This plan was approved by the Duval County School Board on 11/4/2014.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida's DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A or B with at least one F in the prior three years
- Prevent – currently C
- Focus – currently D
 - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
 - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
 - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
 - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-D with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

Supportive Environment

School Mission and Vision

Provide the school's mission statement

The faculty and staff of Annie R. Morgan Elementary School will prepare and deliver strategic learning opportunities that promote academic and social success.

Provide the school's vision statement

The vision of Annie R. Morgan Elementary School is to provide quality educational experiences to all students.

School Environment

Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

Teachers are required to conduct a Multiple Intelligence/Interest Survey at the beginning of the school year or upon a new student's arrival in their class. The results are used to design lessons and activities that appeal to every student's learning modality and/or interest. The school will host Multicultural Day in the spring.

Describe how the school creates an environment where students feel safe and respected before, during and after school

Faculty and Staff Members are assigned to supervise arrival and dismissal procedures. Students are supervised during every activity throughout the school day, including transitions to lunch and resource. Teachers are required to host Class Meetings for approximately 5 to 7 minutes daily. These meetings are designed to address any social or disciplinary issues that may arise in the classroom or among students. Foundations and CHAMPS are used school-wide to promote safety and civility.

Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

A school-wide Discipline Plan has been established. Teachers received training during preplanning. A brief overview is listed below.

School Rules:

As students of Annie R. Morgan Elementary School, we will:

- Treat others as we would like to be treated.
- Show respect for ourselves and others.
- Keep your hands, feet, and objects to ourselves.
- Use appropriate language.
- Work hard and always do our best.
- Listen and follow directions the first time they are given.

Guidelines for Success:

As students of Annie R. Morgan Elementary School, we will:

- Practice good manners
- Respect ourselves and others
- Opt to be scholarly

- Work hard
- Lead with pride
- Behavior Chart: (A behavior chart is posted in every classroom)
- Gold-Bobcat (Great student both socially and academically)
- Silver-Excellent Day(Good student both socially and academically)
- Bronze-Good Day
- Green-Ready to Learn
- Yellow-Make Better Choices
- Orange-Loss of Privilege
- Red-Parent Contact

Students should start on green daily and earn the bronze, silver, or gold designation. Should a student's behavior warrant movement toward the yellow, orange, or red colors, they should be able to move back towards gold once student's behavior has warranted that placement. Students should receive a conduct grade every day written in their agenda as a part of the communication between parents and teachers.

Suggestions for Improving Student Behavior:

1. Establish and maintain rituals and routines (revisit often).
2. Look for patterns of underlying causes or events preceding the behavior.
3. Maintain a positive classroom management system.
4. Be consistent with rewards and consequences.
5. Sarcasm is never acceptable, respect earns respect.
6. Address inappropriate behavior without humiliating the student.
7. Make multiple attempts to contact parents.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

Character Counts is used to promote character education through the Book of the Month Campaign. Students who have displayed the designated character trait throughout the month will be invited to attend a special luncheon with the principal. Restorative Justice is used to assist students with assimilating back into the classroom after certain consequences have been assigned. The School Counselor will facilitate peer mediation with groups of students if deemed necessary. Individual counseling is available if requested by a parent, teacher, student, or administrator.

Family and Community Involvement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

Will the school use its PIP to satisfy this question?

Yes

PIP Link

The school completes a Parental Involvement Plan (PIP), which is accessible through the Continuous Improvement Management System (CIMS) at <https://www.floridacims.org/documents/182223>.

Description

A PIP has been uploaded for this school or district - see the link above.

Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

The process of building and sustaining partnerships with the local community will be facilitated primarily through the administration, PTA, and SAC. PTA and SAC meetings will be held monthly. A representative from Full Service Schools currently serves on SAC. The Boys and Girls Club of Northeast Florida currently provides after school programs through Team Up.

Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Streater, Lashawn	Principal
Smith, Zabrina	Assistant Principal
Broderick, Kimberly	Instructional Coach
Shako, Sherell	Instructional Coach
McDougald, Stacy	Other

Duties

Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

Principal: LaShawn Streater

Provides a common vision for the use of data-based decision making, ensures that the school-based team is facilitating the implementation of the RtI process, conducts assessment of RtI skills of school faculty and staff, ensures implementation of intervention support and documentation, ensures adequate professional development to support RtI implementation, and communicates with parents regarding school-based RtI plans and activities.

