SIP Authority and Template

Section 1001.42(18), Florida Statutes, requires district school boards to annually approve and require implementation of a school improvement plan (SIP) for each school in the district.

The Florida Department of Education (FDOE) SIP template meets all statutory and rule requirements for traditional public schools and incorporates all components required for schools receiving Title I funds. This template is required by State Board of Education Rule 6A-1.099811, Florida Administrative Code, for all non-charter schools with a current grade of D or F, or with a grade of F within the prior two years. For all other schools, the district may use a template of its choosing. All districts must submit annual assurances that their plans meet statutory requirements.

This document was prepared by school and district leadership using the Florida Department of Education's school improvement planning web application located at <https://www.floridaCIMS.org>.

Purpose and Outline of the SIP

The SIP is intended to be the primary artifact used by every school with stakeholders to review data, set goals, create an action plan and monitor progress. A corollary at the district level is the District Improvement and Assistance Plan (DIAP), designed to help district leadership make the necessary connections between school and district goals in order to align resources. The Florida Department of Education encourages schools to use the SIP as a “living document” by continually updating, refining and using the plan to guide their work throughout the year. This printed version represents the SIP as of the “Date Modified” listed in the footer.

Part I: Current School Status

Part I organizes the current status of the school around five domains inspired by the 5Essentials framework: Supportive Environment, Family and Community Involvement, Effective Leadership, Public and Collaborative Teaching, and Ambitious Instruction and Learning. Questions regarding the school’s Multi-Tiered System of Supports have been embedded throughout this part to demonstrate how data is used by stakeholders to understand the needs of all students and allocate appropriate resources in proportion to those needs.

Part II: Needs Assessment

Part II requires the school to review performance and early warning systems data in order to develop strategic goals and associated data targets (i.e., “SMART goals”) for the coming school year in context of the school’s greatest strengths and needs. An online tool was developed, which includes data visualizations and processing questions to support problem identification, problem analysis and strategic goal formulation.

Part III: 8-Step Planning and Problem Solving for Implementation

Part III enables the school to develop implementation plans for its highest-priority goals. With the overview of the current state of the school in mind and the strategic goals identified through the needs assessment, the planning team engages in a facilitated planning and problem-solving process, through which they

- Define strategic goals and establish targets to be reached by successfully achieving the goals (Step 1)
- Identify resources available to support the goals and barriers that could hinder achieving those goals (Step 2)
- Select high-priority barriers they want to address initially (Step 3)
- Design implementation and monitoring plans for strategies to resolve selected barriers (Steps 4-7)
- Determine how they will monitor progress toward each goal (Step 8)

Appendices

The following appendices, automatically-generated from content entered in Part III, are included in this document:

- Appendix 1 is a timeline of all action steps and monitoring activities
- Appendix 2 is an outline of all professional development opportunities and technical assistance items
- Appendix 3 is a report of the budget needed to implement the strategies

Differentiated Accountability

Florida’s Differentiated Accountability (DA) system is a statewide network of strategic support, differentiated by need according to performance data, and provided to schools and districts in order to improve leadership capacity, teacher efficacy and student outcomes. DA field teams collaborate with district and school leadership to design, implement and refine improvement plans, as well as provide instructional coaching, as needed.

DA Regions

Florida’s DA network is divided into five geographical regions, each served by a field team led by a regional executive director (RED).

DA Categories

Traditional public schools are classified at the start of each school year, based upon the most recently released school grades (A-F), into one of the following categories:

- Not in DA – currently A or B with no F in prior three years; charter schools; ungraded schools
- Monitoring Only – currently A or B with at least one F in the prior three years
- Prevent – currently C
- Focus – currently D
 - Planning – two consecutive grades of D (i.e., DD), or a grade of F immediately followed by a grade of D in the most recent grades release (i.e., FD)
 - Implementing – two consecutive grades of D in the most recent grades release preceded by a grade below C (i.e., FDD or DDD)
- Priority – currently F
 - Planning – declined to a grade of F in the most recent grades release and have not received a planning year or implemented a turnaround option during the previous school year
 - Implementing – two consecutive grades of F (i.e., FF), or three consecutive grades below C with an F in the most recent grades release (i.e., FDF or DDF)

DA Turnaround and Monitoring Statuses

Additionally, schools in DA are subject to one or more of the following Turnaround and Monitoring Statuses:

- Former F – currently A-D with at least one F in the prior three years; SIP is monitored by FDOE
- Planning – Focus Planning and Priority Planning; district is planning for possible turnaround
- Implementing – Focus Implementing and Priority Implementing; district is implementing the Turnaround Option Plan (TOP)

Supportive Environment

School Mission and Vision

Provide the school's mission statement

South Miami Middle Community School provides opportunities for every student to become a responsible thinking citizen through an extended family of teachers, parents, students, community and business leaders working and learning together in a safe, caring environment to develop knowledge of careers, technology, the arts and social skills as they relate to the world of work and individual future planning.

