School Board Approval

This plan is pending approval by the Hillsborough County School Board.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridaCIMS.org>.

Table of Contents

Purpose and Outline of the SIP	4
Differentiated Accountability	5
Current School Status	8
8-Step Planning and Problem Solving Implementation	21
Goals Summary	21
Goals Detail	21
Action Plan for Improvement	23
Appendix 1: Implementation Timeline	24
Appendix 2: Professional Development and Technical Assistance Outlines	25
Professional Development Opportunities	26
Technical Assistance Items	27
Appendix 3: Budget to Support Goals	28

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida's Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida's DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A or B with at least one F in the prior three years
- Prevent – currently C
- Focus – currently D
 - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
 - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
 - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
 - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-D with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

2014-15 DA Category and Statuses

DA Category	Region	RED
Not In DA	4	Jim Browder
Former F	Turnaround Status	
No		

Part I: Current School Status

Supportive Environment

School Mission and Vision

Provide the school's mission statement

We will prepare all students for the world they will encounter after high school.

Provide the school's vision statement

Hillsborough High School will be one of the best high schools in the nation.

School Environment

Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

Teachers are encouraged to learn about students and their culture by use of the following processes at HHS:

- Professional development concentrating on cultural diversity and cultural awareness.
- Students are encouraged to participate in social and service clubs of their choice.

Describe how the school creates an environment where students feel safe and respected before, during and after school

Supervision is assigned throughout the campus daily as early as 7:00am and as late as 3:15pm. Students are permitted in the building and have access to common areas such as lockers, cafeteria, courtyard and patio upon arrival. Students participating in extra-curricular activities will be under the supervision of academic club sponsor or athletic coach while participating with the group, club or team.

Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

Terrier Commitment-School wide expectations for all students who attend HHS

- 1) Be prompt, prepared, and productive.
- 2) Respect your school, faculty/staff, and classmates.
- 3) Utilize electronics for academic purposes only during instructional time.
- 4) Demonstrate school pride by following the dress code described in the student handbook.
- 5) Increase your learning by limiting the need for hall passes.

Alternatives to Out of School Suspension and Suspension Support

- 1) Assigned ELP for misbehavior to encourage an increase rather than decrease in instructional time.
- 2) Suspension Recovery Program-Support for students returning from out of school suspensions in the form of make-up assignments, ELP attendance/instruction, and recovery points earned to increase student's overall quarter grade.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

All students at Hillsborough High School have the right to access learning in a safe environment where personal beliefs, opinions and backgrounds are accepted. Guidance support is available to all

students on campus. Students can request guidance support discreetly and efficiently through request forms available in print and online.

Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

Describe the school's early warning system and provide a list of the early warning indicators used in the system

Student performance on formative and common assessments reviewed by-weekly during PLC's with content instructors. Lower performing students will be identified and provided support through ELP, small group (Conducted by reading and/or math coach) and ELL support.

Provide the following data related to the school's early warning system

The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level				Total
	9	10	11	12	
Attendance below 90 percent	0	0	0	0	
One or more suspensions	0	0	0	0	
Course failure in ELA or Math	0	0	0	0	
Level 1 on statewide assessment	143	118	91	38	390

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level				Total
	9	10	11	12	
Students exhibiting two or more indicators	240	107	64	19	430

Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

FLEX-9th grade level intervention/support that will identify students entering high school exhibiting concerns with academic performance and daily attendance.

Family and Community Involvement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

Will the school use its PIP to satisfy this question?

No

PIP Link

The school completes a Parental Involvement Plan (PIP), which is available at the school site.

Description

Hillsborough High School will be governed by the following statutory definition of parental involvement, and will carry out programs, activities, and procedures in accordance with this definition: Parental involvement means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring—
 (A) that parents play an integral role in assisting their child’s learning
 (B) that parents are encouraged to be actively involved in their children’s education at school
 (C) that parents are full partners in their children’s education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their children
 (D) the carrying out of other activities, such as those described in section 1118 of the ESEA
 Involve the parents of children served in Title I, Part A in decisions about how Title I, Part A funds reserved for parental involvement are spent.

