### School Board Approval

This plan is pending approval by the Alachua County School Board.

### SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

## Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

### Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

### Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

### Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

### Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

## Differentiated Accountability

Florida's Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

### DA Regions

Florida's DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

### DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A or B with at least one F in the prior three years
- Prevent – currently C
- Focus – currently D
  - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
  - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
  - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
  - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

### DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-D with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

### Supportive Environment

#### School Mission and Vision

##### **Provide the school's mission statement**

Fort Clarke Middle School is strongly committed to providing an environment that fosters the social, mental, physical, emotional and cultural development of each student.

##### **Provide the school's vision statement**

Through a continuous cycle of collaboration, planning, teaching, assessment, remediation and reflection, Fort Clarke strives to provide a successful learning experience for all students.

#### School Environment

##### **Describe the process by which the school learns about students' cultures and builds relationships between teachers and students**

Mentoring Program: Every adult is paired with a student needing support. Weekly contact, regular goal setting and celebrations are scheduled.

Weekly Team Meetings: Agenda items include collaboration regarding students experiencing a lack of success, brainstorming of interventions that have worked and formation of plans for future success.

Incentive Programs: School-wide incentive programs for good behavior and high achievement, as well as improvement in either area are scheduled regularly and advertised daily. This healthy competition between Homerooms and grade levels helps to bond teachers and students by working on common goals. Each grade level fosters competitions between Homerooms for wearing spirit wear, winning in tug-of-war and kickball tournaments.

Field trips: Trips are scheduled during the first month of school for the sole purpose of forming strong relationships among students and between teachers and students. Activities such as bowling and skating together allow students and teachers to get to know each other as individuals.

##### **Describe how the school creates an environment where students feel safe and respected before, during and after school**

\*Local school bullying hotline where students are reminded weekly to report any unsafe actions.

\*Implementation of the Olweus Anti-bullying protocol.

\*PALS Program: Peer support program with a mental health counseling component.

\*Peer Mediation: Student leaders are trained to mediate disagreements between students.

\*EDEP after school program: Provides a safe, stimulating social and homework environment for students.

\*Before School Care: Free supervision from 7 am until school starts for students needing to be dropped off early.

##### **Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced**

Fort Clarke developed a school wide discipline plan in 2007 which has been revised and updated each year. Teachers, counselors, deans and administrators wrote the iPOD (I practice outstanding discipline) plan which has an edition that is sent home for parent/student reference and a teacher edition for classroom reference. The plan includes the behavioral expectations in each area of the

school and school day, as well as how each of the school rules are exhibited in various aspects of a student's school day. The rules include: Be Safe, Be Respectful, Be Responsible, HBO (Keep Hands, Body, Objects to yourself). The Teacher Edition also contains sample strategies and consequences for a wide variety of infractions as well as positive consequences to continue redirection r improvement when it is noted.

A classroom log is provided which lists the hierarchy of consequences. All teachers are asked to keep a log for each class so that data containing parent contact and all interventions implemented is readily available for reference. The school's protocols for enforcing the district dress code, cell phone, and tardy policies are also invited as well as The Pledge of Peace which is recited school wide each 9 weeks.

Teachers new to our school are oriented to the plan during preplanning each year and it is covered with the entire faculty more briefly during preplanning as well.

**Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services**

Fort Clarke provides mentoring to at risk students by faculty/staff members as well as from community members, and small group and individual counseling for a variety of issues from grieving a loss, self-injurious behavior, feeling depressed, to lack of organization skills and low self esteem..

Our PALS program provides mental health therapy in small groups for students who feel like 'outsiders' or that they don't belong. In this program, students who are successfully attached to the school environment reach out to others less connected and form relationships.

Peer Mediators are students trained to foster listening and communication skills between individuals or groups who are not getting along. If students at odds with other are willing to sit at the table together, Peer Mediators will facilitate a dialogue between the parties and make every effort to foster a resolution to the difficulties being shared.

Leadership training skills: Each 9 weeks, 9 at risk students are selected to participate (with parental buy-in obtained) in a communication/problem solving/decision-making/leadership skill training conducted by trained professionals from the River Phoenix Center for Peace. Those that successfully graduate the program are placed in formal leadership positions such as Peer Mediator, Office Aide, etc.

