SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridacims.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida’s Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida’s DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A or B with at least one F in the prior three years
- Prevent – currently C
- Focus – currently D
 - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
 - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
 - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
 - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-D with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

Supportive Environment

School Mission and Vision

Provide the school's mission statement

The City of Hialeah Educational Academy is committed to setting an environment that strives for academic achievement, develops character and maintains the goal of preparing students to serve and give back to their community in the field of public service.

Provide the school's vision statement

The vision of the City of Hialeah Educational Academy is to provide a high quality, rigorous career oriented curriculum that will prepare students for successful progression into post-secondary education and productive employment within a multilingual work environment.

School Environment

Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

The school learns about students' cultures and builds relationships between teachers and students through a variety of school wide events and extra curricular activities. Some examples of school wide events include family fun day, afterschool dances, and pep rally's. In addition, to these events many teachers sponsor a variety of clubs such as the Spanish club, art club, math club, first priority, Key Club, and Future Educators of America. The school also offers honors societies such as the National Honor Society, and National Social Studies Honor Society. Many teachers are also coaches for a variety of sports such as basketball, swimming, volleyball, baseball and softball.

Describe how the school creates an environment where students feel safe and respected before, during and after school

The school creates an environment where students feel safe and respected before, during and after school by having an active collaborative team of administrators, teachers and security guards monitoring students at all times. On Mondays and Fridays City of Hialeah police officers assist with morning arrival and afternoon dismissals.

Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

The school has established a honor code of student conduct which lists student expectations and consequences for disruptive behaviors. As a school we also follow the district code of conduct for all behavioral disciplinary incidents.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

The school ensures that the social-emotional needs of all students are being met by having two in-house counselors on staff. When needed counselors refer students to outside agencies that offer free therapeutic services. The school has implemented a bully prevention curriculum presented to the students five times throughout the school year.

Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

Describe the school's early warning system and provide a list of the early warning indicators used in the system

Students with attendance below 90 percent, regardless of whether absence is excused or a result of out-of-school suspension Students accumulating ten (10) or more absences in an annual course, or five (5) or more absences in a semester course, will be subject to the withholding of passing final grade(s) pending a student/parent requested administrative screening and/or review of all absences by the attendance review committee. Students with 15 or more unexcused absences in a 90 calendar day period are subject to having a complaint of truancy filed with the Department of Juvenile Justice and legal action will be taken to insure regular attendance.

Students with one or more suspension will receive training in conflict resolution skills to decrease likelihood of suspensions.

Students that have failed English Language Arts or mathematics will attend summer school or complete course via virtual school.

Students that scored a Level 1 score on the statewide, standardized assessment in English Language Arts or mathematics will be placed in an intensive reading and/or intensive mathematics course for remediation. In addition, the students will receive push-in/pull-out as needed.

Provide the following data related to the school's early warning system

The number of students by grade level that exhibit each early warning indicator:

| Indicator | Grade Level | | | | | | | Total |
|---|-------------|----|---|----|----|----|----|-------|
| | 6 | 7 | 8 | 9 | 10 | 11 | 12 | |
| Attendance below 90 percent | 9 | 3 | 3 | 9 | 20 | 14 | 32 | 90 |
| One or more suspensions | 0 | 0 | 0 | 0 | 0 | 0 | 0 | |
| Course failure in ELA or Math | 5 | 3 | 4 | 6 | 18 | 6 | 2 | 44 |
| Level 1 on statewide assessment | 17 | 10 | 9 | 20 | 25 | 0 | 0 | 81 |
| Failed 2 or more courses in any subject | 4 | 2 | 3 | 2 | 12 | 3 | 3 | 29 |

The number of students identified by the system as exhibiting two or more early warning indicators:

| Indicator | Grade Level | | | | | | | Total |
|--|-------------|----|----|----|----|----|----|-------|
| | 6 | 7 | 8 | 9 | 10 | 11 | 12 | |
| Students exhibiting two or more indicators | 35 | 18 | 19 | 37 | 75 | 23 | 37 | 244 |

Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

The intervention strategies employed by the school are dependent on the students area of weakness. If students received a level 1 or level 2 on the FCAT students are registered in an intensive reading course for remediation. In addition, our lowest 25th percentile receives weekly push-in services in their intensive reading course and/or pull out from an elective course. During the months of January, February, and March after school tutoring and Saturday tutoring sessions are provided.

