Grade	A	B	A	A

School Board Approval

This plan was approved by the Nassau County School Board on 11/13/2014.

SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridaCIMS.org>.

Table of Contents

Purpose and Outline of the SIP	4
Differentiated Accountability	5
Current School Status	8
8-Step Planning and Problem Solving Implementation	20
Goals Summary	20
Goals Detail	20
Action Plan for Improvement	22
Appendix 1: Implementation Timeline	31
Appendix 2: Professional Development and Technical Assistance Outlines	33
Professional Development Opportunities	34
Technical Assistance Items	37
Appendix 3: Budget to Support Goals	38

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida’s Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida’s DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A or B with at least one F in the prior three years
- Prevent – currently C
- Focus – currently D
 - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
 - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
 - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
 - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-D with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

2014-15 DA Category and Statuses

DA Category	Region	RED
Not In DA	2	Wayne Green
Former F	Turnaround Status	
No		

Part I: Current School Status

Supportive Environment

School Mission and Vision

Provide the school's mission statement

Our mission is to develop each student as an inspired life-long learner and problem-solver with the strength of character to serve as a productive member of society.

Provide the school's vision statement

To establish a positive collaborative work culture that promotes and fosters teaching and learning among the community of learners. The school's instructional focus will be centered on the use of small groups and include differentiation for all students as well as the integration of Science, Technology, Engineering and Math (STEM) within literacy blocks. Classroom instruction will include a strong emphasis on the development of fluency, vocabulary and comprehension skills in Reading and Math blocks as well as an effort to spiral curriculum on a daily basis.

School Environment

Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

Our school will infuse the content required by Florida Statute 1003.42(2) as applicable to appropriate grade levels, including but not limited to:

- The history and content of the Declaration of Independence
- The history, meaning, significance, and effect of the provisions of the Constitution of the United States.
- Flag education
- The elements of civil government
- The history of the United States
- The history of the Holocaust
- The history of African Americans
- The history of the state
- The conservation of natural resources
- Comprehensive health education
- The study of Hispanic contributions to the United States
- The study of women's contributions to the United States
- Character development programs
- Sacrifices of veterans

We will ensure that relationship-building is a clear priority and that students will develop the knowledge and skills to become contributing citizens in a multicultural society and global community.

Describe how the school creates an environment where students feel safe and respected before, during and after school

Adults across the campus will clarify their expectations for positive interpersonal interaction and create the structures and processes for reporting violations of bullying/harassment/dating violence/civil rights policies.

Involve all staff in the process of modeling and teaching interpersonal expectations in academic and non-academic settings and giving them instruction for reporting violations to appropriate supervisors. Develop methods of effectively addressing disrespectful comments as well as methods for respectfully correcting misbehavior at the classroom and administrative levels.

Create methods/formats where the characteristics of safety and respect can be assessed, monitored, and where strategies for improvement can be created, discussed, and supported.

Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

Ensure teachers are trained in Classroom management strategies.
 Instructional team reviews classroom data to ensure students are engaged while in class.
 Ensure differentiation of instruction is taking place to meet the needs of all students. Teachers will convey and review expectations for each learning activity.
 Class meetings will occur on a frequent basis to include student feedback.
 School-wide recognition systems are in place.
 Offer school counseling services with dedicated time for core classroom guidance that contribute to student engagement leading to improved academic achievement resulting in college-career readiness.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

School based teams meet to discuss students with barriers to academic and social success.
 Mentors are assigned to students identified with concerns.
 Offer instruction and various campus activities that address social/emotional needs of students.
 Connect students to agencies who have Cooperative Agreements or are on campus.
 School counseling program with dedicated time to: 1. Assess the needs of the students and the barriers blocking their success (Data-Driven Decision Making), 2. Identify interventions that the research suggests works to remove the barrier to success (Evidence-Based Intervention), and 3. Evaluate your intervention (Evaluation)
 Engage with identified staff (i.e. school counselor, school-based team leader) to provide a differentiated delivery of services based on student/school need. (Include core, supplemental, and intensive supports.)

Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

Describe the school's early warning system and provide a list of the early warning indicators used in the system

NA

Provide the following data related to the school's early warning system

The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level	Total
Attendance below 90 percent		
One or more suspensions		
Course failure in ELA or Math		
Level 1 on statewide assessment		

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level	Total
-----------	-------------	-------

Students exhibiting two or more indicators

Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

NA

Family and Community Involvement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

Will the school use its PIP to satisfy this question?

No

PIP Link

The school completes a Parental Involvement Plan (PIP), which is available at the school site.