Provide the school's vision statement

In the pursuit of excellence and the belief that every child can learn, South Miami Middle Community School strives to guide students to be lifelong learners who are ever reaching beyond the mark of excellence. Our school operates on the fundamental principles of truth, honesty, integrity and community. Students are empowered to believe that they are responsible for their success, challenges and future aspirations.

School Environment

Describe the process by which the school learns about students' cultures and builds relationships between teachers and students

South Miami Middle Community School values all students and their cultures. Our school fosters relationships between teachers, students and community. Parents and families are invited to participate in a variety of school-wide events such as Open House, EESAC meetings, PTA Events, field trips, performances and assemblies where students are recognized for their successes.

Describe how the school creates an environment where students feel safe and respected before, during and after school

At South Miami Middle Community School safety is a priority. A safety committee is in place and meets four times a year to review safety issues and make recommendations for improvement. Security monitors are located throughout the building before, during and after school hours. There are two fulltime counselors that provide students with curriculum on bullying, character education, and other issues of importance to our students. Additionally there is a school-wide discipline plan implemented with assistance from a full-time SCSi instructor that ensures students are treated fairly and consequences are consistent throughout the school. An afterschool program is offered through the community school which allows for student supervision, homework help and a myriad of activities from dismissal until 6pm.

Describe the schoolwide behavioral system in place that aids in minimizing distractions to keep students engaged during instructional time. This may include, but is not limited to, established protocols for disciplinary incidents, clear behavioral expectations, and training for school personnel to ensure the system is fairly and consistently enforced

At South Miami Middle Community School a school-wide discipline plan has been developed, and is implemented with assistance from a full time SCSi instructor, to ensure consistency in enforcing the Miami Dade County Public School Code of Student Conduct. The plan is posted in all classrooms, is printed in student agendas and is distributed to parents. Students have clear behavioral expectations on how to conduct themselves in classrooms, hallways, cafeteria, media center, etc.

Describe how the school ensures the social-emotional needs of all students are being met, which may include providing counseling, mentoring and other pupil services

South Miami Middle Community School ensures that social-emotional needs of all students are being met by conducting structured activities such as individual counseling, group counseling, and classroom presentations. These activities promote positive mental health which contributes to the development of skills that enable students to make appropriate decisions that lead to academic success. The school counselor also provides parents with needed information to seek assistance from outside sources.

Early Warning Systems

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(ii)(III), (b)(1)(B)(iii)(I), and (b)(1)(I).

Describe the school's early warning system and provide a list of the early warning indicators used in the system

A variety of warning systems are established at South Miami Middle Community School to address students in each of the grade levels that may be demonstrating signs of failure. On a daily basis, an attendance bulletin is completed and shared with the teachers that allows for daily monitoring. Our Social Worker also monitors and addresses students with excessive absences via home visits and phone calls to the homes. Teachers are also encouraged to refer students to the Administration that acquire excessive absences or tardies. Academically, students scoring level 1 in English Language Arts and Math are placed in Tier 2 interventions which can include pull-outs additional tutoring and intensive math and reading courses added to their schedules. The School Support Team (SST) will provide Tier 3 interventions to any students who do not demonstrate progress via the Tier 2 interventions.

Provide the following data related to the school's early warning system

The number of students by grade level that exhibit each early warning indicator:

Indicator	Grade Level			Total
	6	7	8	
Attendance below 90 percent	10	22	9	41
One or more suspensions	0	0	0	
Course failure in ELA or Math	25	21	24	70
Level 1 on statewide assessment	74	61	47	182
Failed 2 or more courses	10	13	14	37

The number of students identified by the system as exhibiting two or more early warning indicators:

Indicator	Grade Level	Total
Students exhibiting two or more indicators		

Describe all intervention strategies employed by the school to improve the academic performance of students identified by the early warning system

Students at South Miami Middle Community School, who are identified by the early warning system, are immediately placed in progress monitoring by our Student Services Department and Administration. Individual tutoring by our staff as well as in our community school are offered to those students. In addition, all students who scored a 1 in Reading receive an additional class in intensive reading. Those who scored a 1 in Math are placed in lower level math courses and provided with pull-

out tutoring. Students who demonstrate attendance issues are placed on attendance contracts and also are assigned to School Social Worker for additional services. The School Support Team meets with parents and teachers of students to ensure that students' needs are met.