Assistant Principal: Zabrina Smith

Develops, leads, and evaluates school core content standards/programs, identifies and analyzes existing literature on scientifically based curriculum, behavior, intervention, and assessment approaches. Identifies systematic patterns of student need while working with district personnel to identify appropriate, evidence based intervention strategies, assists with whole school screening programs that provide early intervening services for children considered to be at risk, assists in the design and implementation for progress monitoring, data collection, and data analysis, participates in the design and delivery of professional development, and provides support for assessment and implementation monitoring.

RtI Facilitator: Kimberlae Williams

Acts as a liaison for RtI Implementation at the school level. Facilitates school based RtI Committee Meetings. Participates in and collaborates with teachers on student data collection techniques and intervention resources and design, integrates core instructional activities and materials into Tier 2 and Tier 3 instruction, and collaborates with general education teachers through such activities as co-teaching or modeling.

School Counselor: Kimberlae Williams

Provides quality services and expertise on issues ranging from program design to assessment and intervention with individual students. In addition to providing interventions, works with school social

workers to link child-service and community agencies to the schools and families to support the child's academic, emotional, behavioral, and social success.

School Psychologist: Lake Ray

Participates in the collection, interpretation, and analysis of data, facilitates development of intervention plans, provides support for intervention fidelity and documentation, provides professional development and technical assistance for problem-solving activities including data collection, data analysis, intervention planning, and program evaluation. Facilitates data-based decision making activities.

Speech Language Pathologist: Harini Aravamudhan

Educates the team on the role language plays in curriculum, assessment, and instruction, as a basis for appropriate program design, assists in the selection of screening measures and helps identify systematic patterns of student need with respect to language skills. Collaborates with general education and ESE teachers in the development of language based intervention plans and delivery of language interventions.

ESE Teacher: Padrica Mendez

Participates in student data collection, integrates core instructional activities and standards into Tier 2 and Tier 3 instruction, collaborates with general education teachers through such activities as co-teaching, one-on-one assistance, modeling, or small group instruction.

General Education Teachers: Grade Level Representatives

Provides information to grade level members about core instructional strategies and curriculum for academics and behavior, participates in student data collection and the creation and implementation of intervention plans, delivers Tier 1 and Tier 2 instruction.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

The RtI Committee uses the RtI Problem-Solving Process to determine which barriers could possibly hinder students from attaining the knowledge needed to master grade-level tasks and assessments. After identifying the barriers, the school-based RtI Committee determines the strategies that would be implemented to overcome those barriers as well as the process used to determine whether or not the strategies were effective and how students responded to the strategies. The RtI Committee, as well as the Leadership Team, meets monthly to review the impact of implementation. Funding from Title I, Part A is allocated to provide after school support to students requiring additional remediation. Title I, Part A Funds are also used to fund the following: Reading Interventionist, Part-Time Tutor, and supplemental materials. Field trips are funded using these funds as well. Annie R. Morgan Elementary School receives supplemental funds for improving student performance through the purchase of instructional materials and providing professional development. Funding from SAI is allocated to provide remediation to struggling students. Annie R. Morgan Elementary School offers Anti-Bullying Programs to students that incorporates field trips, community service, and counseling. The school's curriculum covers Safe School Preparedness and Mitigation (Emergency Management Training), Foundations, C.H.A.M.P.S, Second Step, Character Education, Red Ribbon Week Program, Speak Up Be Safe, as well as Early Warning Signs Training. Annie R. Morgan Elementary School participates in the Free Breakfast in the Classroom (BIC Program), Free Lunch Program, and the Fresh Fruit and Vegetables Program. Annie R. Morgan Elementary School currently offers a Voluntary Pre-Kindergarten Program.

School Advisory Council (SAC)

Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Yolanda Brown	Parent
Michael Willis	Business/Community
LaShawn Streater	Principal

Duties

Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

Evaluation of last year's school improvement plan

Last year's school improvement plan was reviewed during the first SAC meeting for the 2014-2015 school year.

Development of this school improvement plan

School performance data from the spring 2014 administration of the FCAT was reviewed during the opening meeting. SAC members provided feedback. Members asked specific questions about academic programs that are available to reading instruction school-wide, the new state assessment, and professional development for teachers.

Preparation of the school's annual budget and plan

The school's annual budget was prepared by the previous administration.

Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

School improvement funds were not used last school year.

Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

Yes

If the school is not in compliance, describe the measures being implemented to meet SAC requirements

Literacy Leadership Team (LLT)

Membership

Identify the name, email address and position title for each member of the school-based LLT.:

Name	Title
Broderick, Kimberly	Instructional Coach
McDougald, Stacy	Other

Duties

Describe how the LLT promotes literacy within the school

The LLT meets monthly to review the implementation of our comprehensive school-wide reading plan as aligned with school and district reading goals. The meetings consist of discussions about the expectations of what students should learn in reading and writing across grade levels. The meetings will also focus on how to monitor reading data. Classroom observations and focus walks will be

conducted by the administration to determine if reading and writing are being taught with fidelity. Follow up meetings will be held with classroom teachers to ensure that instructional strategies and differentiation occurs within each classroom.

Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

Teachers are provided with 150 minutes of common planning time every week.

Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

1. Annie R. Morgan Elementary School follows the district's recruiting guidelines.
2. Teachers are given an opportunity to discuss student data in order to identify implications for instruction and to analyze student work.
3. Teachers are encouraged to attend workshops at the district level and during Early Release Trainings.
4. Teachers in need of assistance are identified through performance evaluations, focus walks, and data indicating low performance.
5. New teachers will meet regularly with the Principal, Assistant Principal, Instructional Coaches, and the PDF.
6. New teachers or teachers new to grade levels will be partnered with veteran staff members or mentors.
7. Establish interview teams to screen potential candidates.
8. Monthly meetings scheduled for new teachers.
9. Complete District Level New Teacher Induction Training and Programs.

Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

Mentors are assigned to new teachers, teachers who are new to our school, or teachers who are new to a grade level and/or subject area. Mentees are paired with individuals who have demonstrated effective classroom teaching as determined by student achievement, summative evaluations, and principal observation. This year's pairings are listed below:

Lindsey Chamberlain/Robert Gainey - Kindergarten (Chamberlain is a new teacher)

Elizabeth Tamblyn/Heather Veasley - 2nd Grade (Tamblyn is a new teacher)

Kimberly Bode/Kady Vaughn - 4th Grade (Bode is new to 3rd grade)

MINT support activities include:

- mentor observation cycles in which new teachers receive formative feedback and targeted coaching
- new teacher observations of model teachers with a focus on identified challenges and Educator Accomplished Practices
- PDF monthly MINT learning sessions that focus on identified areas of need
- collaborative learning groups or PLCs provide additional layers of support and learning opportunities
- other activities that are specific to your school...

Selection Criteria:

Depending on certification requirements, new teachers participate in the MINT program for up to three years. The school-based support team consists of an administrator, PDF, mentor, and coach. The district MINT Specialist provides support and resources for this team.

Many variables are considered when assigning mentors to new teachers. In addition to CET, mentors must have an Effective or Highly Effective rating on their prior year performance evaluation. Other considerations include:

- subject/ grade level

- certification
- disposition/interpersonal skills
- common planning
- level of expertise/ area of need
- additional training in Foundations of Mentoring is valued

Ambitious Instruction and Learning

Instructional Programs and Strategies

Instructional Programs

Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

Teachers participate in weekly common planning. The Florida Standards and Test Item Specifications are used to design lessons. Data is used to design lessons and create differentiated instruction.

Instructional Strategies

Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

School data is reviewed during weekly common planning. The results are used to determine center rotation assignments and small group instruction.

Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Extended School Day

Minutes added to school year: 10,800

Teachers provide additional reading instruction.

Strategy Rationale

This strategy has been mandated by the state based on last year's FCAT data.

Strategy Purpose(s)

- Core Academic Instruction
- Enrichment
- Teacher collaboration, planning and professional development

Person(s) responsible for monitoring implementation of the strategy

Streater, Lashawn, flynnl1@duvalschools.org

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Data collected from these programs are reflective on quarterly school-wide monitoring forms as safety nets for struggling students. Students that are enrolled in safety nets growth is compared and analyzed for growth as well as area(s) needing more support.