Description

Parent Nights for each of the subject areas: Reading, Math, Science, Writing and Technology are to be held in the first and second semester of school. Information was disseminated to parents regarding each subject area. Hands-on activities were implemented to show parents how to work with their child. School staff, faculty, and administrators strive to strengthen family involvement and family empowerment in the school. The school will coordinate and integrate parental involvement strategies with School Improvement, Strategic Planning, Title I, Title II, Title IV, Title VI, Community Involvement Programs, Business Partnerships, and other community involvement activities.

The school will provide the coordination, technical assistance, and other support necessary to assist in planning and implementing effective and comprehensive parent involvement programs, based on the National Standards for Parent/Family Involvement Programs, which include:

- A. Communication between home and school is regular, two-way and meaningful.
- B. Responsible parenting is promoted and supported.
- C. Parents play an integral role in assisting student learning. The School will help parents understand the state's academic standards, student progression requirements, and how to monitor their children's progress.
- D. Parents are welcome in school, treated with courtesy and respect, and their support and assistance are sought.
- E. Parents are full partners in the decisions that affect children and families.
- F. Community resources are utilized to strengthen school programs, family practices, and student learning.

The school will communicate parental choices and responsibilities to parents. Emphasis will be placed on active parent involvement at each school. The following are examples of family and community involvement communication:

- Open House
- School Edline web page
- Focus
- Newsletters communicating classroom and school news to parents
- Parent phone calls, School Reach, and face-to face meetings
- Career Day
- School Matters Publication

Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

The School Advisory Council (SAC) is composed of community and business representatives, as well as school-based personnel and parents. During monthly meetings, the Council collaborates to establish and maintain partnerships with community that produce resources that support the school and student achievement. The school and district build and sustain partnerships with our local community. These groups meet regularly to review data, have discussions about progress, and make decisions about implementation plans and strategies ensuring a common vision among all partners. Our school partnerships support our efforts to increase student achievement by:

- Establishing structured opportunities to engage all stakeholders
- Encouraging open dialogue about challenges and solutions
- Engaging stakeholders in the use of data
- Leveraging community resources and funding sources

Volunteer and Community Involvement programs develop community resources in response to the differing needs of classrooms. By accessing the many diverse resources found in communities, these programs enrich and enhance school curriculum. A wide array of community partners enables these programs to maximize their impact. Volunteers may tutor, mentor, assist in the classroom, help with fundraising, participate in developing school plans, as well as many other opportunities. Recognition awards promote community involvement as well as highlight outstanding volunteer practices and showcase exemplary projects which are then shared district-wide.

Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Larsen, Eric	Principal
Cubbal, Bryce	Assistant Principal
Crews, Melissa	Teacher, K-12
Albert, Jennifer	Teacher, K-12
Thompson, Desiree	Teacher, K-12
Hawkins, Mary	Guidance Counselor
Hodges, Krista	Teacher, ESE
Smith, Elizabeth	Instructional Media

Duties

Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

The school-based leadership team is responsible for disaggregating and analyzing data to determine areas of deficit. The team is to identify problems within the general population of students and within subgroups of students, analyze why the problems are occurring, formulate an intervention plan and then measure the effectiveness of the interventions through regular progress monitoring. Their plan to address and remediate areas of deficit becomes their MTSS and forms the basis for the school improvement plan.

The MTSS core team consists of: administrator, school counselor, literacy coach, department heads, and instructional coach. The MTSS leadership team is responsible for ensuring that the school has in place a system that provides increasingly intense and individualized interventions, resources and supports needed to meet the unique needs of its students.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

The school's leadership team oversees the implementation and monitoring of its MTSS and SIP structures through data-based decision making which identifies areas of deficit and identifies and provides supports and resources needed to address those deficits.

In order to identify those needs, the team must analyze data to determine deficits and other areas in need of improvement. The team looks at academic, attendance and behavior related data. As the team disaggregates the data, it is identifying which students are meeting grade level expectations and which are not. It is looking for patterns and trends in the data.

Leading questions: Is our core instruction meeting the needs of 75-80 % of our students? If not, is it a curriculum or instruction issue? Are certain groups of students failing to meet expectations in certain subjects? Or, are there certain groups who have other non-academic barriers to achievement that must be addressed before they will be able to meet academic success? Are there trends in achievement within specific subgroups that need to be addressed? Have resources (funding and staffing) been allocated in the most effective and efficient manner to meet the needs of all stakeholders?

Once those areas of need have been identified, the leadership team disseminates this information to the departments, literacy teams and other school based teams. The teams will provide input to the leading questions and assist in determining appropriate research based interventions to remediate specific deficits and identify other available resources to meet individual student needs. The departments/teams oversee the implementation of the interventions and monitor student progress through regularly scheduled meetings. The progress monitoring information will be shared with the leadership team and departments/teams together will monitor the effectiveness of interventions through student progress monitoring data and fidelity checks.