Family and Community Involvement

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(B)(iii)(I)(aa).

Describe how the school works at building positive relationships with families to increase involvement, including efforts to communicate the school's mission and vision, and keep parents informed of their child's progress

Title I schools use the Parent Involvement Plan (PIP) to meet the requirements of 20 U.S.C. § 6314(b)(1)(F).

Will the school use its PIP to satisfy this question?

No

PIP Link

The school completes a Parental Involvement Plan (PIP), which is available at the school site.

Description

South Miami Middle School has an active magnet program. Monthly magnet booster meetings are held for Drama, Broadcast, Orchestra, Band, Chorus, Photography, Dance and Art. Approximately 15% of the parents attend the meetings on a regular basis. The goal is to increase participation in meetings to 30%. Attendance Rosters for each meeting are kept and will be monitored on a monthly basis. There is also an active PTSA board this year. President and board were able to recruit members at new student orientation meeting and the goal is to increase membership in PTSA by 10% by the end of the school year. PTSA goal is also to offer additional parent involvement opportunities through school wide events and fund raisers that have been planned for the 2014-2015 school year.

Describe the process by which the school builds and sustains partnerships with the local community for the purpose of securing and utilizing resources to support the school and student achievement

Our school consistently uses the Blackboard Connect Ed service to communicate with faculty, students and family members. Important messages are scheduled monthly that inform and increase parental involvement in all school projects. Our PTSA has grown to approximately 250 members. In addition, our EESAC group has new business partners that are committed to working with us on the school's mission and vision. Winn Dixie and Mass Mutual are among the business partners that are a part of our EESAC group. At the EESAC meetings, parents and community members are informed about school improvement projects. In addition, SMMCS has affiliated agreements with the Miami Dade Drug Coalition program. Their purpose is to educate students and their families about the dangers of drug and alcohol abuse through a free after school drama program. SMMCS is also currently working on an affiliated agreements with ROXY theatre that will also provide free dance, music and voice classes at our facility. Recently, our campus has been greatly improved with the help of our students and community members. The school's beautification project brought faculty, families and business partners together for a productive school improvement project.

Effective Leadership

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(H).

School Leadership Team

Membership

Identify the name, email address and position title for each member of the school leadership team.:

Name	Title
Boue, Juan	Principal
Arttime, Iliana	Assistant Principal
Perez-Sanz, Ingrid	Assistant Principal
Felipe-Lima, Angela	Assistant Principal
Davis, Tenaj	Teacher, K-12
Gutierrez, Andria	Paraprofessional
Valdes-Vega, Jessica	Teacher, K-12
Marshall, Tina	Guidance Counselor
Page, Marsha	Teacher, ESE

Duties

Describe the roles and responsibilities of the members, including how they serve as instructional leaders and practice shared decision making

Tier 1(Leadership Team)

- Administrator(s) (Principal Juan Carlos Boué, Assistant Principals: Iliana Arttime, Angela Felipe-Lima and Dr. Ingrid Perez-Sanz) will schedule and facilitate regular Rtl meetings, ensure attendance of team members, ensure follow up of action steps, allocate resources.

In addition to the school administrator(s) the school's Literacy Leadership Team will include the following members who will carry out SIP planning and MTSS problem solving

- School reading, math, science, social studies and behavior specialists (Daisy Budino, Nicolette Hardy, Michael Shaheen, Claire Greenberg, Dr. Davis)
- Special education personnel (Roxana Tolton, Marsha Page)
- School guidance counselors (Tina Marshall, Nattacha Lezcano)
- School psychologist
- School social worker (Zuany Haspil)
- Member of advisory group, community stakeholders, parents (Jessica Valdes -Vega)
- In addition to Tier 1 problem solving, the MTSS Leadership Team members will meet periodically to review consensus, infrastructure, and implementation of building level MTSS.

Tier 2

Selected members of the MTSS Leadership Team will conduct regular meetings to evaluate intervention efforts for students by subject, grade, intervention, or other logical organization.

In addition to those selected other teachers will be involved when needed to provide information or revise efforts.

Tier 3 SST

Selected members of the Leadership Team, Tier 2 Team, and parent/guardian make up the Tier 3 SST Problem Solving Team.