Jointly develop/revise with parents the school parental involvement policy and distribute it to parents of participating children and make available the parental involvement plan to the local community
 Jointly conduct, with the involvement of parents, an annual evaluation of the content and effectiveness of the school’s parental involvement policy

Use the findings of the parental involvement policy evaluation to design strategies for more effective parental involvement, and to revise, if necessary, the school’s parental involvement policy
 Inform parents and parental organizations of the purpose and existence of the Parental Information and Resource Centers (PIRC) in Florida, i.e., PIRC of Family Network on Disabilities in Florida (FND) and PIRC at University of South Florida (USF)

If the plan for Title I, Part A, developed under section 1112, is not satisfactory to the parents of participating children, the school will submit parent comments with the plan when the school submits the plan to the local educational agency

Provide to each parent an individual student report about the performance of their child on the State assessment in at least mathematics, language arts, and reading
 Provide each parent timely notice when their child has been assigned or has been taught for four (4) or more consecutive weeks by a teacher who is not highly qualified within the meaning of the term in section 200.56 of the Title I Final Regulations (67 Fed. Reg. 71710, December 2, 2002)
 Provide each parent timely notice information regarding the professional qualifications of the student’s classroom teachers and paraprofessionals, as described in section 1111(h)(6)(A)
POLICY INVOLVEMENT

Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Von Ancken, Johan	Principal
Herald, Kysha	Assistant Principal
Fitzgerald, Trisha	Principal

Duties

Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

Middle/High PSLT Members

The leadership team includes:

- Principal
- Assistant Principal for Curriculum
- Assistant Principal for Administration
- Guidance Counselor
- School Psychologist
- School Social Worker
- Academic Coaches (Reading, Math, etc. and other specialists on an ad hoc basis),
- ESE teacher
- Subject Area Leaders (Middle)
- Team Leaders (Middle)
- Department Heads (High)
- SAC Chair
- ELP Coordinator
- ELL Representative
- Attendance Committee Representative
- Behavior Team Representative or Behavior Specialist/Coach

(Note that not all members attend every meeting, but are invited based on the goals and purpose for the meeting)

Elementary/Middle/High

The examples below demonstrate the shared roles and responsibilities for members of the PSLT:

PSLT Coordinator—Principal/Assistant Principal: Coordinate and oversee the decision making process to ensure integrity and consistency of the PS/Rtl implementation at the building level. The principal should attend PSLT meetings at the Tier 1 level, provide specific procedures for resource allocation, and monitor the fidelity of instruction/intervention at the school-wide and classroom levels (Tier 1)

PSLT Meeting Facilitator— e.g., School Psychologist, Reading Coach, School Social Worker, Guidance Counselor, ESE Specialist, and/or Intervention Specialist: The facilitator opens the meeting with a brief description of what the team expects to accomplish during the meeting. The facilitator is to establish and maintain a supportive atmosphere throughout the meeting by encouraging participation from team members, clarifying and summarizing information communicated during the meeting, design specific procedures for ongoing communication between school staff and PSLT, and assist with monitoring the fidelity of intervention implementation across each tier.

PSLT Content Specialist— e.g., Administrator, Reading Coach, Math Coach, Writing Coach, ESE Specialist, and/or Behavior Specialist: Ensures that when new content curricular materials are obtained, implementers are adequately trained to use the materials, check fidelity of use of curricular materials and strategies, determine what elements need to be included in an effective core instructional program and assist the team in identifying which instructional strategies are most effective to address areas of concerns. The Content Specialist may also assist with monitoring the fidelity of instruction and intervention implementation across each tier.

PSLT Data Consultant— e.g., Assistant Principal, Reading Coach, Math Coach, Science Coach, Academic Intervention Specialist, Behavior Specialist, Technology Support Personnel, School Psychologist, School Social Worker, ESE Specialist, and/ or Guidance Counselor: Prior to the meeting, the Data Consultant assists team members with collecting, organizing, analyzing, graphing and interpreting data. The data should be presented in easily understandable visual displays to guide the decision making process.

PSLT Timekeeper—Ensures that meeting times are respected and helps the team stay focused on the respective agenda. Because many decisions need to be made during the meeting, the timekeeper should redirect the team's discussion when necessary. The timekeeper should know who are working on specific projects and set timelines for completion/implementation as well as monitor the fidelity across each tier.