The Problem Solving Process

The Problem Solving/Response to Intervention model is a decision making process based on the scientific method of problem solving. Florida has embraced the problem solving methodology and incorporated it into its Response to Intervention model.

The Problem Solving process requires the following steps: Problem Identification, Problem Analysis, Intervention Design/ Implementation, and Evaluation: Response to Intervention.

Data based decisions are expected at all levels of the school: school, grade/departments, classroom, (AYP) subgroups (i.e., race, free/reduced lunch, ELL, ESE). A collaborative approach by school staff for development, implementation, and monitoring of the intervention process is expected.

Title I

Services are provided to ensure students requiring additional remediation are assisted through extended learning opportunities. The district coordinates with Title II and Title III in ensuring staff development needs are provided. Support services are provided to students. Teachers develop, lead, and evaluate school core content standards/ programs; identify and analyze existing literature on scientifically based curriculum/behavior assessment and intervention approaches. They identify systematic patterns of student need while working with district personnel to identify appropriate, evidence-based intervention strategies; assist with whole school screening programs that provide early intervening services for children to be considered "at risk;" assist in the design and implementation for progress monitoring, data collection, and data analysis; participate in the design

and delivery of professional development; and provide support for assessment and implementation monitoring. Other components that are integrated into the school-wide program include Parental Programs; Supplemental Educational Services; and special support services to special needs populations such as homeless, migrant, and neglected and delinquent students.

Title II

The District uses supplemental funds for improving basic education as follows:

- training to certify qualified mentors for the New Teacher Program
- training for add-on endorsement programs, such as Reading, Gifted, ESOL training and substitute release time for Professional Learning Community (PLC) development and facilitation

Title III

The District provides supplemental academic instruction and services to students who are ELL. The district employees an ELL instructional coach.

Title X- A portion of funds are set aside and reserved to meet the academic and personal needs of identified homeless families. These needs could include academic supplies or assistance with personal hygiene items, or referrals to social service agencies.

Supplemental Academic Instruction (SAI)

These funds are utilized to provide supplemental academic coaches.

Violence Prevention Programs:

The District has adopted bullying prevention and intervention policies and procedures. Each year training is provided.

Nutrition Programs

- 1) The school adheres to and implements the nutrition requirements stated in the District Wellness Policy.
- 2) Nutrition education is taught through many programs and courses
- 3) The School Food Service Program, school breakfast, school lunch, and after care snacks follows the Healthy Food and Beverage Guidelines as adopted in the District's Wellness Policy.

Head Start

The Nassau Schools that contain primary grades work in concert with Episcopal Childrens Services, Child Find, and other service agencies in order to strengthen curriculum offerings, provide ease of transition to kindergarten, increase community involvement, and increase meaningful parent involvement.

Adult Education

Nassau County Adult High school provides courses to all eligible students on the senior high school's recommendation. Courses can be taken for credit recovery, promotion, remediation, or grade forgiveness purposes. Adult Education also offers night classes for GED Prep at four locations on a flexible schedule.

Career and Technical Education

Articulation agreements allow students to earn college and postsecondary technical credits in high school and provide more opportunities for students to work towards postsecondary degrees. Students will gain an understanding of business and industry workforce requirements by acquiring Ready to Work and other industry certifications. Readiness for postsecondary opportunities will strengthen with the integration of academic and career and technical education components and a coherent sequence of courses.

School Advisory Council (SAC)

Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Carol Whelan	Education Support Employee
Sheryl Harper	Teacher
Eric Larsen	Principal
Jane Faris	Teacher
Josie Barber	Parent
Janice Mote	Parent
Melissa Bell	Parent
Susan Franklin	Parent
Andy Huggins	Parent
Yolanda Lilly	Education Support Employee
Sheila Brown	Business/Community
Pam MacQueen	Education Support Employee
Lana Werder	Business/Community
Robert Awad	Business/Community
Matt Leipau	Business/Community
Jon Dearlof	Business/Community

Duties

Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

Evaluation of last year's school improvement plan

The 2013/2014 SIP was developed by the Emma Love Hardee community of learners beginning in July 2013. During that time, the assistant principal and ELH Leadership Team worked to develop narrative goals, budget, and strategies for small and whole group instruction. The plan was presented to SAC in early October for approval. During this meeting, the ELH Leadership Team presented the plan section by section using PowerPoint, and addressed questions by SAC members. It was then submitted to the school board where it was approved at a later school board meeting. Principals attended this meeting and were asked questions by the School Board members prior to School Board approval.

The SAC's involvement of the evaluation of last year's school improvement plan also included discussion as to the barriers that could impact the implementation of the strategies in the plan. Further, we reviewed our student achievement data with the SAC.