Describe the process through which school leadership identifies and aligns all available resources (e.g., personnel, instructional, curricular) in order to meet the needs of all students and maximize desired student outcomes. Include the methodology for coordinating and supplementing federal, state and local funds, services and programs. Provide the person(s) responsible, frequency of meetings, how an inventory of resources is maintained and any problem-solving activities used to determine how to apply resources for the highest impact

The MTSS Leadership Team use the Tier 1 Problem Solving process to set Tier 1 goals, and monitors academic and behavioral data to evaluate progress towards those goals at least three times per year by:

1. Holding regular team meetings where problem solving is the sole focus.
2. Using the four step problem solving process as the basis for goal setting, planning, and program evaluation during all team meetings that focus on increasing student achievement or behavioral success.
3. Determining how we will know if students have made expected levels of progress towards proficiency? (What progress will show a positive response?)
4. Respond when grades, subject areas, classes, or individual students have not shown a positive response? (MTSS problem solving process and monitoring progress of instruction)
5. Responding when students are demonstrating a positive response or have met proficiency by raising goals or providing enrichment respectively.
6. Gather and analyze data at all Tiers to determine professional development for faculty as indicated by group or individual student diagnostic and progress monitoring assessment.
7. Ensure that students in need of intervention are actually receiving appropriate supplemental Tier 2 intervention. Gather ongoing progress monitoring (OPM) for all interventions and analyze that data using the Tier 2 problem solving process after each OPM.

Tier 2

The second level of support consists of supplemental instruction and interventions provided in addition to and in alignment with effective core instruction and behavioral supports to groups of targeted students who need additional instructional and/or behavioral support. Tier 2 problem solving meetings occur regularly (monthly is suggested) to:

1. Review OPM data for intervention groups to evaluate group and individual student response.
2. Support interventions where there is not an overall positive group response
3. Select students (see SST guidelines) for SST Tier 3 intervention

The school improvement plan (SIP) summarizes the school's academic and behavioral goals for the year and describes the school's plan to meet those goals. The specific supports and actions needed implement the SIP strategies are closely examined, planned, and monitored on the MTSS Tier 1 worksheets completed three times per year. The MTSS Problem-Solving process is used to first carry out, monitor, and adjust if necessary, the supports that are defined in the SIP. Annual goals are translated into progress monitoring (3 times per year) and ongoing progress monitoring measures (approximately once per month) that can reliably track progress on a schedule based on student need across Tiers.

Tier 2 supports are provided to students who have not met proficiency or who are at risk of not meeting proficiency.

Finally, MTSS End of Year Tier 1 problem solving evaluates the SIP efforts and dictates strategies for the next year's SIP. At this time, previous years trend data across grade levels is used to examine impact grades for support focus or prevention/early intervention efforts.

While the SIP plan does not focus on the primary (untested) grades, the MTSS leadership team extends the intent of the SIP to kindergarten, first, and second grades as they contribute extensively to later grades performance and student engagement.

Title III funds are used to supplement and enhance the programs for English Language Learner (ELL) and Recently Arrived Immigrant Children and Youth by providing funds to implement and/or provide:

- tutorial programs (6-8)

The above service will be provided should funds become available for the 2014-2015 school year and should the FLDOE approve the application(s).

School Advisory Council (SAC)

Membership

Identify the name and stakeholder group for each member of the SAC.:

Name	Stakeholder Group
Juan Carlos Boué	Principal
Claire Greenberg	Teacher
Tenaj Davis	Teacher
Joshua Paolino	Teacher
Connie Cardona	Teacher
Jenetia Carter	Teacher
Shawn Willson	Teacher
Josie Romero	Parent
Marisol Conde	Parent
Debbie Riedmiller	Parent
Patty Gassenheimer	Parent
Kristi Sellars	Business/Community
Richard Ward	Business/Community
Jairo Villaric	Business/Community
Remy Doue	Business/Community
Carlos Temperan	Business/Community
Martha Chavez	Education Support Employee

Duties

Provide a description of the SAC's involvement with the following activities, as required by section 1001.452(2), Florida Statutes

Evaluation of last year's school improvement plan

The School Advisory Council meets on a monthly basis with teachers, parents, students and community leaders to make decisions that affect instruction and delivery of programs at South Miami Middle Community School. The SAC discusses and evaluates the strategies listed on the School Improvement Plan. The SAC also makes decisions on how funds will be allocated at the school.