PSLT Recorder—Records the plans of the team, including meeting minutes/notes. This person will

capture all important information, especially related to instruction/ intervention specifics, progress monitoring, data analysis, and future meeting dates. The recorder may need to ask for clarification several times during the meeting to ensure that enough detail is recorded so that a person who did not attend the meeting would be able to clearly understand the nature and implementation of the instructional/intervention plan

The Leadership Team/PSLT communicates with and supports the PLCs in implementing strategies by distributing Leadership Team members across the PLCs to facilitate planning and implementation. Once strategies are put in place, the Leadership Team members who are part of the PLCs regularly report on their efforts and student outcomes to the larger Leadership Team/PSLT.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

Elementary/Middle/High

• In an effort to engage in a systematic data-based problem solving process, the school's Leadership Team/PSLT and PLCs use the problem solving process (Problem Identification, Problem Analysis, Intervention Design and Implementation and Evaluation to engage in data-driven decision making for core instruction. The process is outlined below:

o Analyze student outcomes and make data-driven decisions:

1. What is the problem? (Problem Identification)
2. Why is it occurring? (Problem Analysis and Barrier Identification)
3. What are we going to do about it? (Action Plan Design and Implementation)
4. Is it working? (Monitor Progress and Evaluate Action Plan Effectiveness)

o Identify the problem (based on an analysis of the data disaggregated via data sorts) in multiple areas – curriculum content, behavior, and attendance

o Develop and test hypotheses about why student/school problems are occurring (identify root causes and barriers to success).

o Develop and target interventions based on confirmed hypotheses.

o Identify appropriate progress monitoring assessments to be administered at regular intervals matched to the intensity of the level of instructional/intervention support provided.

o Develop grading period or units of instruction//intervention goals that are ambitious, time-bound, and measurable (e.g., SMART goals).

o Review progress monitoring data at regular intervals to determine when student(s) need more or less support (e.g., frequency, duration, intensity) to meet established class, grade, and/or school goals (e.g., use of data-based decision-making to fade, maintain, modify or intensify intervention, remediation and/or enrichment support).

o Each PLC develops PLC action plan for SIP strategy implementation and monitoring.

o Assess the implementation of the strategies on the SIP using the following questions:

1. Does the data show implementation of strategies are resulting in positive student growth?
2. To what extent are we making progress toward the school's SIP goals?
3. If we are making progress, what can we do to sustain what is working?
4. What barriers to implementation are we facing and how will we address them?
5. What should we do next? What should be our plan of action?

At the end and beginning of each year, schools take an inventory of resource materials, staff and allocation of funds for their building to determine the necessary resource materials and personnel available to meet the needs of their students. The leadership team/PSLT develops a resource map to identify gaps in resources and to ensure resources are available and allocated across the building for use by all grade levels and teachers.

To ensure teacher support systems and small group and individual needs are met, the Problem Solving Leadership Team (PSLT):

1. Review school-wide assessment data on an ongoing basis in order to identify instructional needs across the school and all grade levels.
2. Support the implementation of high quality instructional practices during core and intervention blocks.
3. Review progress monitoring data at the core to ensure fidelity of instruction and attainment of SIP goal(s) in curricular, behavioral, and attendance domains.
4. Communicate school-wide data to PLCs and facilitate problem solving within the content/grade level teams.

The PSLT meets regularly (e.g., bi-weekly/monthly) The PSLT meeting calendar is structured around the district's assessment calendar to ensure there are opportunities to review assessment outcome data and engage in the problem solving process for appropriate data-driven decisions. The members on the team include administrator(s), guidance counselor(s), school psychologist, ESE specialist, content area coaches/specialists, PLC liaisons, and other school personnel as needed.

To build capacity multi-tiered system of instructional delivery (Tier 1/Core, Tier 2/Supplemental and Tier 3/Intensive), the PSLT:

- Supports school teams with creating, managing and updating the school's resource maps for academic and non-academic areas.
- Ensures the master schedule incorporates allocated time for intervention support at all grade levels and assist teacher teams in identifying evidence-based strategies and materials for intervention delivery.
- Coordinates data sorts at the beginning of each year to identify students in need of enrichment, remediation and intervention support at each tier.
- Facilitates the implementation of specific programs (e.g., Extended Learning Programs during and after school; Saturday Academies) that provide support to students in need of remediation of core skills.
- Determines the school-wide professional development needs of faculty and staff and arrange trainings aligned with the SIP goals.
- Organizes and support systematic data collection (e.g., universal screenings, formative, ongoing progress monitoring and summative data).
- Assists and monitor teacher use of SMART goals for core instruction and intervention groups. (data will be collected and analyzed by PLCs and reported to the PSLT)
- Strengthen Tier 1 core instruction by:
 - o Implementing evidence-based instructional strategies and/or interventions. (as outlined in the SIP)
 - o Supporting PLCs with planning and delivering rigorous core instruction.
 - o Ensuring opportunities for common assessments are provided across each grade level.
 - o Reviewing common assessment data to monitor students Response to Core Instruction.
 - o Monitoring the fidelity of instructional practices.

