SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida’s Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida’s DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A or B with at least one F in the prior three years
- Prevent – currently C
- Focus – currently D
 - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
 - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
 - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
 - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-D with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

Supportive Environment

School Mission and Vision

Provide the school's mission statement

The faculty, staff, parents, and community of Eneida Massas Hartner Elementary School will help our students become responsible, creative, confident, and productive adults. We will strive to empower students and their families through the provision of professional programs that model several sets of skills and social behaviors. These will include positive self-concepts, ethical treatment, decision making, technology, critical thinking, and employability skills.

Provide the school's vision statement

It is the mission of Eneida Massas Hartner Elementary School to assist and motivate all children to reach their fullest potential so that they may become productive citizens. We provide a variety of experiences to increase opportunities for individual success for students, parents, and community members. Our students work and learn in a safe and secure environment that teaches responsibility and respect. Our teachers strive to provide an environment in which the multiple intelligences of each child are explored and honored. Our students are taught in cooperative social settings so that they may acquire and practice appropriate interpersonal skills. These skills facilitate their quest for community as they develop self-knowledge and understand their ability to contribute to society. The faculty at Eneida Massas Hartner Elementary School works to instill in students the importance of new and varied experiences, creativity, positive social change, personal responsibility, and the continued pursuit of education.

It is our belief at Eneida Massas Hartner Elementary School that every child can learn. To achieve this belief, we developed a school-wide initiative of Family Literacy for students and parents, whereby every child who enters kindergarten, will leave our school after fifth grade reading on or above grade level. For our parents, we have partnered with William Turner Tech to offer adult classes for our parents, so that they too can develop their literacy skills. This belief is the "Eneida Brand".

School Environment

Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

Eneida M. Hartner Elementary school values all students and their cultures. Our school fosters relationships between teachers, students and the community. Parents and families are invited to participate in variety of schoolwide events such as Open House, Literacy Night, EESAC meetings, PTA events, field trips and assemblies where students are recognized for their successes.

Describe how the school creates an environment where students feel safe and respected before, during and after school

At Eneida M. Hartner Elementary students' safety is a priority. Security monitors are located throughout the school building before, during and after school hours. There is a full time counselor that provides students with curriculum on bullying, character education, test taking anxiety and other issues of importance to our students. Additionally, there is a school-wide discipline plan implemented to ensure students are treated fairly and consequences are consistent throughout the school.

Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

At Eneida M. Hartner Elementary a school-wide discipline plan has been developed and implemented to ensure consistency throughout the school. Teachers and students from Pre-Kindergarten through fifth grade are familiar with Lynx school-wide discipline plan which is composed of both rewards and consequences. Students have clear behavioral expectations on how to conduct themselves in classrooms, hallways, cafeteria, media center, etc. Additionally, teachers were provided professional development on developing Tier 2 and Tier 3 interventions for students in need of Response to Intervention for behavior.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

Eneida M. Hartner Elementary ensures that the social-emotional needs of all students are being met by conducting structured activities such as individual counseling, group counseling, and classroom presentation. These activities promote positive mental health which contributes to the development of skills that enable students to make appropriate decisions that lead to academic success. The school counselor also provides parents with needed information to seek assistance from outside services. Additionally, students in need of intensive interventions for behavioral or emotional issues are provided with Tier 2 and Tier 3 interventions through the School Support Student and Student Services department.

Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

Describe the school's early warning system and provide a list of the early warning indicators used in the system

At Eneida M. Hartner Elementary School there are several warning systems in place to ensure that students' needs are being met. Attendance reports are monitored on a daily basis and an attendance review committee has been established to monitor students' attendance and tardiness. Students scoring level 1 in English Language Arts and Math are placed in Tier 2 interventions with monthly on-going progress monitoring. Students not making adequate progress at Tier 2, are referred to the School Support Team and provided Tier 3 intensive interventions.

Provide the following data related to the school's early warning system

The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level						Total
	K	1	2	3	4	5	
Attendance below 90 percent	26	14	17	7	6	9	79
One or more suspensions	0	0	0	0	0	0	
Course failure in ELA or Math	16	38	24	25	14	11	128
Level 1 on statewide assessment	0	0	0	52	42	42	136

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level	Total
-----------	-------------	-------

Students exhibiting two or more indicators

Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

At Eneida M. Hartner Elementary school students with two or more early warning indicators are monitored throughout the school year. Students scoring level 1 are placed in interventions for both English Language Arts and Mathematics. Students also receive morning and afternoon tutorial as needed. Communication between students, teachers and parents are established via conferences to ensure students are making progress. Students are referred to the School Support Team to provide students services.

Family and Community Involvement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

Will the school use its PIP to satisfy this question?

Yes

PIP Link

The school completes a Parental Involvement Plan (PIP), which is accessible through the Continuous Improvement Management System (CIMS) at <https://www.floridacims.org/documents/195426>.

Description

A PIP has been uploaded for this school or district - see the link above.

Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

At Eneida M. Hartner Elementary school administrators, teachers, and parents are active participants in the pursue of attaining community partners. Community leaders and agencies are invited to attend SAC meetings, PTA meetings, Open-House and school wide events. Currently Eneida M. Hartner partners with Big Brothers, YMCA, William H. Turner Technical Arts High School a variety of community agencies to provide support to our students and increase student achievement.

Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Mckoy, Derick	Principal
Blanco, Lizette	Assistant Principal
Ward, Robin	Instructional Coach

Duties

Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

- Derick McKoy, Principal
- Lizette Blanco, Assistant Principal
- Robin Ward, Reading Coach
- Margarita Fernandez, School Counselor
- Clidia Gonzalez, Special Education Chairperson
- Al Lawrence, ELL Chairperson
- Shekina Chatman, Math Leader
- Irene Barry, Science Leader
- Cassandra Holmes, Primary Teacher
- Rima Rodriguez, Intermediate Teacher
- Israel Sarasti, School Psychologist
- Kimberlee Williams-Giddens School social worker

In addition to Tier 1 problem solving, the Leadership Team members will meet once a month to review consensus, infrastructure, and implementation of building level MTSS.

Tier 2

Selected members of the MTSS Leadership Team will conduct regular meetings to evaluate intervention efforts for students by subject, grade, intervention, or other logical organization.

In addition to those selected other teachers will be involved when needed to provide information or revise efforts.

Tier 3 SST

Selected members of the Leadership Team, Tier 2 Team, and parent/guardian make up the Tier 3 SST Problem Solving Team.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

The MTSS Leadership Team use the Tier 1 Problem Solving process to set Tier 1 goals, and monitors academic and behavioral data to evaluate progress towards those goals at least three times per year by:

1. Holding regular team meetings where problem solving is the sole focus.
2. Using the four step problem solving process as the basis for goal setting, planning, and program evaluation during all team meetings that focus on increasing student achievement or behavioral success.
3. Determining how we will know if students have made expected levels of progress towards proficiency? (What progress will show a positive response?)
4. Respond when grades, subject areas, classes, or individual students have not shown a positive response? (MTSS problem solving process and monitoring progress of instruction)
5. Responding when students are demonstrating a positive response or have met proficiency by raising goals or providing enrichment respectively.
6. Gather and analyze data at all Tiers to determine professional development for faculty as indicated by group or individual student diagnostic and progress monitoring assessment.
7. Ensure that students in need of intervention are actually receiving appropriate supplemental Tier 2 intervention. Gather ongoing progress monitoring (OPM) for all interventions and analyze that data using the Tier 2 problem solving process after each OPM.

Tier 2

The second level of support consists of supplemental instruction and interventions provided in

addition to and in alignment with effective core instruction and behavioral supports to groups of targeted students who need additional instructional and/or behavioral support. Tier 2 problem solving meetings occur regularly (monthly is suggested) to:

1. Review OPM data for intervention groups to evaluate group and individual student response.
2. Support interventions where there is not an overall positive group response
3. Select students (see SST guidelines) for SST Tier 3 intervention

The school improvement plan (SIP) summarizes the school's academic and behavioral goals for the year and describes the school's plan to meet those goals. The specific supports and actions needed to implement the SIP strategies are closely examined, planned, and monitored on the MTSS Tier 1 worksheets completed three times per year. The MTSS Problem-Solving process is used to first carry out, monitor, and adjust if necessary, the supports that are defined in the SIP. Annual goals are translated into progress monitoring (3 times per year) and ongoing progress monitoring measures (approximately once per month) that can reliably track progress on a schedule based on student need across Tiers. Tier 2 supports are provided to students who have not met proficiency or who are at risk of not meeting proficiency.

Finally, MTSS End of Year Tier 1 problem solving evaluates the SIP efforts and dictates strategies for the next year's SIP. At this time, previous years trend data across grade levels is used to examine impact grades for support focus or prevention/early intervention efforts.

While the SIP plan does not focus on the primary (untested) grades, the MTSS leadership team extends the intent of the SIP to kindergarten, first, and second grades as they contribute extensively to later grades performance and student engagement.

Title I, Part A

Eneida Hartner Elementary School will ensure services are provided to students requiring additional remediation and are assisted through extended learning opportunities (before-school and/or after-school programs). The district coordinates with Title II and Title III in ensuring staff development needs are provided. Support services are provided to students. Curriculum Coaches develop, lead, and evaluate school core content standards/ programs; identify and analyze existing literature on scientifically based curriculum/behavior assessment and intervention approaches. They identify systematic patterns of student need while working with district personnel to identify appropriate, evidence-based intervention strategies; assist with whole school screening programs that provide early intervening services for children to be considered "at risk;" assist in the design and implementation for progress monitoring, data collection, and data analysis; participate in the design and delivery of professional development; and provide support for assessment and implementation monitoring. Other components that are integrated into the school-wide program include an extensive Parental Program including a Community Involvement Specialist; Supplemental Educational Services; and special support services to special needs populations such as homeless, migrant, and neglected and delinquent students.

Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

Yes

If the school is not in compliance, describe the measures being implemented to meet SAC requirements

Literacy Leadership Team (LLT)**Membership**

Identify the name, email address and position title for each member of the school-based LLT.:

Name	Title
Mckoy, Derick	Principal
Blanco, Lizette	Assistant Principal
Ward, Robin	Instructional Coach

Duties**Describe how the LLT promotes literacy within the school**

The LLT will ensure that time is provided for professional development and grade group meetings. The following opportunities are present contractually for principals to meet with teachers and provide professional development: (1) bi-monthly faculty meetings, (2) two designated professional development days annually, (3) weekly early release days for elementary teachers, and (4) daily planning time for all teachers that may be used for grade group/department meetings. Additionally, the LLT may provide release time for teachers to visit and observe other master teachers as a source of professional development. Options for professional development may include, but not be limited to, study groups, collaborative teams, peer observations, demonstrations, coaching, mentoring and

visiting model classrooms. Professional development opportunities will be individualized based on student performance data, in addition to the teacher's IPDP.

Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

At Eneida M. Hartner Elementary School teachers, instructional leaders and administrators work together to ensure that students are provided with a comprehensive curriculum. Teachers and instructional leaders meet on a weekly basis to collaborate on lesson plans, effective teaching strategies and rigorous activities. Instructional leaders support teachers at Eneida Hartner by modeling and conducting coaching cycles.

Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

Eneida M. Hartner Elementary School will provide professional development to retain highly qualified and effective teachers. Teachers will be given opportunities within the school to take-on leadership roles as well as participate in professional learning communities. Teachers who are teaching out-of field are considered non-highly qualified. These teachers will receive written notification from Human Resources which provide a timeline to comply with certification. Assistance will be provided to ensure professional development is done in the area needed.

Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

Beginning teachers will be paired with a mentor teacher that has undergone the District-wide MINT training. The mentee will be paired with a mentor within the same grade level and teaching the same academic content. The beginning teacher will participate in district-wide and school developed professional development as needed.

Ambitious Instruction and Learning

Instructional Programs and Strategies

Instructional Programs

Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

At Eneida M. Hartner Elementary School the instructional program and materials are aligned to the Florida Standards. District pacing guides are used for instructional focus. District adopted instructional books and materials are also being used by the school. All instructional supplemental material purchased are aligned with the Florida Standards. Instructional technology programs and software used at Eneida M. Hartner Elementary are also aligned with the Florida Standards.

Instructional Strategies

Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

At Eneida M. Hartner Elementary School, students are provided with differentiated instruction in the English Language Arts and Mathematics. Classroom, district and state assessments data are

analyzed and instruction is differentiated to meet individual student needs. Students meeting grade level standards are provide with enrichment activities to maintain high academic achievement.

Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Before School Program

Minutes added to school year: 2,000

Students are provided the opportunity to attend the computer lab every morning from 7:30 am – 8:15 am to work on technology programs to increase student achievement in the areas of reading and math.

Strategy Rationale

To challenges students and maintain their proficiency status.

Strategy Purpose(s)

- Enrichment

Person(s) responsible for monitoring implementation of the strategy

Ward, Robin , robinward@dadeschools.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Data collected to ensure the effectiveness of the strategy discussed above, includes web-based research program reports generated by the instructional coach and assistant principal monthly. Instructional strategies are then aligned to drive instruction.

Strategy: After School Program

Minutes added to school year: 3,000

ELL students are afforded the opportunity to participate in an afterschool tutorial twice a week for an hour each day in the area of reading and math.

Strategy Rationale

Increase student achievement in reading and math.

Strategy Purpose(s)

- Enrichment

Person(s) responsible for monitoring implementation of the strategy

Blanco, Lizette , lblanco@dadeschools.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Data collected to ensure the effectiveness of the strategies discussed above, include the administration of a pre and post test to determine student academic growth. Data chats take place to discuss student progress. Instructional strategies are then aligned to drive instruction.

Student Transition and Readiness

PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

Title I Administration assists the school by providing supplemental funds beyond the State of Florida funded Voluntary Pre-Kindergarten Program (VPK). Funds are used to provide extended support through a full time highly qualified teacher and paraprofessional. This will assist with providing young children with a variety of meaningful learning experiences, in environments that give them opportunities to create knowledge through initiatives shared with supportive adults. In selected school communities, the Title I Program further provides assistance for preschool transition through the Home Instruction for Parents of Preschool Youngsters (HIPPO) Program. HIPPO provides in-home training for parents to become more involved in the educational process of their three- and four-year old children.

Eneida M. Hartner Elementary has a plan in place where preschool children from area preschools visit the school on various occasions throughout the school year. Students are introduced and exposed to the elementary school program. Kindergarten students are given the School Readiness Uniform Screening System (SRUSS) which is administered during the first 30 days of the school year. The Assistant Principal and kindergarten teachers will be responsible for disaggregating the data to determine students' acquisition of specific skill and knowledge. Students identified with low readiness rates will be provided with additional individualized instruction by the homeroom teacher. Parents will be advised if their child is in need of this type of instruction and will be provided with recommended strategies for them to implement at home in order to assist their child. The program's effectiveness will be monitored by teacher observation of the student as well as by in-school or in-classroom assessments. Funding for this program comes from the district's Title I Office and the Division of Early Childhood Education.

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.
