachers. Wraparound services are also provided to all youth that are adjudicated, awaiting adjudication, or at-risk/high needs classification such as homeless services (Title X), who qualify under the McKinney-Vento Act. These programs are primarily managed by an Assistant Principal through the Title I Part A Compliance and Data Managers, and are monitored internally on a weekly basis. Meetings occur twice monthly and inventory of materials are tracked through a monitored system.

BETA's school leadership promotes continuous use of multiple resources to increase ideas for problem-solving techniques. Examples are the development of character education embedded into the curriculum; project-based learning to pique students' interests; and maximizing academic time to support learning (i.e. remedial support) to improve overall academic performance in students.

### School Advisory Council (SAC)

#### Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
William Tovine	Principal
Lamont Lofton	Business/Community
Bill Young	Business/Community
Larry Eason	Business/Community
Janis Joslin-Foskett	Business/Community
Todd Johnson	Business/Community
Ruiz Shrivatten	Business/Community
Oswaldo Laracuenta	Student
Steve Dalsemer	Business/Community
Terri Medus	Teacher
Deborah Johnson	Teacher
Tammye Young	Teacher
Elizabeth Morales	Education Support Employee
Barbara Kemp	Education Support Employee

#### Duties

***Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes***

*Evaluation of last year's school improvement plan*

SAC members review overall data from the previous year's School Improvement Plan. A subcommittee then meets and brings suggestions to the table for the following year's plan. The SAC committee as a whole participates in the development of the plan.

*Development of this school improvement plan*

The SAC committee was an integral part of the development and approval of this SIP. SAC members were divided into subcommittees for data review and goal setting for the SIP.

*Preparation of the school's annual budget and plan*

The SAC committee meets with the Principal to ensure proper spending of the school improvement funds and the general school budget.

**Describe the use of school improvement funds allocated last year, including the amount budgeted for each project**

Reading Budget: Substitutes for teachers to attend professional development - \$2000.00  
 Mathematics Budget Substitutes for teachers to attend professional development - \$1000.00  
 Science Budget: Substitutes for teachers to attend professional development and supplies - \$3000.00  
 Writing Budget: Substitutes for teachers to attend professional development -\$1000.00  
 Stem Budget; Substitutes for teachers to attend professional development - \$1000.00  
 Mini Grants to support attainment of teacher highly qualified status and - \$2000.00  
 Misc. \$3000.00

**Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC**

Yes

*If the school is not in compliance, describe the measures being implemented to meet SAC requirements*

**Literacy Leadership Team (LLT)**

**Membership**

Identify the name, email address and position title for each member of the school-based LLT.:

Name	Title
Tovine, William	Principal
Wiedman, Janet	Instructional Coach
Hardman, Tiffany	Instructional Coach
Granger, Shrona	Instructional Coach
Johnson, Deborah	Teacher, K-12
Starr, Charnetta	Instructional Coach
Schwartz, Peggy	Instructional Coach
Schwartz, Mary Jo	Instructional Coach
Morris, Carla	Instructional Coach
McCray, Ima	Assistant Principal
Middleton, Beverly	Assistant Principal
Medus, Terri	Instructional Coach

## Duties

### ***Describe how the LLT promotes literacy within the school***

The Literacy Leadership team convenes weekly to plan, monitor/adjust, evaluate, and address school-based issues and activities.

Instructional coaches promote literacy by spending a minimum of 50% of their time in classrooms during which they model instruction, observe instruction, and hold reflective conversations. They research and guide implementation of curriculum, assessment, and intervention approaches which are scientifically based. They help to interpret student data, and they assist teachers with implementation of differentiated instruction. They also maintain reflective logs, which record data on implementation of SIP teacher-capacity goals by instructional staff, meet monthly to analyze the data, and make staff development recommendations through the CIM process.

The assistant principal oversees the implementation of the principal's and district's vision and mission. He or she also ensures that effective school-based strategies and interventions are implemented, documented, and continuously monitored to address the diverse needs of all students. Additionally, the assistant principal guides and supports the school-based leadership team to determine professional development needs. Finally, he or she develops a partnership with all shareholders to communicate site-based plans and activities.

## Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

### **Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction**

BETA encourages collaborative planning and instruction through Professional Learning Communities (PLCs), the use of Edmodo and Safari Montage to enable easy communication between teachers at separate sites. Curriculum rounds, in which the API, Curriculum Resource Teacher, and site coaches visit sites regularly to encourage and promote collaboration while providing instructional support.

### **Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school**

BETA seeks to recruit, develop, and retain highly qualified, certified-in-field, effective teachers by:

1. Providing professional learning and coaching support on-site;
2. Providing resources to assist teachers in acquiring multiple certifications that are needed to be highly qualified at BETA;
3. Seeking teachers with multiple certifications;
4. Offering extensive professional learning which assists teachers to renew certifications;
5. Providing a mentor-mentee program for beginning teachers and as instructional support for out-of-field teachers;
6. Including active input from teachers in the school decision making process.