Title I, Part A

Services are provided to ensure students who need additional remediation are provided support through: after-school, Saturday School and summer programs, quality teachers through professional development, content resource teachers, and mentors.

Title I, Part C- Migrant

The migrant advocate provides services and support to students and parents. The advocate works with teachers and other programs to ensure that the migrant students' needs are being met.

Title I, Part D

The district receives funds to support the Alternative Education Program which provides transition services from alternative education to school of choice

Title II

The district receives funds for staff development to increase student achievement through teacher training. In addition, the funds are utilized in the Salary Differential Program at Renaissance Schools.

Title III

Services are provided through the district for educational materials and ELL district supported services to improve the education of immigrant and English Language Learners

Title X- Homeless

Supplemental Academic Instruction (SAI)

SAI funds will be coordinated with the Title I funds to provide summer school, reading coaches, and extended learning opportunity programs.

Violence Prevention Programs

NA

Nutrition Programs

NA

Housing Programs

NA

Headstart

We utilize information from students in Head Start to transition into Kindergarten.

Adult Education

NA

Career and Technical Education

The career and technical support is specific to each school site in which funds can be utilized, in a specific program, within Title I regulations.

Job Training

Job training support is specific to each school site in which funds can be utilized, in a specific program, within Title I regulations.

School Advisory Council (SAC)

Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Johan von Ancken	Principal
Marian Manganello	Teacher
Charles Harkness	Business/Community
Toni Morrison	Student
Christina Mayo	Teacher
Charlie Spraggins	Student
Kysha Herald	Education Support Employee

Duties

Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

Evaluation of last year's school improvement plan

The SIP was reviewed by SAC members in an effort to support a safe and rigorous culture of learning at Hillsborough High School. The focus is to create a school plan that positively effects all stakeholders.

Development of this school improvement plan

In partnership with the School Leadership Team, the SAC will analyze and assess all pertinent school data that affects student achievement, develop the school improvement plan, vote on the school improvement plan, monitor the school improvement plan, review the school improvement plan as needed, plan and carry out activities that support the school improvement plan, develop a SAC

budget to support the school improvement plan goals, monitor the spending of the SAC budget, and make adjustments to the budget as needed.

Preparation of the school's annual budget and plan

Teacher Mini Grants Teacher

Mini-Grants that will be applied for by teachers and approved through the SAC committee throughout the year \$2,000

School Wide Improvement

Student incentives aimed at improving attendance, discipline and academic achievement \$3,000

Technology

Software used to enhance learning \$793

Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

SAC submits a budget within the SIP to support strategy implementation and/or professional development.

In the event that the state does not allocate SAC funds to schools, the district may elect to allocate district dollars to schools to support SIP goals. If and when they become available, schools will be notified of the allocation by the Business Division. An initial allocation of 90% is based on the average un-weighted FTE from the prior year. The second allocation is based on the current year's average un-weighted FTE minus the amount initially allocated. The second allocation usually falls in the month of March. Schools are notified by the Business Division when the first and second allocations have been completed.

The law encourages each local SAC to design their own budget (without infringement at the district level) in order to carry out the school improvement process in their school. Subject to the following restrictions, the law does not set any limitations on how the money can be spent. The principal may not override the recommendation of the SAC. Funds may not be used for capital improvement. Funds may not be used for any project or program that has a duration of more than one year. However, a program or project formerly funded may receive funds in a subsequent year. The SAC is responsible for determining how funds will be appropriated. The SAC must vote on each item in the budget.

Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

No

If the school is not in compliance, describe the measures being implemented to meet SAC requirements

Literacy Leadership Team (LLT)

Membership

Identify the name, email address and position title for each member of the school-based LLT.:

Name	Title
Herald, Kysha	Assistant Principal
Fitzgerald, Trisha	Assistant Principal

Duties

Describe how the LLT promotes literacy within the school

School wide data chats will help coaches follow progress of L 3+ students.

School wide effort to promote the importance of students performing at their highest level possible.

Specialize the opportunities for students to receive tutoring in reading.

Strengthen PLCs to improve assessment opportunities and monitoring of student achievement throughout the year.
Organize teacher observations to view strategies to increase student engagement.

Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

Positive collaboration is encouraged at Hillsborough High School through the use of bi-weekly Professional Learning Communities. In PLC's, content area teachers meet to review standards of the curriculum, pacing guides, create common assessments and plan for systems of supports. Student common assessment is reviewed and data is generated to confirm what instructional strategies are necessary to support student learning.

A Common Assessment covers a portion of instruction within the District adopted curriculum. It covers all of the skills taught within a certain time period. The purpose of the Common Assessment is to assess students' knowledge of the core curriculum. The results of the Common Assessment are used to:

- Determine if the lesson plans and teaching strategies used to teach the core curriculum were effective or need to be modified.
- Determine which skills need to be taught with alternative strategies.
- Determine which skills need to be re-taught within the core curriculum and which skills need to be moved to the Reinforcement Instructional Calendar.
- Determine which students need Differentiated Instruction within the classroom and which students might need Supplemental Services.

Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

Teacher Interview Day and Recruitment Fairs occur in June under the oversight of Human Resources. All applicants must be pre-approved by the District to attend these events. SDHC is implementing the Empowering Effective Teachers (EET) initiative, which awards salary increases to all teachers based on sustained performance. Performance levels are tied to a 3-year average of value added measures. The teacher evaluation is based on that value added, along with peer/mentor evaluation data and principal/administration evaluation data. PLCs and the District's Mentoring program for new teachers are essential for teacher retention.

The Salary Differential program for identified high needs Title I schools helps to recruit and retain high quality teachers. All new hires must be approved by the District. This program requires teachers to be rated in the "good to excellent" range, be highly qualified for their position, and to have completed, signed and implemented an Individualized Professional Development Plan (IPDP).

Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

District based mentors are provided to teachers new to teaching through the EET initiative. Weekly visits by mentors can include planning, modeling, data analysis, coaching, conference, and problem solving. Mentors work individually with new teachers, developing unique plans to support professional growth. The district-based mentor has strengths in the areas of leadership, mentoring, and increasing student achievement.

Ambitious Instruction and Learning

Instructional Programs and Strategies

Instructional Programs

Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

All curriculum materials are directly specify to the Florida Department of Education's state standards. College Board supplemental materials are used to ensure a level of academic rigor and preparation for college entrance.

Instructional Strategies

Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

Common assessments, quarter grades, reading levels and student scores are reviewed for each student prior to course placement. Guidance staff and support specialist are responsible for creating an educational plan that meets the needs of every student on site. The students' acadmic course of study is specific to future plans for each student. During the course of a students academic career, test scores, GPA, and quarter grades are reviewed to monitor if the student is accelerating in his or her academic track. Discipline and attendance data are also reviewed for student academic success. Students who are identified for extended instruction are referred to ELP, Saturday School and FCAT/ FSA Tutoring. Boot camps and concentrated instruction are strategically held prior to statewide testing and semester exams to support student academic progress. AP/IB tutoring is also held to stress preparation for testing and final examinations. FAIR and PERT are used proactively to determine student needs in preparation for statewide testing and college readiness.

Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Extended School Day

Minutes added to school year: 200

Students receiving pull-out tutoring during the school day or Extended Learning Program (ELP) after school will receive instruction on the specific skills they have not mastered in the core curriculum. As students work on these specific skills, they will be assessed during tutoring and ELP to ensure mastery of skills. In order to make this process effective, a communication system between classroom teacher and the tutor/ELP teacher will be developed by the PSLT and monitored for effectiveness throughout the school year. As students progress through Supplementary Support and Intensive Instruction, the number/type of supplemental services, time spent in the supplemental services and frequency of assessment will increase in duration.

Strategy Rationale

Small group and re-teaching are used to support mastery of standards.

Strategy Purpose(s)

- Core Academic Instruction
- Enrichment

Person(s) responsible for monitoring implementation of the strategy

Submission, Plan, durhden@aol.com

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Individual instructor class formative assessment data
Content area formative assessment data
Collected and reviewed quarterly
Student failure report (quarterly)

Student Transition and Readiness

PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

Incoming students are supported through programs such as GAP, GAP II, and 9th Grade Transition Camp. IB students are supported through introductory programs that are held prior to the completion of 8th grade.