**Early Warning Systems**

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

**Describe the school's early warning system and provide a list of the early warning indicators used in the system**

Weekly Team Meetings: Student concerns in areas of academics, attendance, behavior, grades are documented and further action is assigned to various team members, as appropriate. When students have been absent more than 5 days without notifying the school, the Home Room teacher contacts home to inquire about the student, share the district's discipline policy and encourage a prompt return to school.

Suspensions: Students meet individually with the principal after their first dean's referral to discuss alternate behaviors, plan for success, and offer the incentive to remove the referral at end of year if no more are earned. This offer is put in a letter to parents which students take home for a parent signature.

Students failing any academic class after the first semester meet with the administrative team to identify the reasons for the failure, discuss possible solutions, set goals for the next 9 weeks, and devise an action plan. These students are then identified to the grade level team for closer monitoring and followed up with after the third 9 weeks' grades are out.

When students are suspended from school, parents are required to accompany students upon their

return to school to meet with the administrative team to discuss implications of continued misbehavior and suspension, as well as to devise a plan for improvement.

**Provide the following data related to the school's early warning system**

***The number of students by grade level that exhibit each early warning indicator:***

Indicator	Grade Level			Total
	6	7	8	
Attendance below 90 percent	40	21	42	103
One or more suspensions	21	15	19	55
Course failure in ELA or Math	51	34	57	142
Level 1 on statewide assessment	69	51	76	196

***The number of students identified by the system as exhibiting two or more early warning indicators:***

Indicator	Grade Level			Total
	6	7	8	
Students exhibiting two or more indicators	24	10	25	59

**Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system**

1. Enrollment in a Leader/Communication skills class 2/week.
2. Assigning all at risk students an adult mentor to make weekly contact, set goals, reward, etc.
3. Offering incentives to first time referrals so no more are earned.
4. Assignment to smaller classes for math/reading/ELA with alternate curriculum or strategies.
5. Designing individual point sheets for behavior tracking and incentives.
6. Remediating skill deficits with alternate instructional strategies documented by each teacher.

**Family and Community Involvement**

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

**Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress**

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

**Will the school use its PIP to satisfy this question?**

No

***PIP Link***

The school completes a Parental Involvement Plan (PIP), which is available at the school site.

***Description***

We invite parents to volunteer for ice cream socials, dances, field trips, health screenings, help with morning supervision, to attend luncheons, to Open House twice a year, and schedule over 600 parent conferences per year.

Students identified as being at risk are enrolled in a leadership/communication skills program in conjunction with The River Phoenix Center for Peace. Parents are invited to a reception to explain the program and obtain 'buy in', then invited back for the graduation presentation in which their child participates for the program's conclusion.

School funds are used to purchase School Planners for every student which contain information about dress code, the attendance policy, check out procedures, requirements for graduation, etc. The Planners are used for daily communication with parents regarding school assignments and any other pertinent issues through hand written comments.

Teacher websites communicate assignments, due dates, assessment information and copies of class notes for home reference.

The PTA sponsors two parent information sessions each year: Cybersafety, and Parent Portal/ Edutone access. We provide office staff for all evening events, including the Open House, so that parents may sign up for Parent Portal access at times most convenient to them.

Phone Homes and Emails home to parents occur frequently to inform families of deadlines, resources, support and what to expect in the following weeks.

**Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement**

Sonny's Night for Education: Quarterly fundraising nights at a local restaurant to raise funds for instructional technology.

Moe's, Skate Station, Zaxby's Fundraiser nights to raise money to lower the cost of student field trips. Community SAC members support our fundraisers and encourage their employees to mentor students. Community members are solicited to mentor, attend school functions and support school sports, dances and events.