Student Transition and Readiness

PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

Annie R. Morgan Elementary School offers a full-day, Pre-Kindergarten Program. A certified teacher works with students using Title I Pre-Kindergarten strategies which target developmental needs and allow for differentiated instruction. The program implements the district standardized McCraw/Hill and Macmillian (Little Treasures) Reading Curriculum, VPK Assessment, Imagine Learning and Bright Star which is utilized in all of the district's VPK elementary schools. The Pre-Kindergarten curriculum is directly correlated and aligned to the Kindergarten curriculum enabling students who attend the program to receive the same exposure to evidence-based best practices promoting increased levels of student readiness and achievement. Kindergarten readiness will be determined based on student performance as indicated by the McCraw/Hill and McMillian and Nemour's Bright Start Assessment. In addition, parents are provided with activities and resources to assist their child(ren) at home. Parents are invited to attend the monthly Parent Backpack Program. For students who do not attend a district Title I Pre-Kindergarten program, a series of academic readiness assessments are given within twenty (20) days of enrollment in kindergarten. The FLKRS diagnostic assessments address areas of academic readiness and provide kindergarten teachers with detailed information concerning the strengths and weaknesses of each child. The information is then used to differentiate instruction accordingly.

College and Career Readiness

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

The School Counselor provides career education.

Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

NA

Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

NA

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes

NA

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Strategic Goals Summary

- G1.** To increase the proficiency of 3rd-5th grade math students with disabilities (SWD) from 0% in 2013-2014 to 50% [8 out of 17] on the 2014-2015 administration of the Florida Standards Assessment.
- G2.** To increase the percentage of 3rd-5th grade students meeting and exceeding reading proficiency from 28% in 2013-2014 [44 out of 158] to 55% [86 out of 158] on the 2014-2015 administration of the Florida Standards Assessment.
- G3.** To increase the percentage in reading proficiency of all 3rd-5th grade students with disabilities (SWD) from 5% or 0 students in 2013-2014 to our target of 34% or 6 students or greater on the 2014-2015 administration of the Florida Standards Assessment.
- G4.** To increase the proficiency of 3rd-5th grade math students by 20% from 58% [78 out of 135] in 2013-2014 to 70% [110 out of 158] on the 2014-2015 administration of the Florida Standards Assessment.
- G5.** To increase writing proficiency for all 4th and 5th grade students from 42% of 4th grade students [21 out of 49] in 2013-2014 to 50% [48 out of 97] of 4th and 5th grade students on the 2014-2015 administration of the Florida Standards Writing Assessment.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), resources available to support movement toward the goal, barriers to achieving the goal, and the plan for monitoring progress toward the goal

G1. To increase the proficiency of 3rd-5th grade math students with disabilities (SWD) from 0% in 2013-2014 to 50% [8 out of 17] on the 2014-2015 administration of the Florida Standards Assessment. 1a

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

 B108395

G1.B3.S1 Ensure that all K-5 math teachers identify and know the Florida Standards with fidelity. **4**

 S119840

Strategy Rationale

3rd-5th grade teachers are new to the Florida Standards. The need for understanding the Florida Standards with fidelity is needed to promote student achievement.

Action Step 1 **5**

- Participate in weekly Common Planning

Person Responsible

Sherell Shako

Schedule

Weekly, from 8/11/2014 to 6/5/2015

Evidence of Completion

- Lesson plans - Journaling - Samples of student work - Professional Development Calendar
- Teacher-made assessments

Plan to Monitor Fidelity of Implementation of G1.B3.S1 6

All K-5 Math teachers will be provided Common Planning with Instructional Coaches to ensure the knowledge of New Common Core Standards in Math.

Person Responsible

Sherell Shako

Schedule

On 6/5/2015

Evidence of Completion

- Common Planning Calendar/ Agenda - Samples of Student work - Professional Development Calendar

Plan to Monitor Effectiveness of Implementation of G1.B3.S1 7

To support and monitor the effectiveness, instructional coach will closely monitor implementation of standards by co-teaching, modeling, and observe instructional delivery of the CCMS .

G2.B1 Teachers need more support with differentiating reading instruction 2

B108398

G2.B1.S1 Through Professional Development gained in Common Planning and Lesson Study, teachers will gain proficiency in planning differentiated reading instruction and learning activities for their students.

4

S121593

Strategy Rationale

Teachers need to become aware of strategies that may be used to differentiate instruction.

Action Step 1 5

ELA 3-5 Common Planning and Professional Development.

Person Responsible

Kimberly Broderick

Schedule

Monthly, from 9/2/2014 to 5/22/2015

Evidence of Completion

Common Planning Agendas and Lesson Study Plans Teacher Observations by administration

Plan to Monitor Fidelity of Implementation of G2.B1.S1 6

Observations in classrooms of center rotations and small group instruction.