In the area of mathematics, our lowest 25th percentile are registered in an intensive mathematics course. In addition, during the months of January, February, and March pull out tutoring and after school tutoring is provided.

If a student fails to comply with the attendance policies we conduct a parent/teacher conference to

ensure academics are not being affected by attendance.
Students exhibiting behavior difficulties are provided with counseling as needed.

Family and Community Involvement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

Will the school use its PIP to satisfy this question?

Yes

PIP Link

The school completes a Parental Involvement Plan (PIP), which is available at the school site.

Description

N/A Title 1 - see PIP

Please see website: <https://app1.fldoe.org/bsa/ParentInvolvementPlan>

Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

Our school's Activities Director (AD), reaches out to our community in order to secure our partnerships. The AD invites the businesses to our Family Day at school as well as various events at our school. We provide parent academies to teach parents how to utilize technology and know what their children are being tested on.

Our students must complete 75 hours of community services within our community.

The City of Hialeah Police Department provides our students in middle school with a training course throughout the school year called "Gang Resistant Education And Training" (G.R.E.A.T.).

Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team.:

| Name | Title |

| Gasiba, Jario | Teacher, K-12 |
| Lizano, Nancy | Teacher, K-12 |
| Gonzalez, Kristine | Teacher, ESE |

Duties

Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

Leadership Team: Principal, Assistant Principal, Reading Coach, Counselor, SPED Program Specialist, Test Chair, Math Department Chair, Science Department Chair, Social Studies Department Chair

Weekly meetings with Department Chairs and Literacy Literature Team to discuss analysis of data, provide intervention strategies, monitor intervention progress, and maintain communication with staff.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

The leadership team monitors and adjusts the school's academic and behavior goals, monitor the delivery and fidelity of instruction and intervention, and provide support and intervention to students based on data.

Weekly meeting with each department chair to discuss analysis of data, provide intervention strategies, monitor intervention progress and maintain communication with staff.

Provide ongoing data driven professional development activities that align core student goals and staff needs.

Data used will be Fair and interim Assessments, State Math and Science Assessments, FSA, school site specific assessments. Data from these assessments will be used to guide instructional decisions and systems procedures which will include allocation of school resources, delivery of curriculum and instruction to meet students' needs, create student growth trajectors in order to implement and deliver interventions. Quarterly Failure Reports are also used to track students deficient in their current course requirement for graduation.

School Advisory Council (SAC)

Membership

Identify the name and stakeholder group for each member of the SAC.:

| Name | Stakeholder Group |
|----------------------|----------------------------|
| Ariel J. Vizcaino | Student |
| Emely Suarez | Student |
| Carlos Alvarez | Principal |
| Maria DelaTeja | Teacher |
| Kristine Gonzalez | Teacher |
| Martha Morales | Education Support Employee |
| Diane Ivins-Cardenas | Parent |
| Lillian Rodriguez | Parent |
| Zulima Marrero | Parent |
| Marla Alpizar | Business/Community |
| Mercedes Martinez | Parent |

Duties

Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

Evaluation of last year's school improvement plan

City of Hialeah Educational Academy holds various SAC meetings throughout the school year. We review the SIP at the beginning of the school year, mid-year and ending of the school year. A meeting was held to review the School Improvement Plan during the meeting the SIP was presented to the SAC members for approval this meeting took place in our school cafeteria on September of 2013.

Development of this school improvement plan

The school is effectively involving parents in its programs. Parents have been members of SAC Board as stipulated in the By-Laws and parents who non-members also attend the meetings on a regular basis. SAC meets are on a quarterly basis. Feedback from the parents is also gathered through surveys conducted on a yearly basis. Our SAC meeting took place this school year in October.

Preparation of the school's annual budget and plan

The SAC members will be provided with copies of the entire school budget. Budget training will be provided to all SAC member by the Principal and the school's treasurer. The SAC portion of the budget will be spent on programs and projects selected by the SAC. Projects will not include capital improvements or projects that have duration of more than one year. Budget decisions will be reflected in the SAC minutes.

Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

SAC funds will be used for printing of the Student Code of Conduct \$250.00

SAC funds will be used to provide students with academic incentives during the 2013-2014 FCAT administration \$565.00

SAC funds will used to purchase SAT and ACT Preparatory Books for Juniors and Seniors in preparation for the SAT and ACT Examinations \$2,000.00

Total: \$2,815.00

Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

Yes

If the school is not in compliance, describe the measures being implemented to meet SAC requirements

Literacy Leadership Team (LLT)

Membership

Identify the name, email address and position title for each member of the school-based LLT.:

| Name | Title |
|------------------------|---------------------|
| Alvarez, Carlos | Principal |
| Puente, Ivelisse | Assistant Principal |
| Simpson, Amy | Instructional Coach |
| Rodriguez, David | Teacher, K-12 |
| Gasiba, Jario | Teacher, K-12 |
| Carbajosa, Graciela | Teacher, K-12 |
| Sanchez-Soriano, Maria | Teacher, K-12 |
| Delateja, Maria | Other |
| Lizano, Nancy | Teacher, K-12 |

Duties

Describe how the LLT promotes literacy within the school

The goals will be to improve the percentage of students meeting mastery and increase the percentage of students with learning gains, as well as properly serving the needs of the lowest quartile to better prepare them for success on the ELA FSA. Daily homeroom activities will reinforce the same clusters being taught through language arts and reading, in addition to the emphasis on sustain silent reading. The implementation of Reading Plus offers remediation through intensive reading classes and will allow students who have already achieved mastery to further advance their reading skills after school. The implementation of Springboard through language arts offers a comprehensive approach to building the skills and understanding that students need to achieve success in AP courses and better prepare them for post secondary education. In addition, students will see an increase rigor throughout all classes. These initiatives will be implemented with fidelity and will be supplemented by other strategies such as the usage of CRISS strategies across the curriculum, providing modeling and coaching by reading coach and administration for teachers and students, pull-out tutoring, and Saturday tutoring.

Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

City of Hialeah Educational Academy has department chairs and each department meets on a monthly basis.

Some departments meet before and after school in order to share and plan together.

Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

City of Hialeah Educational Academy provides the opportunities for teachers to grow and advance professionally. We provide mentoring, administrative support and instrumental support (e.g., materials, space, resources, time, etc.). City of Hialeah Educational Academy also has a partnership with Miami-Dade College and Florida International University in order to recruit. We also utilize Teacher-Teacher.com.

Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

Our program pairs a beginning teacher with a mentee in order to provide support to the teacher.

We have paired:

Ms. Cristina Hernandez with Ms. Simpson

Mr. Torrentes with Ms. Carbajaso

The rationale for pairing is because the reading coach and the math department chair can help the teachers with lesson plans, coaching, observations and bi-weekly chat sessions.

The teachers will go to Professional Developments offered by our District as well as any Professional Development offered at City of Hialeah Educational Academy.

Ambitious Instruction and Learning

Instructional Programs and Strategies

Instructional Programs

Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

City of Hialeah Educational Academy uses the District approved Reading and Math book series that are aligned to the Florida Standards. We ensure that our teachers attend all Miami-Dade County Professional Developments that can be implemented in each class as well as all resources. We ensure the use of these resources by collecting weekly lesson plans and conducting daily observations/walk-throughs. We ensure that all information is disseminated throughout the school. We also utilize as part of our instructional program Spring Board for ELA and MathXL for Mathematics.

Instructional Strategies

Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

The school data is used to differentiate the curriculum to ensure all levels of learners are being targeted in any level course. Data is also used ensure accommodations and strategies are used for students requiring modifications to the general education curriculum. Instruction is supplemented to assist students having difficulty attaining the proficient level on state assessments by providing small group interventions and a variety of strategies to attain state required goals. Our school data comes from an array of programs such as Math XL, Reading Plus, Achieve 3000, Thinkgate, and FAIR.

Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: Weekend Program

Minutes added to school year: 3,380

Level 3 Students are invited to attend tutoring two times a week for 60 minutes per day to help remediate and strengthen areas of weakness in Reading using Reading Plus.

Teachers use different strategies for example: modeling, use of task cards, focus on key vocabulary with context clues, Use of multiple meaning words, summarizing, cooperative learning and repetition of basic fundamental skills

Strategy Rationale

We decided to target our bubble students for after school and all other students for the weekend program intervention because we want to help them and ensure that they do not drop in levels. We provide students with the strategies needed to increase proficiency on state and/or district assessments.

Strategy Purpose(s)

- Core Academic Instruction
- Enrichment

Person(s) responsible for monitoring implementation of the strategy

Simpson, Amy, acsimpson@dadeschools.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Students are pre-tested and post-tested. Then the data is analyzed and collaborative discussions take place. Once the data is analyzed we work on the weakness of the students.