Development of this school improvement plan

Our SAC was informed during the September 4th, 2014 meeting that the new School Improvement Plan would be created and updated before the next October SAC Meeting. Creating the new SIP included attending several District Level Meetings, and distributing last year's SIP to our PLCs to discuss data, set goals, and develop strategies for the upcoming year. For approval, the SAC will receive a copy of the new SIP prior to the October 2014 meeting in order to review and make suggestions. During the October SAC Meeting, the ELH Leadership Team will present and answer questions about the current plan. SAC will vote to approve at the conclusion of the presentation.

Preparation of the school's annual budget and plan

The principal and bookkeeper worked collaboratively to allocate district funds for school operation. The school's annual budget plan was then presented and discussed in a School Advisory Council Meeting.

Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

SAC funding was used for summer staffing of personnel, teacher funding requests, student recognition, professional development workshops or trainings. \$2774.10 is the amount of the SAC balance from the previous year that was used for any of the funding requests.

Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

Yes

If the school is not in compliance, describe the measures being implemented to meet SAC requirements

Literacy Leadership Team (LLT)

Membership

Identify the name, email address and position title for each member of the school-based LLT.:

Name	Title
Smith, Elizabeth	Instructional Media
Cubbal, Bryce	Assistant Principal
Hodges, Krista	Teacher, ESE
Hawkins, Mary	Guidance Counselor
Thompson, Desiree	Teacher, K-12
Crews, Melissa	Teacher, K-12
Albert, Jennifer	Teacher, K-12

Duties

Describe how the LLT promotes literacy within the school

The LLT will support instructional strategies to improve reading comprehension and the Florida State Standards for College and Career Readiness in reading, writing, speaking, listening, and language. The LLT team will provide professional development throughout the year to ensure that text complexity, along with close reading and rereading of texts, is central to lessons, to provide scaffolding that does not preempt or replace text reading by students, to develop and ask text dependent questions from a range of question types, to emphasize that students support their answers based upon evidence from the text, and to provide extensive research and writing opportunities.

Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

Opportunities for encouraging positive working relationships between teachers include participation in Leadership Meetings, Faculty Meetings, and Team Meetings. In these meetings the focus is on students'

academic and social needs. Teachers regularly engage in professional dialogue with colleagues; share ideas, knowledge, and techniques; and participate in collaborative problem-solving around classroom instruction. Teachers work together to develop shared knowledge and discover common solutions to challenging problems.

The master schedule was revamped to give students early release time every Wednesday in order for teachers to have additional collaborative instructional planning time.

Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

1. Provision of mentoring, training and coaching for:

a) first and second-year new teachers, including those in Alternative Certification (ACP) or Educator Preparation Institute (EPI) programs; and

b) ESOL and Reading teachers in the process of earning an Endorsement.

These activities are coordinated with the district's Personnel system and through the provision of an ESOL Coach and an Instructional Strategies/New Teacher Coach.

2. In order to ensure that all teachers become Effective or Highly Effective, the district will provide resources, coaching, and professional development to any teacher whose overall evaluation rating is Needs Improvement or Unsatisfactory. The principal will conduct a conference with the teacher to determine specific goals and needs for professional development, in addition to needs for classroom strategies and behaviors.

3. Resources and/or professional development will be provided to support the skills and knowledge needed to increase the number of In-field/Highly Qualified/effective teachers. This will include provision of ESOL, Reading, and Gifted Endorsement courses; financial support for testing to add areas of certification to teachers' existing certificates; financial support for provision of study guides and workshops (as available); assistance with cost of adding subject areas to certificates to become in-field in all courses taught.

4. The district will recruit effective teachers and leaders, including minorities, to ensure high quality and diversity of applicants and will retain exemplary teachers through recognition, incentives and leadership development opportunities.

5. Professional development activities and records are efficiently and effectively managed to ensure teachers maintain their certification and remain up to date in their areas of certification.

Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

A. First year teachers participate in the following district professional development and mentoring activities:

1. New Teacher Orientation, including introduction to the Nassau District Schools' mission and values

2. Professional Development in the district's Marzano Evaluation Framework.

3. Monthly (8) New Teacher Professional Learning Community sessions with text: Why Didn't I Learn This in College?

4. Common Core Standards and Lesson Planning

5. The Florida Educator Code of Ethics

6. Conducting Effective Parent Conferences

7. District E-mail Protocol and technology-based curriculum programs

8. Professional Education Competencies, as applicable

9. Classroom and Behavior Management

10. Other professional development as specified by the school or district, such as Reading, ESOL, or Writing.

B. Observation and Coaching/Mentoring Components:

1. Two classroom observations followed by a feedback conference, conducted by the District Instructional Strategies Coach who is trained in highly trained in Clinical Education, observation and feedback/coaching strategies, and the Marzano framework.