Person Responsible

Kimberly Broderick

Schedule

Weekly, from 9/2/2014 to 5/22/2015

Evidence of Completion

Evidence of implementation can be seen in differentiated center activities as well as small group instruction.

Plan to Monitor Effectiveness of Implementation of G2.B1.S1 7

Implementation will be monitored through I-Ready Reading Data, Achieve 3000 Data, and CGA Data

Person Responsible

Kimberly Broderick

Schedule

Monthly, from 9/2/2014 to 5/22/2015

Evidence of Completion

Data will be collected from I-Ready, Achieve 3000, and CGA to determine if students are gaining proficiency.

G2.B2 Students lack strategies needed to understand complex text 2

 B108400

G2.B2.S1 Teachers participate in professional development that focuses on how to teach close reading of text using complex novels. 4

 S121622

Strategy Rationale

Teachers need to gain an understanding of how to facilitate close reading lessons in order to expose students to increasingly complex text.

Action Step 1 5

Teacher modeling close reading of complex text through novel studies.

Person Responsible

Kimberly Broderick

Schedule

Monthly, from 9/2/2014 to 5/22/2015

Evidence of Completion

Students interactive journals with tasks demonstrating the ability of the student to understand complex texts.

Plan to Monitor Fidelity of Implementation of G2.B2.S1 6

Students' interactive journals will be checked periodically.

Person Responsible

Kimberly Broderick

Schedule

Weekly, from 9/8/2014 to 5/22/2015

Evidence of Completion

Interactive Journals will be brought to common planning for feedback on student performance and rigor of learning demands.

Plan to Monitor Effectiveness of Implementation of G2.B2.S1 7

Teachers will bring students' interactive journals to common planning to share.

Person Responsible

Kimberly Broderick

Schedule

Weekly, from 9/8/2014 to 5/22/2015

Evidence of Completion

Common Planning Agendas will document this is being done.

G2.B3 Students lack ability to transfer knowledge of skills and strategies to assessments. **2**

 B108401

G2.B3.S1 Teachers will create reading questions which replicate how the students are asked to respond on the Florida Standards Assessment for each of the reading standards they teach. **4**

 S119843

Strategy Rationale

Teachers need to expose students to questions that are similar to those that will be presented on the Florida Standards Assessment.

Action Step 1 **5**

Using the FSA Item Specs for their grade level, teachers will create open response, short answer and multiple choice text dependent questions during their ELA Common Planning period.

Person Responsible

Kimberly Broderick

Schedule

Daily, from 9/8/2014 to 4/24/2015

Evidence of Completion

-Lesson plans and samples of student work

Plan to Monitor Fidelity of Implementation of G2.B3.S1 **6**

 B108408

G3.B3.S1 The 3rd-5th Grade Teachers will implement word study and grammar instruction into daily reading instruction. **4**

 S119846

Strategy Rationale

Action Step 1 **5**

Teachers will participate in professional development through common planning which includes specific academic vocabulary to target as well as tier 2 vocabulary. Teachers will include grammar instruction in their weekly ELA Block.

Person Responsible

Kimberly Broderick

Schedule

Weekly, from 9/8/2014 to 5/22/2015

Evidence of Completion

- Differentiated Center Activities in Word Study - Interactive Journals - Samples of Student work CGA Assessments-Vocabulary Lesson Plans for grammar instruction

Plan to Monitor Fidelity of Implementation of G3.B3.S1 **6**

Teacher will monitor student growth weekly through word study center activities as well as weekly reading assessments where students are using vocabulary words in context. Teachers will also keep track of student progress in RTI groups include daily skills block which will focus on spelling patterns, multi-syllabic decoding strategies, vocabulary development and grammar instruction.

Person Responsible

Kimberly Broderick

Schedule

Weekly, from 9/8/2014 to 5/22/2015

Evidence of Completion

- Checklist created and monitored by instructional reading coach

Plan to Monitor Effectiveness of Implementation of G3.B3.S1 7

Students will integrate higher order vocabulary into their writing as well as be able to use strategies to decode multi-syllabic words in their reading. Writing should reflect higher order vocabulary as well as continuous improvement in their ability to use conventions correctly. Reading assessments, CGA's, Achieve 3000, and I-Ready data should show an increase in vocabulary and gains in reading each month.