Development of this school improvement plan

The School Advisory Committee met at the end of the school year and discussed each School Improvement academic area. The committee reviewed the suggestions provided by the staff and discussed the strategies that should continue to be implemented and those that need to be modified or deleted.

Preparation of the school's annual budget and plan

The School Advisory Council reviews the annual budget and discusses ways to allocate funds. Funds are allocated based on immediate needs that benefit all students and impacts student achievement.

Describe the use of school improvement funds allocated last year, including the amount budgeted for each project

\$4858.00 will be allocated to assist with the implementation of the School Improvement Plan including \$1734.50 for student incentives, and \$3123.50 for instructional materials.

Verify that the school is in compliance with section 1001.452, Florida Statutes, regarding the establishment requirements and duties of the SAC

Yes

If the school is not in compliance, describe the measures being implemented to meet SAC requirements

Literacy Leadership Team (LLT)

Membership

Identify the name, email address and position title for each member of the school-based LLT.:

Name	Title
Boue, Juan	Principal
Artime, Iliana	Assistant Principal
Felipe-Lima, Angela	
Perez-Sanz, Ingrid	
Valdes-Vega, Jessica	Teacher, K-12
Budino, Daysi	Teacher, K-12
Wujnovich-Hardy, Nicolette	Teacher, K-12
Shaheen, Michael	Teacher, K-12
Greenberg, Claire	Teacher, K-12
Padilla, Sophia	Teacher, K-12
Diaz, Cecilia	Teacher, K-12
Lezcano, Nattacha	Guidance Counselor

Duties

Describe how the LLT promotes literacy within the school

The main focus of the Literacy Leadership Team for the 2014-2015 school year will be to provide a smooth transition to Florida Standards. Extensive year-long professional development activities that focus on Florida Standards will be incorporated based on data trends and needs. The LLT will continue to plan and promote the school-wide literacy plan as well as providing strategies in content and elective classes that stress writing across the curriculum. The LLT will ensure that time is provided for professional development and department meetings as well as opportunities for vertical and cross-curricular planning and professional growth opportunities..

Public and Collaborative Teaching

The school's response to this section may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(D).

Describe the school's strategies to encourage positive working relationships between teachers, including collaborative planning and instruction

At South Miami Middle Community School teachers, department chairs and administrators work together to ensure that students are provided with a comprehensive curriculum. The leadership team meets weekly to review data and provide instructional leadership. The school Curriculum Council meets monthly to plan effective strategies and rigorous activities. Teachers meet with members of their departments twice a month to discuss data driven and differentiated instruction and to collaborate on lesson plans. Administrators conduct 5 by 5 walkthroughs daily to develop a team atmosphere in which teachers and administrators examine instructional practice and student motivation. Walkthroughs are geared toward Improving the quality of conversations about instruction and the development of a common language around instruction.

Describe the school's strategies to recruit, develop and retain highly qualified, certified-in-field, effective teachers to the school

Teachers that are certified in clinical supervision work closely with local universities in order to mentor and provide opportunities and internships for highly effective student teachers. Department chairs support all teachers in their respective departments and serve as mentors for teachers that are new to our school. Meetings are held with new teachers once every nine weeks to assist with understanding the school procedures and practices.

Describe the school's teacher mentoring program, including the rationale for pairings and planned mentoring activities

Department chairs work closely with teachers that are new to the school to assist them in understanding school wide initiatives and procedures.

Ambitious Instruction and Learning

Instructional Programs and Strategies

Instructional Programs

Describe how the school ensures its core instructional programs and materials are aligned to Florida's standards

At South Miami Middle Community School the instructional program and materials are aligned to the Florida Standards. District pacing guides are used for instructional focus. District adopted instructional books and materials are also being used by the school. All instructional supplemental material purchased are aligned with the Florida Standards. Instructional technology programs and software used at South Miami Middle Community School are aligned with the Florida Standards.

Instructional Strategies

Describe how the school uses data to provide and differentiate instruction to meet the diverse needs of students. Provide examples of how instruction is modified or supplemented to assist students having difficulty attaining the proficient or advanced level on state assessments

At South Miami Middle Community School students are provided with rigorous, data driven instruction in the English Language Arts, Mathematics, Science and Social Science classrooms. Classroom, district and state assessment data is analyzed and disaggregated to differentiate instruction and target areas of weakness. Students meeting and exceeding grade level standards are provided with enrichment activities and honors courses to maintain high academic achievement.