2. Two classroom observations (one per semester) followed by a feedback conference, conducted by a mentor teacher or other certified educator who teaches the same grade level/subject area as the new teacher, has been rated as Highly Effective, has been provided with CET or similar training and coaching resources, and is selected by the principal as a mentor.

3. Two classroom observations (one per semester) followed by a feedback conference, by the new teacher in the classroom of the mentor teacher or other certified educator who teaches the same grade level/subject area as the new teacher and who has been rated as Highly Effective.

4. On-going informal observations and coaching with feedback conducted by Instructional Strategies Coach, with related professional development resources available via the district's iObservation system.

5. Walk-throughs, informal observations, and formal observations using the Marzano framework instrument, conducted by a trained principal, assistant principal or other administrator, with related professional development resources available via the district's iObservation system.

C. RATIONAL FOR MENTOR/NEW TEACHER PAIRINGS AND PLANNED MENTORING ACTIVITIES:
The District Instructional Strategies Coach and the school principal confer to select a mentor teacher or other certified educator who teaches the same grade level/subject area/role as the new teacher or other educator, and who has been rated as Highly Effective.

The planned mentoring activities provide on-going and regularly-scheduled opportunities for classroom visits and observations, reflection, and coaching and feedback, as well as monthly collaboration in PLCs for professional development in best practices and highly effective instructional strategies. The purpose of these on-going support strategies is to increase teacher effectiveness and as a result, to increase student achievement.

Ambitious Instruction and Learning

Instructional Programs and Strategies

Instructional Programs

Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

Core instructional materials and programs are selected from the list of state approved adoptions. It is also the intent of the Nassau County School District that textbooks be selected for district-wide use by course/grade/level to assure continuity and economy throughout the district. Media materials should be selected to provide enrichment and curriculum support taking into consideration the varied needs, interests, and abilities of the school population. School Textbook Selection Committees include representatives of faculty, parents and community members.

District Adoption Process:

1. Sample materials of all state adopted texts will be obtained by the appropriate director and evaluated by the school committee using appropriate forms and criteria.
2. Each school will select its choice for the district adoption in each area under consideration. Each school's selection will be submitted to the appropriate instructional director.
3. School selections will be tallied. The title receiving the most votes will be designated as the district adoption for each course or subject area.

Resources used to evaluate instructional materials include: Florida State Standards and Next Generation Sunshine State Standards, grade level expectations, curriculum frameworks or course descriptions, and FLDOE instructional materials specifications.

Instructional Strategies

Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

Data analysis is at the center of all instructional decisions. The master schedule contains blocks of time for instruction based on the diverse needs of students. Remediation and enrichment in the classroom is based on progress monitoring data collected in core classes such as reading and math. This data is reviewed in team meetings and data chats are conducted with students. The school-based leadership team is responsible for disaggregating and analyzing data to determine areas of deficiency. The team is charged with identifying problems within the general population of students and within subgroups of students, analyzing why the problems are occurring, formulating an intervention plan and then measuring the effectiveness of the interventions through regular progress monitoring. Their plan to address and remediate areas of deficiency becomes their MTSS (multi-tiered system of supports) and forms the basis for the school improvement plan.

Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Extended School Day

Minutes added to school year: 3,240

Title V after school tutoring program is provided to our lowest 25% to improve reading strategies.

Strategy Rationale

The purpose of this program is to provide our lowest 25% with effective small group instruction, best practices, and remedial skills. Students are below grade level in reading and struggle to meet the requirements to the core curriculum.

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

Cubbal, Bryce, bryce.cubbal@nassau.k12.fl.us

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Data from STAR, FCAT, and iReady is collected and analyzed by the instructional staff in order to gauge effectiveness.

Student Transition and Readiness

PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

The Nassau Schools that contain primary grades work in concert with Episcopal Children's Services, Child Find, and other service agencies in order to strengthen curriculum offerings, provide ease of transition to kindergarten, increase community involvement, and increase meaningful parent involvement. Each school also holds student/parent orientation meetings to assist with the transitioning from one school level to another. The Student Progression Plan and student handbook is distributed and reviewed.

College and Career Readiness

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

NA

Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

NA

Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

NA

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes

NA

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Problem Solving Key

G = Goal

B =
Barrier

S = Strategy

 = Problem Solving Step  S123456 = Quick Key

Strategic Goals Summary

- G1.** Emma Love Hardee Elementary will work to help all students achieve grade level proficiency in ELA, Mathematics, and Science on state performance assessments.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), resources available to support movement toward the goal, barriers to achieving the goal, and the plan for monitoring progress toward the goal

G1. Emma Love Hardee Elementary will work to help all students achieve grade level proficiency in ELA, Mathematics, and Science on state performance assessments. 1a

G045968

Targets Supported 1b

Indicator	Annual Target
AMO Math - All Students	77.0
AMO Reading - All Students	81.0
FCAT 2.0 Science Proficiency	71.0

Resources Available to Support the Goal 2

- Florida State Standards, SRA, Accelerated Reader, STAR Reading and Math, Think Central, IXL, iReady, District approved textbooks, Discovery Ed, instructional focus calendars, CPALMS, and other assorted supplemental materials.