**Effective Leadership**

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

**School Leadership Team**

**Membership**

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Hrivnak, Bill	Dean
Bush, Amanda	Instructional Coach
Hiner, Lauren	Teacher, K-12
Kidwell Diehlman, Donna	Principal
Mason, Karen	Teacher, K-12
PetranMcKnight, Teresa	Teacher, K-12
Schimmel, Terri	Teacher, K-12
Scott, C. Ann	Assistant Principal
Yurish, Greg	Teacher, K-12
Towk, Fran	Teacher, K-12
Jones, Kelly	Assistant Principal

**Duties**

**Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making**

Each Team Leader is responsible for being familiar with current data and bringing ideas for solutions to the weekly meetings. They share input from each of their teachers with the administrative team,

help make school-wide decisions and then communicate the details of those decisions with the teachers on their team. The Team leaders group includes 11 school leaders who meet each Monday morning with Team Leaders then meeting with grade level teachers the following morning. Department Chairs meet monthly with administration to fine tune instructional improvement efforts and act as a conduit between teachers and administration on matters of lesson planning, instruction, assessment and remediation. The following day, they meet with department teachers to share information and obtain feedback and input as available.

Teachers serve on school wide committees, representing their grade level teams or content area departments as they do so. Input is solicited through the teacher reps on the committees from the administrator chairpersons of each: Discipline, Department Chairs, Safety and Grade Level Teams. Administrators practice classroom walk throughs where feedback is given to teachers regarding key instructional elements and conversations are initiated by questions and comment placed online or in person.

Administrators lead staff development opportunities for collaborative lesson planning sessions for teachers.

***Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact***

Team Leaders and the administrative team meet weekly to discuss current progress monitoring data, discipline data and monitor the interventions already in place. Based upon the data shared, interventions and programs already in place may be modified to alter outcomes. This is done with input from all 11 members with discussion and consensus building practiced. If consensus cannot be reached, team leaders obtain input from each teacher at the following day's Team Meeting and then report back to Team Leaders for continued discussion.

1. SAC funds will be used to pay for an outside consultant to provide training in communication and leadership skills to the selected target group of students. SAC meets monthly, and the allocation of all resources is voted on with the budget sheet shared at each meeting.
2. PTA funds will be used to provide incentives for classes and individuals not receiving discipline referrals each 9 weeks. PTA Board meets monthly and the budget sheet is shared at each meeting. Budget decisions are usually made by consensus.
3. CREATE funds will be used to provide substitute teachers for each teacher as departments plan collaboratively for an entire day once each semester. The CREATE plan and budget is prepared in September and submitted to the district for approval in October.
4. CREATE funds will be used to hire subs so that teachers can observe each other teaching collaboratively planned lessons.
5. SAC funds will be used to purchase instructional technology for classrooms. SAC meets monthly.
6. Grant funds have been applied for consulting costs involved with the Leadership training for at risk students.

### **School Advisory Council (SAC)**

#### **Membership**

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Donna Kidwell	Principal
Laura Schollmeyer	Teacher
Sari MacAdams-Heipp	Teacher
Andrea Anderson	Teacher
Veronica Ross	Education Support Employee
Lynda Preston	Parent
Kerry Rousseau	Parent
Kathy Kaminsky	Parent
Beverly Brady	Business/Community
Diane Jenkins-King	Business/Community
Robert Carroll	Business/Community
Evelyn Ortiz	Business/Community
	Student

## Duties

***Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes***

### *Evaluation of last year's school improvement plan*

SAC reviews and revises the SIP in October of each year before submission, then reviews it again in light of student data as it becomes available in the spring. We discuss areas where we fell short of, or reached, our goals. Suggestions are made at that point for changes to the SIP for next year with recommendations offered for additional strategies and interventions or to modify a goal.

### *Development of this school improvement plan*

The SAC oversees the implementation of the plan, reviews and revises it as appropriate before it is uploaded and approves funds to be used for purchases that support implementation of the plan.

### *Preparation of the school's annual budget and plan*

At the initial SAC meeting of the year, the budget sheet is shared and rolled over/new funds are totaled to provide the starting budget for the year.

As requests for funds comes to the attention of SAC, we discuss, question and vote on all requests for and uses of funds. Approved requests must fit into the budget plan of the SIP for that year. The remaining balances are included in the minutes and future needs are discussed with an eye to the bottom line and resources remaining.