Student Transition and Readiness

PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

City of Hialeah Educational Academy (COHEA) participates in recruitment fairs in order to inform students from other school about our school. Our school also, using the social media and flyers. COHEA conducts quarterly excursions to different schools within the college to expose students to the expectations set by the Miami-Dade College and Florida National University and its faculty. Students participate on our College Tour, which is visiting different colleges.

College and Career Readiness

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

Every student meets one-on-one with a counselor to review their coursework taken, coursework needed to complete for graduation, and coursework recommended for his/her specified possible career choice through the Electronic Personal Education Planner (EPEP) accessed in the FACTS.org website. In addition, the school counselor provides classroom guidance to address their academic and career planning needs to facilitate a course of study that is personally meaningful. Students are also able to access their academic, scholarship and transcript information using ConnectEDU.net

website. This website is personalized with individual student accounts that allows students to access their information and keep in constant communication with their counselor virtually.

Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

Our school implements Criminal Justice, Forensic Science, Firefighter, Paramedic, Early Childhood, Law and Public Administration academies which participate in the implementation of reading and math strategies to demonstrate the relevance in real-world careers. Seniors who have completed the Fire Responder course will be registered for the First Responder Industry Certification Exam through the National Registry Service. We also incorporate and integrate with Miami Dade School of Justice the PSA, CPR and Parking Enforcement Certificate for our students. HEA implements an Exploratory Wheel for the lower grade levels in order to experience all the academies.

Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

City of Hialeah Educational Academy has developed an Executive PASS partnership with Miami-Dade College Hialeah Campus and with Florida National University. This partnership will enable students to begin taking college placement tests to determine the level of remediation needed in preparation for post secondary studies. Students who perform at a high proficiency level will be encouraged to take Advanced Placement and/or Dual Enrollment classes with Miami-Dade College and/or Florida National University. There will also be quarterly excursions to different schools within the college to expose students to the expectations set by the Miami-Dade College and Florida National University and its faculty. Students participate on our College Tour, which is visiting different colleges.

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes

Our school prepares our students for exams such as the ACT, SAT and PERT. We provide tutoring after school to our student to better prepare them for these exams.

Through our Senior Language Arts Classes and Math classes our teachers embed ACT and SAT strategies.

We also take our student on a college tour to learn about the requirements of the college.

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Strategic Goals Summary

- G1.** City of Hialeah Educational Academy goal is to increase student achievement by improving school wide core instruction in all content areas.
- G2.** City of Hialeah Educational Academy goal is to use the Early Warning System to decrease the total number of absences/tardies and behavior issues that result in a referral/ detention as indicated by Early Warning System (EWS) to improve student achievement.
- G3.** City of Hialeah Educational Academy goal is to increase student achievement in the area of STEM/CTE by providing the students with project-based instruction and an active hands-on learning environment in the areas of science, technology, engineering and mathematics incorporating a problem-solving approach to learning in collaborative formats.
- G4.** City of Hialeah Educational Academy will adhere to the District Goal being that we are a Title 1 school. City of Hialeah Educational Academy goal is to build stronger family and community involvement in all aspects of school programs and activities by assisting parents in supporting student achievement.

Strategic Goals Detail

For each strategic goal, this section lists the associated targets (i.e., "SMART goals"), resources available to support movement toward the goal, barriers to achieving the goal, and the plan for monitoring progress toward the goal

Targeted Barriers to Achieving the Goal 3

- For the 2013-2014 school year, FCAT Reading 2.0 levels 3-5 reading proficiency for grades 6-10 was 50%. Students had difficulty analyzing, inferring and responding to informational text using text-based evidence.
- For the 2013-2014 school year, the FCAT Writing level for 3.5 and above was 63%. Students had difficulty producing valid and reliable evidence-based argumentative and informative writing using mature vocabulary and proper grammatical structure.
- For the 2013-2014 school year, the FCAT Math level for 3 and above was 57%. Students had difficulty with the conceptual understanding of key mathematical concepts, procedural skills and fluency, and application of mathematical knowledge in solving problems.
- For the 2013-2014 school year, United States History EOC the student proficiency was at 78% and for Civics student proficiency was at 42%. Students have a limited knowledge of key terminology used in the study of United States History as well as in Civics.
- For the 2013-2014 Biology student proficiency was at 47%. The area of deficiency according to the 2013 administration of the Biology EOC baseline assessment is Molecular and Cellular Biology. Students need to develop their ability to distinguish characteristics of the domains and kingdoms of living organisms.