Targeted Barriers to Achieving the Goal 3

- Students perform at a wide variety of ability levels.
- Parental Knowledge or ability may be limited when assisting students with reading/math/science/ writing process.
- Time and money required to have quality Staff Development

Plan to Monitor Progress Toward G1. 8

Student achievement towards proficiency.

Person Responsible

Eric Larsen

Schedule

Daily, from 8/6/2014 to 5/22/2015

Evidence of Completion

Assessment Data

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.

Problem Solving Key

G = Goal **B** =
Barrier **S** = Strategy

1 = Problem Solving Step  S123456 = Quick Key

G1. Emma Love Hardee Elementary will work to help all students achieve grade level proficiency in ELA, Mathematics, and Science on state performance assessments. **1**

 G045968

G1.B1 Students perform at a wide variety of ability levels. **2**

 B113657

G1.B1.S1 Integrate the Science instruction into the Math and Reading curriculum. Provide differentiated instruction for various ability levels utilizing the Science Leveled Readers. **4**

 S125091

Strategy Rationale

The district initiative is to include STEM activities within literacy blocks to increase student exposure to scientific ideas, concepts, and practices.

Action Step 1 **5**

Provide small group instruction in Reading Block that integrates Science and Math. As part of the professional development piece, teachers will be provided training and materials to ensure effective small group and differentiated instruction is implemented during the 90 minute reading block to meet the individual learning needs of students.

Person Responsible

Eric Larsen

Schedule

Weekly, from 8/6/2014 to 5/22/2015

Evidence of Completion

Lesson plans and classroom observations

Plan to Monitor Fidelity of Implementation of G1.B1.S1 6

Principal and Assistant Principal will visit classrooms and monitor fidelity of implementation of instruction.

Person Responsible

Eric Larsen

Schedule

Daily, from 8/6/2014 to 5/22/2015

Evidence of Completion

Lesson plans, classroom observation, calendars, peer observations, meeting documentation, staff development documentation

Plan to Monitor Effectiveness of Implementation of G1.B1.S1 7

Formative and summative assessments will be used to monitor student mastery of skills.

Person Responsible

Eric Larsen

Schedule

Daily, from 8/6/2014 to 5/22/2015

Evidence of Completion

Assessment data

G1.B1.S2 Integrate text based writing instruction into all curriculum areas. Familiarize students with keyboarding/keyboarding skills necessary to demonstrate proficiency on state/local assessments. 4

 S125092

Strategy Rationale

In order to be successful on the new state assessment, students must learn to respond to text passages using technological resources previously not included as part of the testing process.

Action Step 1 5

Teachers will select materials that provide students practice in responding to specific writing skills including keyboarding required for the new state assessment. Teachers will receive professional development in the acquisition of both technological skills and text based responses necessary to succeed on the new format of the state assessment.

Person Responsible

Eric Larsen

Schedule

Monthly, from 8/6/2014 to 5/22/2015

Evidence of Completion

Lesson plans and classroom observations

Plan to Monitor Fidelity of Implementation of G1.B1.S2 6

Principal and Assistant Principal will visit classrooms to ensure students are being taught key boarding and related technological skills to prepare them for the state assessment.

Person Responsible

Eric Larsen

Schedule

Daily, from 8/6/2014 to 5/22/2015

Evidence of Completion

Lesson plans, classroom observation, peer observations staff development documentation

Plan to Monitor Effectiveness of Implementation of G1.B1.S2 7

Formative and summative assessments will contain text based writing stimulus and prompt guidelines. Teachers will provide students text based writing rubrics for informative and explanatory writing activities.

Person Responsible

Eric Larsen

Schedule

Daily, from 8/6/2014 to 5/22/2015

Evidence of Completion

Assessment data

G1.B1.S3 Provide small group teacher led instruction during the 90 minute math block to meet the learning needs of each student. Provide additional tutoring services for students that have demonstrated math deficiencies. 4

 S125093

Strategy Rationale

The small group model includes a differentiation component that meets the needs of all students in the classroom.

Action Step 1 5

Provide small group differentiated instruction daily with all students. Teachers will engage in professional development to develop skills and strategies that enable teachers to meet the individual needs of every student in the classroom.