***Describe the use of school improvement funds allocated last year, including the amount budgeted for each project***

- Instructional technology-\$5675
- Curriculum Materials-\$1375
- Staff Development-\$5593
- Leadership training for at risk students-\$900
- Hand Sanitizer for student use-\$500
- Deputy to attend school safety conference-\$600
- Increase of Guidance clerical hours for ESE paperwork-\$8389.23

**Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC**

Yes

*If the school is not in compliance, describe the measures being implemented to meet SAC requirements*

Ft. Clarke is in compliance.

**Literacy Leadership Team (LLT)****Membership**

Identify the name, email address and position title for each member of the school-based LLT.:

Name	Title
Kidwell Diehlman, Donna	Principal
Bush, Amanda	Instructional Coach
Jones, Kelly	Assistant Principal
Cheshire, Sarah	Teacher, K-12
Galasso, Stacey	Teacher, K-12
Hiner, Lauren	Teacher, K-12
Mason, Karen	Teacher, K-12
Seiberling, Grace	Teacher, K-12
Scott, C. Ann	Assistant Principal
Young, John	Teacher, K-12
Yurish, Greg	Teacher, K-12

**Duties*****Describe how the LLT promotes literacy within the school***

- Introduces and sustains the use of a school wide set of editing marks to be used in all classes for the editing text.
- Introduces and sustains the use of a school wide annotation guide to be used in all classes for annotating complex text.
- Establishes and Modifies the 12 school wide literacy strategies to better align with the performance objectives of the new standards and assessments. Promote the inclusion of these across all classes.
- Provides a book study group for teachers using "The Core Six" text on literacy strategies.
- Shares research-based instructional literacy strategies with all teachers with follow up for collaborative lesson planning to incorporate the latest strategies into all lesson plans across subjects

**Public and Collaborative Teaching**

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

**Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction**

All teachers are required to select Peer Coaching Team (PCT) members of their choosing at the beginning of the year. A log is kept of all team collaborations for planning, feedback and observing lessons.

All teachers are provided with collaborative planning time within their departments for 1 full day each semester to plan lessons that align better with new standards and assessments.

Subs are provided quarterly for team members to observe each other for a full period of instruction and give/receive feedback and peer coaching.

All former faculty meeting times are used instead for opportunities for teachers to sit with PCTs to lesson plan and include new literacy strategies in their repertoire. These are required meeting times.

**Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school**

1. Regularly scheduled support meetings for new teachers with administrators and support staff.
2. Participation in collaborative planning and problem solving with Peer Coaching Teams.
3. Additional planning time scheduled regularly throughout the year
4. Multiple opportunities for peer observations.

**Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities**

New teachers participate in Peer Coaching Teams within which they plan, problem solve and share best practice. New teachers have a district mentor who meets with them weekly. Support meetings for new teachers are held regularly throughout the school year by administrative staff and deans to answer questions and provide ideas.

## **Ambitious Instruction and Learning**

### **Instructional Programs and Strategies**

#### **Instructional Programs**

***Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards***

Teachers are given opportunities (paid by SAC) the week before preplanning to spend 4-5 hours familiarizing themselves with new test specifications, sample test stems, practice tests and the resources available on CPALMS.

Scheduled times during preplanning and the first month of school and at the beginning of the 2nd semester are used for teachers to align plans/instruction/assessments with the standards.

Each teacher is assigned a full sub day for collaborating within department groups to review, annotate and incorporate the new standards, test specifications, test response modes, sample lesson plans and MEAs from CPALMS. This is planned once each semester.

Three subs are hired each 9 weeks for teachers to observe colleagues from their PCTs deliver collaboratively planned lessons that are designed to better prepare students for the new rigors.

Dedication of first 2 faculty meeting times to alignment activities within PCTs.

Dedication of agenda for each Department meeting that alignment is continuing.

#### **Instructional Strategies**

***Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments***

FCAT data from last year was used to properly place students into the appropriate level of reading and math classes. Students at Level 1 in reading are provided with a block schedule of READ 180 which addresses each student's areas of need with weekly progress monitoring included. Students at Level 1 in math are provided with a DOP math class which provides smaller class size and a pace that reaches more depth in curriculum topics than breadth.