College and Career Readiness

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

Annually the school will hold elective fairs with present and incoming students. Based on interest, we will establish Course Selection Sheets and courses offerings to best meet their needs. The Guidance Department, ESE Specialist, AVID Coordinator, Department Heads, teachers and APCs will then articulate with feeder schools and assist students in signing up for courses and programs based on their Automatic Course Requests and their individual interests. School Counselors will visit classes to review the curriculum guide and course descriptions. They will distribute Course Selection Sheets

and provide information about selecting courses for the following school year. These Course Selection Sheets are then sent home for parent review and signature.

On an annual basis, the school will review new course offerings at the state and district level to continue to offer rigorous and relevant coursework and to meet the State Standards.

Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

Courses and coursework are established in Professional Learning Communities, Advanced Placement, IB, Dual Enrollment, Career Themed Courses, Career Pathways, Program Completers, the Magnet Programs and AVID classes to help students see the relationships both cross-curricular and within subjects to establish relevance to a student's future. Many of these programs help guide and establish a student for postsecondary readiness (Industry Certifications, college credit, job skills, etc).

Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

District-Level

The Career and Technical Education (CTE) Department provides our counselors with the Programs of Study to help guide students with their educational pathway. The Program of Study maps out the courses and timeline for students to be program completers and successfully transition to postsecondary institutions.

Our district provides a variety of opportunities for students to learn about career pathways at postsecondary institutions through programs such as:

- Amazing Race -Provides 12th grade students an opportunity to gather enrollment requirements, scholarship opportunities and program offerings for incoming college freshmen
- Hi-TEC Trek - Provides 11th graders with an opportunity to explore Hillsborough County's postsecondary technical centers career and program opportunities.
- Wings of Imagination – Provides rising 10th grade girls with the opportunity to explore AS degree programs offered through Hillsborough Community College.
- College and Career Connections – Provides Career and Technical Education teachers, middle and high school counselors the opportunity to visit the four Hillsborough HiTEC centers and five HCC Campuses.

Additionally, the Hillsborough County Career Pathways Consortium coordinates articulation agreements to provide Career and Technical Education Program Completers with free credit at postsecondary institutions across the state of Florida.

School-Level

Students may participate in the following:

- Using SAI funds, Saturday SAT and ACT prep classes are offered. Information regarding SAT and ACT prep classes and testing dates will be provided to students and parents.
- All juniors will participate in the SAT School-Day. Utilizing test preparation and SAT online to prepare prior to the free SAT opportunities. Other additional free SAT opportunities are available to juniors to take the SAT.
- College Visits - Various college representatives visit school sites to share information about their specific colleges or universities with students.
- ASVAB - Students interested in possibly enlisting in the military are given an opportunity to take this aptitude test.
- Hi-TEC Centers Field Trip - Students will be given the opportunity to visit multiple centers and learn more about the programs offered at these technical schools.
- USF Senior Access Day - Disadvantaged and underrepresented students are invited to visit USF and learn about careers in various health professions.
- Ready to Work - Students in 12th grade have the opportunity to complete three assessments in the areas of math, reading and interpreting data on the computer in the Success Center. After completing

the assessments students are sent a certificate that indicates their scores and the correlating skills. The students then show this certificate to an employer when applying for a job, which makes them more marketable.

- Senior Night - All seniors and their parents are encouraged to attend senior night, where they receive the senior handbook and counselors share valuable information about the senior year. This includes postsecondary information, a timeline of what seniors should be doing during the course of the year, SAT/ACT test dates, etc.
- Junior Night - Juniors and their parents are presented with important information about postsecondary planning, a timeline of what they should be doing during the course of the year, SAT/ACT test dates, etc.
- Through the AVID program, students are engaged in on-going college readiness activities.
- College Night – The district offers four college nights throughout the county for students to speak directly with over 100 college and university representatives.
- All targeted juniors take the PERT. Based on the results, students are placed in college readiness coursework to prepare for college entrance and college level coursework.
- Financial Aid Night- The district offers eight financial aid nights for students and parents to understand the financial aid process, Bright Futures and state/local scholarship process.
- Pasos al Futuro- The district offers several Pasos al Futuro events throughout the school year for English Language Learners and Spanish speaking families by facilitating a comprehensive presentation that intends to demystify the college planning, admission and financial aid process for students and their families.
- Guidmii- is a web-based academic planning tool available for middle and high school students. The Guidmii platform enables secondary students and parents to develop a roadmap to college and career readiness. Students and parents can view the student's academic options, track high school graduation requirements, obtain information regarding Bright Futures, scholarships, and college admissions information.