Person Responsible

Eric Larsen

Schedule

Weekly, from 8/6/2014 to 5/22/2015

Evidence of Completion

Lesson plans, classroom observations, staff development documentation

Plan to Monitor Fidelity of Implementation of G1.B1.S3 6

Principal and Assistant Principal will visit classrooms, and support collaborative planning throughout the school.

Person Responsible

Eric Larsen

Schedule

On 5/22/2015

Evidence of Completion

Lesson plans, classroom observations, peer observations, staff development documentation

Plan to Monitor Effectiveness of Implementation of G1.B1.S3 7

Formative and Summative Assessments which include computer based diagnostics, classroom assessments, and teacher observation/collection of student records.

Person Responsible

Eric Larsen

Schedule

On 5/22/2015

Evidence of Completion

Assessment data

G1.B1.S4 Small group instruction will be utilized during the 90 minute reading block to meet the learning needs of each student to include response to literature and integration of science. Additional tutoring services are provided for students that have a low reading performance. 4

 S125094

Strategy Rationale

The integration of science and math in the literacy block prepares students for career readiness and real world experiences.

Action Step 1 5

Provide small group differentiated instruction daily with all students. Teachers will participate in professional development that expands and/or augments their abilities to provide small group instruction in reading to all students. For example, students are met with specific instruction that matches their ability level in the daily reading block.

Person Responsible

Bryce Cubbal

Schedule

Daily, from 8/8/2014 to 5/22/2015

Evidence of Completion

Lesson plans and classroom observations

Plan to Monitor Fidelity of Implementation of G1.B1.S4 6

Principal and Assistant Principal will visit classrooms and support collaborative planning for each grade level.

Person Responsible

Eric Larsen

Schedule

On 5/22/2015

Evidence of Completion

Lesson plans, classroom observation, attendance rosters for tutoring, parent newsletters, calendars, opportunity documentation, peer observations, meeting documentation, staff development documentation

Plan to Monitor Effectiveness of Implementation of G1.B1.S4 7

School administrators continuously attend weekly collaborative planning grade level meetings to monitor and support the implementation of small group instruction in classrooms.

Person Responsible

Eric Larsen

Schedule

On 5/22/2015

Evidence of Completion

Assessment data

G1.B2 Parental Knowledge or ability may be limited when assisting students with reading/math/science/writing process. 2

 B113658

G1.B2.S1 Continue to keep parents informed about expectations and student progress. Provide parents with tools which enable them to better assist their children. Parents will have the opportunities to learn about math, science and writing instruction as well as the reading process. 4

 S125095

Strategy Rationale

Parents are an integral part of the educational process and a student's support outside of the classroom. As a result, school administration and teachers will provide parents the tools and materials to provide support at home.

Action Step 1 5

Parental involvement opportunities and communication.

Person Responsible

Eric Larsen

Schedule

Daily, from 8/6/2014 to 5/22/2015

Evidence of Completion

Newsletters, calendars, parent survey, sign-in sheets

Plan to Monitor Fidelity of Implementation of G1.B2.S1 6

School administration reviews weekly lesson plans, weekly teacher newsletters to parents, and monitors FOCUS student data system to ensure consistent and continuous communication with parents.

Person Responsible

Eric Larsen

Schedule

Daily, from 8/6/2014 to 5/22/2015

Evidence of Completion

Lesson plans, attendance rosters for tutoring, parent newsletters, calendars, opportunity documentation, meeting documentation, FOCUS, Edline,

Plan to Monitor Effectiveness of Implementation of G1.B2.S1 7

School Climate Survey Results including parental surveys are disaggregated to identify strengths and weaknesses areas of parental responses. Results are implemented accordingly to increase parental involvement throughout the community of learners.

Person Responsible

Eric Larsen

Schedule

Daily, from 8/6/2014 to 5/22/2015

Evidence of Completion

Assessment Data

G1.B3 Time and money required to have quality Staff Development 2

 B113659

G1.B3.S1 Provide collaborative planning time for teachers. Provide county and/or school wide staff development in Florida State Standards implementation to include a focus on the six curriculum shifts and Marzano instructional strategies. 4

 S125096

Strategy Rationale

Collaborative planning provides teachers opportunities to share instructional ideas and materials that support the teaching of the skills associated with the Florida Standards. This collaborative planning time also ensures uniform instruction to all students.

Action Step 1 5

Provide collaborative planning time and professional development to meet the needs of the teachers. Professional development will include opportunities for teachers to attend workshops, trainings, and conferences on special needs issues, classroom management (CHAMPS), small group instruction best practices, and the Marzano Framework.

Person Responsible

Eric Larsen

Schedule

Daily, from 8/6/2014 to 5/22/2015

Evidence of Completion

Lesson plans, PGP's, and deliberate practice, sign-in sheets, agendas

Plan to Monitor Fidelity of Implementation of G1.B3.S1 6

Provision of planning time for teachers, and implementation of county and/or school wide staff development to inform teachers of current curriculum shifts to guide their instruction.