### **Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities**

The following activities are implemented for teachers that require mentoring: observations and feedback, biweekly mentoring meetings, coaching and modeling lessons with the use of thinking maps, technology, data discussions, and differentiated instruction. Mentees are paired with mentors who are experienced and skillful classroom teachers. BETA teachers need a wide range of certifications. The instructional coach and site administrator provide certification study materials and monitor teachers' progress in passing certification exams.

## Ambitious Instruction and Learning

## Instructional Programs and Strategies

### Instructional Programs

***Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards***

The district has a rigorous adoption process that analyzes the correlation between core program materials and Florida Standards. Core instructional resources are provided on the Instructional Management System (IMS) and are aligned to the Florida Standards. Core instructional resources are provided on the Instructional Management System (IMS) and are aligned to the Florida Standards. All schools are expected to utilize the Standards-based resources during daily instruction.

### Instructional Strategies

***Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments***

BETA implements a comprehensive Florida Continuous Improvement Model data analysis cycle, including weekly monitoring of student achievement and of the efficacy of intervention strategies followed by actions to improve instruction. Teachers conduct weekly data discussions with students. The principal conducts monthly data meetings to determine student progress and to act accordingly. Differentiation occurs through the use of a rotational model during class and by setting aside time for interventions outside of class.

***Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:***

**Strategy:** Summer Program

**Minutes added to school year:** 9,000

Summer school provides opportunities to earn credits toward graduation.

***Strategy Rationale***

BETA students are traditionally below grade level and behind in credits.

***Strategy Purpose(s)***

- Core Academic Instruction
- Enrichment

***Person(s) responsible for monitoring implementation of the strategy***

Middleton, Beverly, beverly.middleton@ocps.net

***Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy***

Data collected includes student grades and credit retrieval completions to determine student progress toward graduation.

**Strategy:** After School Program

**Minutes added to school year:** 1,350

BETA provides tutoring aligned to the needs revealed by the data analysis cycle.

***Strategy Rationale***

Tutoring is designed to provide remedial support and increase student achievement.

***Strategy Purpose(s)***

- Core Academic Instruction

***Person(s) responsible for monitoring implementation of the strategy***

Middleton, Beverly, beverly.middleton@ocps.net

***Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy***

Data collected includes data resource forms, student grades, credit retrieval completions, and attendance. Data is analyzed through the CIM data cycle process.

**Student Transition and Readiness**

**PreK-12 Transition**

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

***Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another***

Based on students' Pupil Progression Plan, counselors advise students on the academic courses relative to their specific grade level and cohort year. A course checklist designed to track course completion is completed during student enrollment. Weekly academic counseling includes individual and group counseling sessions to discuss graduation requirements that are aligned with the Florida State Standards and assessments. When called for by IDEA standards, counselors identify differentiated delivery of services based on student need. Each student is given opportunities to discuss his or her academic plan, along with his or her future interests, in order for counselors to create an overall individual graduation plan.

Guidance counselors provide a framework as outlined in the Comprehensive Developmental Guidance Program which begins in 6th grade. This framework prepares students with career and academic planning goals, along with social and emotional connections. Parents/guardians contribute to the process. These career and academic goals are tracked each year and finalized before the end of the second semester of students' 8th grade year.

By the time students are in 9th, 10th, and 11th grades, counselors provide guidelines and curricula that will enable students to complete individual graduation plans. These plans are intended to successfully prepare them for a seamless transition to relevant employment, further training or post-secondary study by their senior year. The framework of the guidance program shows relevance to the students' goals by meeting the core and elective requirements for qualifications as defined by the Florida's Bright Future's Scholarship program.

School guidance counselors offer an additional support system of opportunities for students to attend before or after-school tutoring, character development, career training and/or credit recovery as a result of their individual graduation/academic plan.

**College and Career Readiness**

***Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations***

School counselors work with students to help guide them toward a career path that matches their skills and personal preferences, while providing academic guidance. School counselors meet with students both in small groups and individually to discuss future plans, investigate careers and post secondary requirements, and help students seeking financial assistance. The counselors also arrange college and career tech visits, facilitate career and academic fairs, and arrange for students to speak with representatives from post secondary institutions during the school day. All students attend student/teacher advisory meetings to help build positive relationships with their peers and teachers. To advance college and career awareness, a variety of topics are emphasized at each grade level to offer a more meaningful course of study to students.

***Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs***

At BETA, many students complete the Ready to Work Initiative.

***Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement***

Counselors help students develop an individual graduation plan that takes into account the students' interests as well as educational and career plans. During their enrollment, some students are scheduled for a vocational course to prepare them with appropriate training to be competitive in the workforce. Applied and integrated courses give students the exposure to relevant relationships between academic and career/technical subjects that would link to their future endeavors. Students are presented with a variety of career clusters as aligned with the Career and Technical Education program and the Florida Department of Education. This helps students to discover their interests and passion, and empowers them to make a good career choice. Some students are given an interest inventory to guide the provision of additional training, knowledge and skills. A partnership and relationship is built with community employers to support students seeking employment.

***Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes***

To measure student skills needed for college, all 9th and 10th grade students will take the PSAT to compete for the National Merit Scholarship. Eligible 11th grade students will take the PERT. Students in the 11th grade are encouraged to start researching and preparing to apply for scholarships at the appropriate time. Seniors are provided with SAT and ACT study guides and practice tests and are exposed to and encouraged to apply for the various scholarships available to them.

## School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

### Problem Solving Key

**G** = Goal

**B** =  
Barrier

**S** = Strategy

**1** = Problem Solving Step     S123456 = Quick Key

## Strategic Goals Summary

- G1.** With the implementation of an effective monitoring system for attendance, student attendance and achievement will increase.
- G2.** Teachers will gain competence in rigorous, standards-based instruction and in the Instructional Framework across all content areas

## Strategic Goals Detail

*For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), resources available to support movement toward the goal, barriers to achieving the goal, and the plan for monitoring progress toward the goal*

**G1.** With the implementation of an effective monitoring system for attendance, student attendance and achievement will increase. **1a**

 G056048

### Targets Supported **1b**

Indicator	Annual Target
Attendance Below 90%	21.0
AMO Reading - All Students	49.0

### Resources Available to Support the Goal **2**

- Social worker
- Attendance reports from EDW
- City bus passes
- Guidance counselors
- Child study team

### Targeted Barriers to Achieving the Goal **3**

- Currently no systematic way of monitoring student attendance

### Plan to Monitor Progress Toward G1. **8**

Attendance reports, grades and other student achievement data will be examined for progress

#### **Person Responsible**

Shrona Granger

#### **Schedule**

Monthly, from 12/1/2014 to 6/1/2015

#### **Evidence of Completion**

Attendance reports, grades, student achievement data, and intervention plan results

**G2.** Teachers will gain competence in rigorous, standards-based instruction and in the Instructional Framework across all content areas **1a**

 G045347

### Targets Supported **1b**

Indicator	Annual Target
ELA/Reading Gains	1.0
AMO Reading - All Students	49.0
Attendance Below 90%	21.0
Algebra I EOC Pass Rate	11.0

### Resources Available to Support the Goal **2**

- Literacy Leadership Team, math coaches, reading coaches, deliberate practice process, instructional rounds

### Targeted Barriers to Achieving the Goal **3**

- Teachers lack understanding of Instructional Framework
- Teachers lack understanding of standards

### Plan to Monitor Progress Toward G2. **8**

Administrator will monitor iObservation feedback, feedback from instructional rounds, feedback from professional development

#### **Person Responsible**

Beverly Middleton

#### **Schedule**

Monthly, from 9/17/2014 to 6/12/2015

#### **Evidence of Completion**

iObservation feedback, feedback from instructional rounds, feedback from professional development

## Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

### Problem Solving Key

**G** = Goal                      **B** =  
Barrier                      **S** = Strategy

**1** = Problem Solving Step       S123456 = Quick Key

**G1.** With the implementation of an effective monitoring system for attendance, student attendance and achievement will increase. **1**

 G056048

**G1.B1** Currently no systematic way of monitoring student attendance **2**

 B141588

**G1.B1.S1** Attendance reports will be examined to monitor attendance **4**

 S153830

#### Strategy Rationale

Students cannot learn unless they are in school

#### Action Step 1 **5**

Attendance clerk will print attendance reports each month

#### Person Responsible

Shronda Granger

#### Schedule

Monthly, from 12/1/2014 to 6/1/2015

#### Evidence of Completion

Attendance reports

**Action Step 2** 5

Attendance reports will be analyzed to identify students with ten (10) or more absences

**Person Responsible**

Shronda Granger

**Schedule**

Monthly, from 12/1/2014 to 6/1/2015

**Evidence of Completion**

List of students with >10 absences

**Action Step 3** 5

Child study team will meet to discuss identified students

**Person Responsible**

Shronda Granger

**Schedule**

Monthly, from 12/1/2014 to 6/1/2015

**Evidence of Completion**

Child Study Team notes and agendas

**Action Step 4** 5

Students with attendance issues will be contacted by guidance counselor and social worker

**Person Responsible**

Shronda Granger

**Schedule**

Monthly, from 12/1/2014 to 6/1/2015

**Evidence of Completion**

Counselor and Social Worker call and visitation logs

**Action Step 5** 5

Child Study team will identify root cause of individual student attendance issues and create a plan for wraparound services to improve attendance. Team will continue to monitor attendance and change intervention if needed.

**Person Responsible**

Shronda Granger

**Schedule**

Monthly, from 12/1/2014 to 6/1/2015

**Evidence of Completion**

Individual attendance support plans

**Plan to Monitor Fidelity of Implementation of G1.B1.S1** 6

Administrators will monitor attendance reports, Child Study Team notes, and attendance intervention plans.

**Person Responsible**