Provide the following information for each strategy the school uses to increase the amount and quality of learning time and help enrich and accelerate the curriculum:

Strategy: After School Program

Minutes added to school year: 3,000

Homework help is offered after school in Mathematics and Reading. Academic tutoring as well as a myriad of Enrichment classes are offered after school through our Community School. Programs for at-risk students are also offered in collaboration with Community partners and special grants such as Title III.

Strategy Rationale

To challenge students and maintain proficiency status.

Strategy Purpose(s)

- Core Academic Instruction
- Enrichment

Person(s) responsible for monitoring implementation of the strategy

Perez-Sanz, Ingrid, ipsanz@dadeschools.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Students who participate in afterschool assistance and enrichment programs are monitored using District and State test result data reports. Student weaknesses are identified and programs are implemented using research based strategies.

Strategy: Before School Program

Minutes added to school year: 2,000

Students are provided the opportunity to attend the computer lab every morning from 7:30am to 8:15 am to work on technology programs to increase student achievement in the areas of math and reading.

Strategy Rationale

Increase student achievement in reading and math.

Strategy Purpose(s)

- Core Academic Instruction

Person(s) responsible for monitoring implementation of the strategy

Arttime, Iliana, iartime@dadeschools.net

Data that is or will be collected and how it is analyzed to determine effectiveness of the strategy

Data collected to ensure the effectiveness of the strategy discussed above includes web based research program reports generated by the assistant principal monthly. Instructional strategies are then aligned to drive instruction.

Student Transition and Readiness

PreK-12 Transition

The school's response to this question may be used to satisfy the requirements of 20 U.S.C. § 6314(b)(1)(G).

Describe the strategies the school employs to support incoming and outgoing cohorts of students in transition from one school level to another

South Miami Middle Community School conducts weekly tours from October to January where fifth grade elementary school students and their parents spend a morning visiting eight Magnet classrooms. They have an opportunity to meet teachers and students and see Magnet classes in action. In addition to this we host a fifth grade field trip where students who are interested in the photography program can come and spend time in the photography classroom and complete a take home project. Magnet auditions are held in February and parents are given a brief orientation as they wait for their students to complete their audition. In the Spring we hold a Magnet Orientation in the evening for students who have been accepted into one of our Magnet Programs. Counselors visit our main feeder schools in order to advise and assist students with scheduling. Before school starts in August, new parents and students are invited to an orientation. We also have orientation assemblies by grade level for all students in September.

Our Counselors network with elementary schools and high schools and transition activities are planned. . Students are invited to visit several high schools on field trips. South Miami Middle Community School hosts an academic Magnet Fair and an Arts Magnet Fair where High Schools have an opportunity to present their programs to our eighth grade students. Our counselors and SPED teachers participate in all district articulation activities both with our feeder elementary schools and receiving high schools.

College and Career Readiness

Describe the strategies the school uses to advance college and career awareness, which may include establishing partnerships with business, industry or community organizations

Counselors work with students, parents and teachers to assure that students are taking classes that are meaningful and relevant to their future. High School level classes are also offered so that students can engage in developing a personally meaningful course of study so they can achieve goals they have set for themselves.

Identify the career and technical education programs available to students and industry certifications that may be earned through those respective programs

South Miami Middle Community School has a performance based Magnet Program that offers students the opportunity to audition for one of eight strands including Art, Band, Broadcast, Chorus, Dance, Drama, Orchestra, and Photography. Students choose one strand to audition for based on their goals, interests and talents.

Describe efforts the school has taken to integrate career and technical education with academic courses (e.g., industrial biotechnology) to support student achievement

N/A

Describe strategies for improving student readiness for the public postsecondary level based on annual analysis of the [High School Feedback Report](#), as required by section 1008.37(4), Florida Statutes

All students who are eligible for high school courses at South Miami Middle Community School will be enrolled in high school courses and will receive differentiated, data driven, targeted instruction to assure success on End of Course Exams.

School Improvement Goals

The following key is intended to help readers understand how the sections of this document correspond to the steps of the 8-step planning and problem-solving framework used in the School Improvement Plan. The Quick Key numbers can help registered users go directly to the point of entry for any given goal, barrier and strategy within the online survey.

Action Plan for Improvement

For each strategy selected in the plan to reduce a targeted barrier to a strategic goal, this section lists the rationale for that strategy (i.e., why the school believes it will reduce the barrier) and the action steps that have been identified as necessary to implementing the strategy, including details such as the point person, timing and duration, and evidence of completion. At the end of each set of action steps is the plan for monitoring the implementation and effectiveness of the respective strategy.