Person Responsible

Eric Larsen

Schedule

Daily, from 8/6/2014 to 5/22/2015

Evidence of Completion

Lesson plans, classroom observations, attendance rosters, parent newsletters, calendars, opportunity documentation, peer observations, meeting documentation, staff development documentation

Plan to Monitor Effectiveness of Implementation of G1.B3.S1 7

School administrators are provided staff development in Marzano's Teacher Evaluation Framework.

Person Responsible

Eric Larsen

Schedule

Daily, from 8/6/2014 to 5/22/2015

Evidence of Completion

Assessment data, iObservation, lesson plans, peer observations, classroom observations

Appendix 2: Professional Development and Technical Assistance Outlines

Professional development opportunities and technical assistance items identified in the SIP as action steps to achieve the school's goals.

Professional Development Opportunities

Professional development opportunities identified in the SIP as action steps to achieve the school's goals.

G1. Emma Love Hardee Elementary will work to help all students achieve grade level proficiency in ELA, Mathematics, and Science on state performance assessments.

G1.B1 Students perform at a wide variety of ability levels.

G1.B1.S1 Integrate the Science instruction into the Math and Reading curriculum. Provide differentiated instruction for various ability levels utilizing the Science Leveled Readers.

PD Opportunity 1

Provide small group instruction in Reading Block that integrates Science and Math. As part of the professional development piece, teachers will be provided training and materials to ensure effective small group and differentiated instruction is implemented during the 90 minute reading block to meet the individual learning needs of students.

Facilitator

Grade Level Chair, Administration, Teachers, District Office

Participants

Teachers, paraprofessionals, and administration.

Schedule

Weekly, from 8/6/2014 to 5/22/2015

G1.B1.S2 Integrate text based writing instruction into all curriculum areas. Familiarize students with keyboarding/keyboarding skills necessary to demonstrate proficiency on state/local assessments.

PD Opportunity 1

Teachers will select materials that provide students practice in responding to specific writing skills including keyboarding required for the new state assessment. Teachers will receive professional development in the acquisition of both technological skills and text based responses necessary to succeed on the new format of the state assessment.

Facilitator

Teachers, Administration, District Office

Participants

Teachers, paraprofessionals, administration

Schedule

Monthly, from 8/6/2014 to 5/22/2015

G1.B1.S3 Provide small group teacher led instruction during the 90 minute math block to meet the learning needs of each student. Provide additional tutoring services for students that have demonstrated math deficiencies.

PD Opportunity 1

Provide small group differentiated instruction daily with all students. Teachers will engage in professional development to develop skills and strategies that enable teachers to meet the individual needs of every student in the classroom.

Facilitator

Teachers, Administration, District Office Staff

Participants

Teachers

Schedule

Weekly, from 8/6/2014 to 5/22/2015

G1.B1.S4 Small group instruction will be utilized during the 90 minute reading block to meet the learning needs of each student to include response to literature and integration of science. Additional tutoring services are provided for students that have a low reading performance.

PD Opportunity 1

Provide small group differentiated instruction daily with all students. Teachers will participate in professional development that expands and/or augments their abilities to provide small group instruction in reading to all students. For example, students are met with specific instruction that matches their ability level in the daily reading block.

Technical Assistance Items

Technical Assistance opportunities identified in the SIP as action steps to achieve the school's goals.

Budget Rollup

Summary

Description	Total
Goal 1: Emma Love Hardee Elementary will work to help all students achieve grade level proficiency in ELA, Mathematics, and Science on state performance assessments.	7,250
Grand Total	7,250

Goal 1: Emma Love Hardee Elementary will work to help all students achieve grade level proficiency in ELA, Mathematics, and Science on state performance assessments.

Description	Source	Total
B1.S2.A1 - Teachers attended a FSA writing preparation conference on the new guidelines for the state writing assessment.	General Fund	350
B1.S3.A1 - Math materials were purchased to support the small group instruction during math blocks (Mountain Math and Problem Solving Cards).	General Fund	2,400
B1.S4.A1 - Federal program to provide after school tutoring in reading for struggling students.	Title V	1,200
B1.S4.A1 - Curriculum materials were purchased to support small group instruction(National Geographic).	General Fund	2,000
B2.S1.A1 - In order to increase parental involvement, the school hosted a math and reading parent night to more fully involve stake holders in the learning process.	General Fund	300
B3.S1.A1 - In order to help support collaborative planning, teachers were provided a work day to collaborate and create small group curriculum materials. Substitutes were paid to cover their classes.	General Fund	1,000
Total Goal 1		7,250