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Problem Solving Key

G = Goal

B =
Barrier

S = Strategy

1 = Problem Solving Step  S123456 = Quick Key

Strategic Goals Summary

- G1.** Student achievement will increase when we effectively review data reflected on common assessments, PLC forms, formative data, FCAT retake percentages, classroom assessments, student mid-quarter and quarter grades, and concordant scores on SAT and ACT.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), resources available to support movement toward the goal, barriers to achieving the goal, and the plan for monitoring progress toward the goal

G1. Student achievement will increase when we effectively review data reflected on common assessments, PLC forms, formative data, FCAT retake percentages, classroom assessments, student mid-quarter and quarter grades, and concordant scores on SAT and ACT. 1a

G050136

Targets Supported 1b

Indicator	Annual Target
College Readiness Reading	90.0
4-Year Grad Rate (At-Risk)	68.0
5-Year Grad Rate	73.0
Dropout Rate	0.01

Resources Available to Support the Goal 2

- District Level Support Staff
- Writing/Reading Coach
- Math Coach
- MTSS/RTI Coach
- ELL Specialist
- ESE Specialist

Targeted Barriers to Achieving the Goal 3

- PLC's not conducted properly; no common assessment formulated or common planning during sessions

Plan to Monitor Progress Toward G1. 8

Overall school wide student performance.

Person Responsible

Johan Von Ancken

Schedule

Biweekly, from 9/22/2014 to 5/25/2015

Evidence of Completion

School Grade

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

Problem Solving Key

G = Goal **B** =
Barrier **S** = Strategy

1 = Problem Solving Step  S123456 = Quick Key

G1. Student achievement will increase when we effectively review data reflected on common assessments, PLC forms, formative data, FCAT retake percentages, classroom assessments, student mid-quarter and quarter grades, and concordant scores on SAT and ACT. **1**

Strategy Rationale

This would provide an example for instructors to reference when designing effective PLC's.

Action Step 1 **5**

Bi-weekly PLC's-(content specific)

Person Responsible

Kysha Herald

Schedule

Biweekly, from 9/8/2014 to 5/18/2015

Evidence of Completion

PLC feedback forms, Student performance results

Plan to Monitor Fidelity of Implementation of G1.B2.S1 6

Monitor teacher participation in PLC's with the use of feedback form.

Person Responsible

Kysha Herald

Schedule

Biweekly, from 9/22/2014 to 5/25/2015

Evidence of Completion

Feedback forms will indicate meeting agenda, form of data and method of analysis, attendees, common assessment created and next steps for instructors.

Plan to Monitor Effectiveness of Implementation of G1.B2.S1 7

Formative data indicating similar student performance for each instructor in the content area.

Person Responsible

Kysha Herald

Schedule

Biweekly, from 9/22/2014 to 5/25/2015

Evidence of Completion

Student performance should indicate standards that have been mastered and those that need to be addressed/retaught by the content instructors.

Appendix 1: Implementation Timeline

Action steps and monitoring activities identified in the SIP as necessary to achieve the school's goals.

Source	Task, Action Step or Monitoring Activity	Who	Start Date (where applicable)	Deliverable or Evidence of Completion	Due Date/ End Date
G1.B2.S1.A1	Bi-weekly PLC's-(content specific)	Herald, Kysha	9/8/2014	PLC feedback forms, Student performance results	5/18/2015 biweekly
G1.MA1	Overall school wide student performance.	Von Ancken, Johan	9/22/2014	School Grade	5/25/2015 biweekly
G1.B2.S1.MA1	Formative data indicating similar student performance for each instructor in the content area.	Herald, Kysha	9/22/2014	Student performance should indicate standards that have been mastered and those that need to be addressed/ retaught by the content instructors.	5/25/2015 biweekly
G1.B2.S1.MA1	Monitor teacher participation in PLC's with the use of feedback form.	Herald, Kysha	9/22/2014	Feedback forms will indicate meeting agenda, form of data and method of analysis, attendees, common assessment created and next steps for instructors.	5/25/2015 biweekly

Appendix 2: Professional Development and Technical Assistance Outlines

Professional development opportunities and technical assistance items identified in the SIP as action steps to achieve the school's goals.

Professional Development Opportunities

Professional development opportunities identified in the SIP as action steps to achieve the school's goals.

Technical Assistance Items

Technical Assistance opportunities identified in the SIP as action steps to achieve the school's goals.