In all classes, teachers are required to frequently progress monitor and document mastery of 70%

accuracy. Students not achieving mastery must be documented and the interventions/ differentiations used to get them to mastery for the retest opportunity must be documented and submitted as well. These include (but are not limited to): reteaching in small groups, use of flashcards, study buddies, lunch time review, test correction and retest, alternate form of test, use of alternate graphic organizers, thematic maps, etc. Three cycles of test/remediation/retest are employed to get all students to mastery.

***Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:***

**Strategy:** After School Program

**Minutes added to school year:** 20,000

The after school program runs for 2 hours each day and provides core academic tutoring, homework completion support and enrichment activities for students through voluntary participation.

***Strategy Rationale***

Students are provided with a safe, focused after school environment with support to complete homework and participate in guided leisure activities instead of being home alone. Supervision, after school snack and creative activities support the whole child after their school day.

***Strategy Purpose(s)***

- Enrichment

***Person(s) responsible for monitoring implementation of the strategy***

Wilson, Jessica, wilsonjw@gm.sbac.edu

***Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy***

Student progress is monitored through FCIM assessments, FAIR, On Track, SRI scores, GPA data, attendance and discipline data. A student's data will be compared to their past year's data as well as to the data of a similar cohort group that did not participate in the after school program.

**Student Transition and Readiness**

**PreK-12 Transition**

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

***Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another***

Evening Open Houses are hosted in Feb. for prospective students. Shadowing days are set up for 5th graders to shadow a current 6th grader for a day. Our ESE department chair travels to the major feeder schools to meet with parents of incoming 6th graders with special needs and develop IEPs that will transition them successfully to middle school.

Eighth graders are oriented to the variety of 9th grade programs available in the district early in the year. Counselors from each school meet with students zoned for that high school to facilitate registration. Evening Open Houses for each high school are advertised at our school and all 8th graders are encouraged to attend. Students are encouraged to participate in scheduled shadowing days at the high schools.

**College and Career Readiness**

***Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations***

During the 8th grade year, the guidance department provides opportunities for students to complete their plans and to advise students on course selections in high school.

The local SFC CROP (college readiness) director visits campus during all lunches to encourage students to participate in their free after school program. We advertise this on campus as well, and the principal, Donna Kidwell, serves on the CROP board. Applications for the free program are distributed with encouragement for students to return them completed.

A career fair is implemented in the spring of each year for 8th graders. Guest speakers representing a wide variety of careers present to small groups of students and Junior Achievement provides guest speakers from local businesses to lead all 8th graders through a career/financial awareness activity that lasts for half of the school day.

On each Friday in fall, students are encouraged to forgo the dress code parameters if they want to wear a T shirt depicting a favorite college/university of their choice.

Nine of our students are participating in the Take Stock in Children scholarship program which provides awareness and information sessions about college and mentoring to eligible members of the program.

***Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs***

We offer a career and technical course in technology which provides students with the opportunity to earn a certificate in Microsoft Word applications. These certificate exams will be expanded to offer PowerPoint in the spring and Excel next school year. Family and Consumer Science classes are available to all grade levels as an elective, with an after school CTE club available.

***Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement***

None at this time.

***Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes***

Approximately 30 8th graders are selected for the Santa Fe College Showcase program which provides them with visits to area postsecondary settings and eligibility criteria so they can begin setting goals now as needed.

Lesson plans and instruction meet the standards for increased rigor and higher level of reading, writing and critical thinking skills in efforts to make sure all of our exiting 8th graders are better prepared for postsecondary setting and the workplace.

## School Improvement Goals

*The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.*

## Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

 B112744

**G1.B1.S1** Substitutes used at the beginning of year to provide additional teacher planning time that is structured to incorporate new rigors. **4**

 S124120

### Strategy Rationale

Teachers will have time to learn standards, test specifications, CPALMS and other state resources needed to plan for effective instruction.

### Action Step 1 **5**

Each dept is assigned a day for collaborative planning each semester and the administration hires subs to cover classes for that day. Summer planning opportunities are provided for this purpose as well.

### Person Responsible

Donna Kidwell Diehlman

### Schedule

Semiannually, from 9/9/2014 to 9/30/2014

### Evidence of Completion

Each teacher will submit the lesson plans developed during that time as well as documentation that new implications for instruction were incorporated. Administrators will walk through classes to observe collaboratively planned lessons.
